Upon motion of Senator Huffman, seconded by Mr. Ketner, these recommendations of the President were approved by unanimous vote.

* * * * *

Upon motion of General Dargusch, seconded by Senator Huffman, the Board requested Vice President Stradley to prepare a report for the Board, showing the sources, procedures and use of Scholarship Funds.

* * * * *

Vice President Stradley indicated that Garrick Agnew had applied for an award from the Derby Scholarship Fund to be used in connection with his study at Harvard University during the academic year 1952-1953. He stated that a \$400 award from the Derby Fund for the year 1952-1953 had been approved for Miss Mary Elizabeth Meek and further stated that the income available from the fund for the year 1952-1953 would be \$797.21.

In view of the fact that sufficient funds are available and that Garrick Agnew is an outstanding student, Dr. Stradley recommended the approval of the use of \$300 for a scholarship from the Derby Fund for the academic year 1952-1953 for Garrick Agnew.

Upon motion of Mr. Kettering, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

* * * * *

President Bevis presented a progress report prepared by the special committee appointed to make a study of the teaching and re-

search program of the Institute of Hydrobiology, and stated that another report from the committee will be presented at a future meeting of the Board.

* * * * *

Upon motion of Senator Huffman, seconded by Mr. Kettering, the Board by unanimous vote reaffirmed the following policy governing the use of Gibraltar Island, which policy was originally adopted by the Board of Trustees on September 7, 1929:

Mr. Atkinson presented the following motion which was seconded by Mrs. Paterson, and upon roll call was unanimously adopted:

That the Board of Trustees in accepting the above conveyance, and realizing fully the underlying motives which prompted Mr. Stone in making the gift of Gibraltar Island to the University for the purpose of housing the Lake Laboratory, hereby declares the following policy:

That the Island be used exclusively for the purpose of conducting said laboratory, and shall not be used as a public resort, and the buildings thereon shall be used only by students and professors when actually engaged in the regular prescribed work of the laboratory, and by the Board of Trustees as outlined in the above conveyance.

Canton Elevator & Manufacturing Company.....\$ 3,690.00
To be paid from F-1 Building Repairs, H. B. 671

Upon motion of Senator Huffman, seconded by Mr. Black, the above actions of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet met on July 7, 1952, for the purpose of opening bids on Roof Repair on Industrial Engineering Building, Starling-Loving Hospital, Part of the Roof on Lord Hall, and Pomerene Hall, and New Roof, Gutters and Downspouts on Veterinary Laboratory. The following bid was received:

<i>Bidder</i>	<i>Amount of Bid</i>
George Snyder & Sons Company.....	\$14,182.00

The Engineer's estimate for the above project was \$13,500.00. Although the project was advertised for thirty days, there were only two companies that took out specifications and, as shown above, only one bid was received. It is the opinion of the Director of Physical Plant that neither a lower bid nor wider competition would be obtained if the project were readvertised.

In accordance with the recommendation of the University Cabinet, approval of the Controlling Board was requested and granted (Request 182) for authority to enter into a contract with the George Snyder & Sons Company for Roof Repair on Industrial Engineering Building, Starling-Loving Hospital, Part of the Roof on Lord Hall, and Pomerene Hall, and New Roof, Gutters and Downspouts on Veterinary Laboratory, in the amount of \$14,182.00, notwithstanding the fact that this bid is in excess of the filed estimate of cost.

The project is payable from F-1 Roof Repairs, H. B. 671.

Upon motion of Senator Huffman, seconded by Mr. Black, the above actions of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet met on July 7, 1952 for the purpose of opening bids on Replacing Steam Line from Agricultural Laboratory to Poultry Building. The following bids were received:

<i>Bidder</i>	<i>Amount of Bid</i>
Sauer Company, Incorporated	\$29,800
Lieb-Jackson Company	26,781
The Huffman-Wolfe Company	25,700

The Engineer's estimate for the above project was \$25,000. There were five companies that took out plans and specifications on this project and, as shown above, only three bids were received, all of which exceed the estimate of cost filed with the Auditor of State. It is the opinion of the Director of Physical Plant that neither a lower bid nor wider competition would be obtained if the project were re-advertised.

In accordance with the recommendation of the University Cabinet, approval of the Controlling Board was requested and granted (Request No. 183) for authority to enter into a contract with the low bidder, The Huffman-Wolfe Company, for Replacing Steam Line from Agricultural Laboratory to Poultry Building, in the amount of \$25,700, notwithstanding the fact that this bid is in excess of the filed estimate of cost.

The project is payable from F-9 Other, H. B. 671.

Upon motion of Senator Huffman, seconded by Mr. Black, the above actions of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Remodeling Student Services Building	\$115,000—General 14,600—Heating 16,250—Plumbing 15,150—Electrical	G-2-21 Rehabilitation of Existing Buildings, H. B. 672

Upon motion of Mr. Kettering, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

Upon motion of Mr. Kettering, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager recommended the following transfers from Rotary 804:

\$64,316—from Rotary 804 (Rotary 8230, Residence Halls) to G-2-H Remodeling Oxley Hall, H. B. 671 for award of General and Sprinkler System Contracts for Oxley Hall.

\$10,670—from Rotary 804, (Athletic Department funds) to F-1-H Repairs to Stadium, H. B. 671, for award of contract covering Patching and Repairing of Areas Underneath a Portion of C Deck of the Stadium.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendation was unanimously approved.

In making the biennial budget, it was agreed by the President's office that certain positions affecting student activities be transferred to the A-1 payroll. A closer scrutiny of the resources available for the 1952-1953 budget led to the postponement of this plan as of July 1, 1952. However, there can be no doubt that the positions which were to have been transferred are proper A-1 expenditures and the principle underlying the transfers should be recognized.

In view of the fact that there will be less student activities fee money, the situation in certain of these areas has become quite acute. Therefore, it has been agreed that there will be established a rotary fund known as the "Student Activities Special Rotary 12998" for the purpose of covering certain of these positions. The transfers to be effected are as follows:

Ohio Union

Frederick Stecker, Director	\$11,628
Helen Ross, Program Director	3,312
Graduate Assistant	900

Student Health

Dr. J. W. Wilce, Director	8,928
---------------------------------	-------

I.B.M. for Registrar and Occupational Opportunities

Tabulating Machine Operator	2,760
Key Punch Operator	2,304

Student Auditor's Office

Barbara Boughton, Accountant II	4,320
---------------------------------------	-------

\$34,152

It is recommended, therefore, that there be transferred from Rotary 15951 (Bookstore Rotary) the following amounts to cover the transfer of key personnel directly associated with student activities:

First Quarter	\$ 8,538
Remainder of year	25,614

\$34,152

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager recommended that the following employees of the University be appointed Special Police Officers in accordance with Section 4863-3-4 of the General Code of Ohio

The Vice President and Business Manager presented the following recommendation:

It is recommended that Jacob B. Taylor, Vice President and Business Manager, be authorized to make application to John Hancock Mutual Life Insurance Company for the withdrawal of \$25,000 from the premium reserve on Group Life Insurance Policy No. 1305-G in order to make expenditures for the increased amount of \$204 annually to retired members and for the death benefits of deceased members. This program was provided for by previous action of the Board of Trustees.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

On May 12, 1952 the Board authorized the appointment of a committee to study the matter of insurance on buildings and properties of the University with the thought in mind that a program of self-insurance might be developed.

The Vice President and Business Manager reported that, in ac-

cordance with this interest on the part of the Board, a binder for \$3,500,000 had been placed on the Ohio Union Building for a period of sixty days ending September 23, 1952. This action was taken to protect the University from loss until such time as the Board of Trustees considers the general policy of insurance on buildings, equipment and inventories.

Upon motion of Senator Huffman, seconded by Mr. Black, the Board approved the action of the Business Office in placing the Ohio Union Building under binder and authorized entering into an insurance contract as follows:

Fire and Extended Coverage (Building & Equipment) 80%
 Vandalism and Malicious Mischief
 Business Interruption

The Vice President and Business Manager was directed to continue the study and bring in further information concerning insurance coverage of University property at the Wooster meeting of the Board.

The Vice President and Business Manager notified the Board that a request had been received by President Bevis through the office of the Dean of the College of Medicine for the establishment of a program of Aviation Medicine at the Ohio State University. This request comes from the Medical Division of the Civil Aeronautics Administration in Washington, D. C. It would involve space at Don Scott Field for equipment and office space in one of the buildings in the Veterans Village.

It is recommended that President Bevis be given the authority to negotiate with the Civil Aeronautics Administration to determine the basis upon which such a course might be developed; the cost of such a development and how said cost would be shared between the participating parties, and report back to the Board of Trustees when negotiations are ready for final action.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendation was unanimously approved.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the Board by unanimous vote adopted the following resolution:

Whereas. In his last will and testament Ralph D. Mershon, deceased, expressed the wish and desire that his home on Tigertail Avenue, Coconut Grove, Miami, Florida, be retained by the Ohio State University under the management of the Office of the President, for the temporary use of the administrative officers and members of the staff of the University; but

Whereas, The said last will and testament vests in the Board of Trustees of the University full and complete power and authority to determine whether such use of this property should be made; and

Whereas, It appears to the Board of Trustees impractical under all the circumstances to devote said property to such use; now

Therefore, Be it resolved that the Board express in this permanent record its gratitude to Colonel Mershon for his thoughtfulness and consideration; and

That, It is the determination of the Board that the property ought to be disposed of by sale and the proceeds placed in the corpus of the estate to be used as the will directs; and

That, The executors of the said estate be advised of this determination and requested to dispose of said property under the terms of Item 6 of said last will and testament.

The Vice President and Business Manager submitted the following report:

On July 16, 1942, James W. and Hannah Davis conveyed to the State of Ohio for the use of the Ohio State University 9.75 acres, subject to a life estate of the home and garden plot of approximately 1 acre, for the payment of an annuity of \$87 per month payable to either as long as he or she shall live.

On August 5, 1952, Hannah Davis was deceased and the title to this life estate thereby passes to the State of Ohio for the use of the Ohio State University.

The necessary and proper steps to have the title to this property transferred to the State of Ohio (Ohio State University) are being taken.

On October 15, 1951 the Board of Trustees authorized the Vice President and Business Manager to make a purchase of bonds in the amount of \$500,000 as a temporary investment out of dormitory funds, on the following basis:

Par value	\$500,000.00
Premium	1,875.00
Accrued interest	989.01
	<hr/>
	\$502,864.01

It was also reported that \$250,000 in bonds from funds for the Department of Athletics had been purchased on recommendation of Athletic Director and the Athletic Board, on the following basis:

Par value	\$250,000.00
Premium	390.63
Accrued interest	1,864.81
	<hr/>
	\$252,255.44

Upon motion of General Dargusch, seconded by Mr. Ketner, the above purchases were unanimously approved.

In connection with the purchase of bonds, the Vice President and Business Manager was asked to investigate the possibility of converting the coupon bonds held for the various funds of the University into registered bonds and to report back to the Board of Trustees at the next meeting.

Thereupon the Board recessed to meet September 3.

September 3, 1952

The Board resumed its session, with the same members present as at yesterday's meeting.

Upon invitation from the Board Dr. Thomas H. Langlois, Director of the Franz Theodore Stone Institute of Hydrobiology, now came

into the meeting and made an informal report on the work and the progress made by the Lake Laboratory from its beginning up to the present time.

After answering many questions from the members, the Chairman thanked Dr. Langlois for his very clear presentation.

Vice President Stradley now presented a very interesting report on the subject of student enrollment. He indicated that at this date the registration of new students for the coming fall quarter exceeds that of last year.

President Bevis presented the following statement and resolution and recommended approval thereof:

The members of the Board have examined with pleasure the History of The Ohio State University, 1873-1948, written by Professor James E. Pollard. It was the consensus of opinion that a short readable history such as this fills a definite need and that in writing this book Professor Pollard has made a great contribution to the University.

In recognition of his painstaking effort, his skill and judgment in the selection of materials, and his loyal service, be it

Resolved, that Professor Pollard be given the cordial thanks and the warm commendation of the Board of Trustees.

Upon motion of General Dargusch, seconded by Mr. Ketner, the above resolution was adopted by unanimous vote.

President Bevis now presented the following observations relating to the Ohio State University, and the Board, by general agreement, directed the Secretary to incorporate them in the Minutes of this meeting.

Assuming that our country does not again become involved in an "all out" war, the Ohio State University appears to be approaching a new norm. For the last ten years, there have been no normal conditions. Preparation for war, the war itself, the post-war readjustment, the building program, and the veterans' bulge have all created unusual conditions. I believe it is fair to say that in the main the University has made of these unusual conditions stepping stones rather than stumbling blocks.

Prior to 1941 the University had a normal student population approximating 13,000 each fall quarter, or 18,000 for a full year's registration. These numbers declined during the war years to approximately 7,000 students, of whom two-thirds were women, and suddenly shot up to almost 26,000 students at the peak of the veterans' bulge. Arithmetically, the veteran enrollment is about over. We appear to be entering upon a new peace-time norm which for the current fall quarter appears to be about 17,000 students. Insofar as statistics are a trustworthy guide, we ought not to vary radically from this norm for the next five or six or seven years. By about 1958, however, we shall in all probability begin to feel the effects of the war-time birth rate. This factor combined with the higher percentage of eligibles who increasingly attend college and the higher percentage of students who apply to publicly supported institutions indicates an enrollment in the 1960's larger than any the University has ever had in its history.

We are, therefore, confronted with the immediate problem of a decreased enrollment and the long-range problem of an increased enrollment. The decreased enrollment presents an obvious difficulty in maintaining our present financial position. The prospect of an increased future enrollment makes it mandatory that we maintain our organization and build up our facilities to meet the coming need.

Some impact on this situation will be made by the veterans of the Korean War but for the present this element does not seem greatly to change the foregoing.

We are now engaged in the preparation of our budget requests to the next session of the Legislature. The elements of this problem will be presented to the Board in due course from time to time, and I shall only say here that we must look forward to a fairly strenuous time next spring. Legislators tend to be impressed by gross enrollment figures and obviously our figures will be smaller this year than they were two years ago. At the last session, however, we were confronted by a similar situation as compared to the session preceding that, and we were able to convince the state authorities that inflationary costs and the necessity of maintaining our comparative standing with similar universities warranted a larger appropriation for operating expenses than we had received during the veterans' bulge. We are now preparing a statement of our case which we hope will bring about a similar result this time.

The comparative analysis of our expenditures now and those five years ago indicates clearly the areas of largely increased cost. Our Physical Plant, which is approximately 40 per cent larger than it was five years ago, entails additional expense and the price and salary levels compound this difficulty.

We have, with the Board's approval, made significant increases in the salary levels of our teaching staff and feel that in this respect we are "respectable," although we still lag behind the most of our competitors. During the years 1945-1947 we increased the salary budgets of the five undergraduate colleges by about 33 per cent. The major part of this addition went into salaries in the lower brackets. In these last five years, we have made further increases in these teaching salaries, but largely in the upper brackets. These increases in the last five years, however, have added only an additional 3.1 per cent for the teaching departments, excluding research, and 4.1 per cent including research.

The corresponding increase in the last five years in the professional colleges—Dentistry, Law, Medicine, Pharmacy and Veterinary Medicine—not including the Hospital, is 73 per cent. This is on top of an increase of about 20 per cent during the years between 1945 and 1947. The percentage of increase for the Hospital is 322 per cent. The total increase for the University is 33 per cent. The detail of this analysis is available for the Board's study.

It is in these professional areas, particularly the medical areas, that we experience the greatest public pressure for expansion. One of our problems is how to provide proper expansion without seriously endangering the other teaching and research programs of the University. The total number of students in the five professional colleges is 1692.* Comparing this number with the total enrollment of the

* Law—393; Medicine—459; Dentistry—376; Veterinary Medicine—276; Pharmacy—188.

University, it will be seen that the interests of the larger number have to be kept in mind.

The buildings which we set out to construct as soon as possible at the end of the war are now, to all intents and purposes, completed and in use. The Board has been kept informed as to the details of this program and no extensive mention of it need be made here. The total cost of this construction exceeded, in dollars, the entire capital outlay for the physical plant prior to 1940. The total addition, however, to our space is about 40 per cent. Notwithstanding this increase in prices, we were fortunate in the prices we did obtain. Costs have advanced materially since our contracts were let.

We still have urgent building needs. Doubtless we always shall have as long as the University continues to thrive. However, the crying need for a Field House to round out our athletic equipment, the even more urgent need for a decent auditorium, and the need for additional dormitory space demand attention. Our common or University-wide facilities will be reasonably well cared for when these items are completed. As the Board has been advised, we think the prospects in these three areas are encouraging. None of these structures requires Legislative appropriation. The most urgent college need, in our judgment, continues to be adequate quarters or at least a beginning for adequate quarters for Veterinary Medicine. This need and that for a new Law School building have been considered by the Board and priorities have been established. What funds may be available for building purposes when the Legislature meets depends, in large measure, on the balance in the State Treasury and the degree of pressure for more state hospitals. We have, of course, a long list of construction projects for which urgent request is being made by those directly concerned.

It is my belief that the quality of our teaching program as a whole has improved over the years. The salary changes which we have put into effect are a vital factor in helping us to get and to keep ranking teachers. We are accustomed to comparing our quality with that of other schools in scientific and professional areas, but it comes as a surprise to a good many people to be told that our Department of English, for example, ranks with the very best throughout the country. Men in position to know—such, for example, as President Hatcher of the University of Michigan—assure me that our Department of English will stand comparison with that of Harvard or any other university in the country.

Measured in financial terms, our research program is more than thirty times what it was ten years ago. Measured in terms of its scientific contribution, one can only say that it has made great progress. The Research Foundation, through which our sponsored research has been handled, has been in existence since 1939. During that period, it has had phenomenal growth but its relations with the rest of the University have been established from time to time by trial and error. These relations, on the whole, are reasonably satisfactory, but it has been felt that in the light of thirteen years' experience the organizational structure of the Foundation ought to be re-examined, and such re-examination is now being made. A report should be forthcoming in the near future.

Under the Board's direction, we are proceeding with the formulation of plans for the utilization of the television wave length assigned to the Columbus area for educational purposes. As previously

indicated, we intend to file our application well within the time limit but we want to hold back as far as possible in order to take advantage of technical improvements and such other new conditions as may arise.

It is hoped that an arrangement may be worked out with the other state universities whereby they too can secure such funds as may be necessary for their television purposes, and that all of the state universities can co-operate in providing educational television for the entire state. We hope, too, that it may be possible to bring the non-state schools into such a co-operative system. Speaking for ourselves, we should be happy to provide television facilities for the nearby non-state schools. We do not, however, want to share management of the station. A joint management would create serious difficulties. Co-operation in providing programs would benefit both these other schools and ourselves.

Athletics appears, for the present, to be on as nearly an even keel as it ever is. Ohio State made significant contributions to the final outcome of the Olympic games in Helsinki and it is a matter of some pride with us that Ford Konno finally put the United States first in the scoring league. The contribution of Mike Peppe in coaching the American divers and of Larry Snyder is coaching track men are also matters of pride. Both of these men represent American amateur sport at its best.

We are happy that the recent revelations of "scandal" in collegiate athletics throughout the country have thus far not involved The Ohio State University.

A significant step in the direction of control has, I think, been taken in the Big Ten. It has been my personal belief for several years that the powers of the Commissioner were too limited. Jurisdiction to take action directly affecting players themselves was conferred upon the Commissioner several years ago, but since his appointment and reappointment was in the hands of the athletic representatives of the universities, the extent to which he might want to exercise this power has been in some question. Under the new arrangement, the appointment of the Commissioner will be finally in the hands of the several presidents. This shift of ultimate responsibility will, I believe, have a beneficial effect.

I think it appropriate to mention again the morale of the student body. The period through which we are now passing is a difficult time for students. Practically all of them are confronted in one way or another with the problem of military service. We have in the past had our share of student demonstrations, but the wave of "raids" and other outbreaks which swept the country last spring passed without incident on our campus. This, I think, was in no small measure due to the forehanded and far-seeing plans initiated by Vice President Stradley and joined in by large numbers of student leaders.

In the general attention given to the more spectacular student activities such as athletics, it is gratifying to call attention to the quiet but widespread recognition of scholarship and educational accomplishment across the campus. I was particularly impressed last spring by a lovely dinner given by one of the sororities in honor of the currently outstanding woman student on the campus who was a member of a different sorority.

The forecast made by President Conant at the time of my inauguration that the fortunes of higher education would fall increasingly

into the hands of state supported institutions has been amply borne out since 1940, and the trend in the same direction is unabated. Privately supported institutions are having an increasingly difficult time to secure adequate financing. The idea sometimes expressed that the quantity job would be done in the state universities and the quality job in the private schools appears unreal. Not only are many of the state universities at their best fully equal in quality to the private institutions at their best, but the financial pressure on private schools, largely dependent on tuitions, make it increasingly difficult to maintain the standards desired. Public institutions, therefore, seem to be increasingly responsible for both quality and quantity. This casts a tremendous responsibility upon the management of the public universities. It has long been my conviction that the best results will be attained by having strong institutions both public and private. We have endeavored to help and co-operate with all neighboring private institutions which have the capacity to do adequate work. We shall continue to do so.

Year by year, however, leadership in this geographical area falls more and more into our hands. We have to keep this thought continually in mind in establishing both present and future policies.

General Dargusch offered the following resolution and moved its adoption:

WHEREAS, the Department of the Army is considering the conversion of the present Branch Material R.O.T.C. Training to Branch General and has requested that the University state its view thereon, and

WHEREAS, Ohio State men (Messrs. Mershon, Orton and Thompson) had a substantial part in drafting the plans for the R.O.T.C., and

WHEREAS, the University's catalog offers Military Science in various branches, and

WHEREAS, the University is composed of eleven colleges, many of which offer specialized training, and

WHEREAS, the present Branch Material R.O.T.C. Training permits students taking specialized training to select the branch most nearly related to their specialized training, and

WHEREAS, there is a definite esprit attached to identification with a specific organization, which is customarily lacking when an individual is assigned to a miscellaneous group;

Now, THEREFORE, BE IT RESOLVED, That the Board of Trustees vigorously oppose any action of the Department of the Army which would eliminate Branch Material R.O.T.C. Training at The Ohio State University.

The above motion was seconded by Senator Huffman and upon roll call the resolution was approved by unanimous vote of the Board.

General Dargusch was instructed to keep in touch with this matter and advise the Board from time to time concerning any developments.

The President now reported to the Board the death of Clarence Hamilton Kennedy, and in accordance with the recommendation of the

Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Clarence Hamilton Kennedy, Professor Emeritus of Entomology, on June 6, 1952.

He was born in Indiana and received his A.B. degree in 1902 from Indiana University where he received the M.A. degree in 1903. He also took work at Stanford where he received the M.A. degree in 1915 and at Cornell where he received the Ph.D. in 1919. Professor Kennedy had held various positions, having been an instructor at the North Carolina State College, an instructor at the Indiana Biological Station of Indiana University, and an instructor at Cornell, before coming to The Ohio State University as an instructor in entomology in 1919. He remained at Ohio State from that time on and was made a full professor in the department in 1933.

His research and teaching were in the non-economic phases of entomology. He is best known for his work on the taxonomy of dragonflies and ants. He possessed large collections of these insects and had accumulated unusually extensive and valuable libraries in these fields. He is widely known in the field of entomology for his extensive list of publications, especially in national journals. From 1929 to 1945 he was managing editor and editor of the *Annals of the Entomological Society of America*. He was president of this society in 1935.

Professor Kennedy was a member of a number of professional societies including the Entomological Society of America, Royal Entomological Society of London, the Ohio Academy of Science, American Association of Economic Entomologists, Ecological Society of America, American Society of Naturalists and Societe Entomologique de France. He was a member of the following honorary scientific societies: Gamma Alpha, Sigma Xi and Gamma Sigma Delta.

Nearly all of the graduate students of entomology at Ohio State took some or all of Professor Kennedy's courses. They will long remember him for his scholarly attainments and his unusual philosophical attitudes.

On behalf of the University, the Board of Trustees extends to the family its deep sympathy in their loss. It is directed that this resolution be recorded in the minutes of the Board.

The President now reported to the Board the death of Robert Miller Hunter, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Robert Miller Hunter, Professor of Law, on June 24, 1952.

Born in Champaign County, Ohio, Robert Hunter was throughout his life a resident of Ohio. His undergraduate training was received at Ohio Wesleyan University; his first degree in

law he held from The Ohio State University; he practiced law in Columbus as a member of the Ohio Bar; and his teaching career of over 30 years consisted of continuous association with this University. In these 57 years, Professor Hunter won for himself an enviable place in the life and affection of Ohio. Countless former students will long testify to his wise counselling, his patient assistance, and his abiding faith in them; his church will not shortly forget him as a faithful member, ever active in the on-going crusade for a more Christian way of living; his state-wide host of friends cannot fail often to recall his unique joy of life which he was so eager to share because of the genuineness of his interest in other people; the community of which he became so much a part will long grieve the loss of one who stood tenaciously and courageously for causes in which he believed, no matter what their lack of popularity; the legal profession in Ohio will not soon forget him as an able practitioner and an impelling teacher.

But while Professor Hunter lived so full a life as a native of Ohio, his horizons did not end with the boundaries of Ohio. He served the nation as a soldier in World War I; in 1931-32 he spent a year at Yale University, furthering his training for law teaching by earning there the coveted degree of Doctor of the Science of Jurisprudence; during World War II, he served with distinction as a special assistant first to the Antitrust Division of the United States Department of Justice and later to the Federal Power Commission; and in 1946 he received signal recognition by being chosen a member of the Zaibatsu Mission to Japan, the function of which was to provide American direction in the re-orientation of the Japanese business economy. These broader contacts were marked by those same outstanding attributes of character which manifested themselves in his Ohio associations, thus enlarging to national and even international proportions the legions of friends for whom it was an inspiration to know Robert Hunter.

On behalf of the University, the Board of Trustees extends to the family its deep sympathy in their loss. It is directed that this resolution be recorded in the minutes of the Board.

Thereupon the Board adjourned to meet Monday, October 13, 1952, at Wooster, Ohio.

President Bevis presented the following letter from Director Larkins of the Department of Physical Education:

September 16, 1952

Dear President Bevis:

Mr. Warner Pomerene has indicated his desire to add a three-year colt, "Lucky," to the other horses he has already given to the University. This colt is well trained and extremely desirable for our Equitation program.

I would like to recommend the acceptance of Mr. Pomerene's generous gift of this horse.

Sincerely,

(Signed) RICHARD C. LARKINS,
Chairman.

The President then recommended that this fine gift of the three-year-old colt "Lucky" be accepted.

By unanimous vote, the Board approved the President's recommendation and directed the Secretary to express to Mr. Pomerene the sincere appreciation of the University for this additional gift from him, which makes possible the further expansion of the popular equitation program at the University.

The Vice President and Business Manager reported to the Board that at the last annual meeting the Board of Directors of the Research Foundation set aside \$525,000 as a fund for the construction of a new Research Building. A Building Committee was appointed by President Bevis and this committee is exploring the possibilities

of constructing such a building. In the meantime, the officers of the Research Foundation desire that the Research Building be declared a going project by the Board of Trustees so that preliminary planning might be undertaken, looking toward the determination of the form, nature, and size of the proposed building.

Upon motion of General Dargusch, seconded by Senator Huffman, the Research Building, to be built out of Research Foundation funds, was declared a going project.

The Vice President and Business Manager made the following report and recommendation:

The inventory of the Mershon estate includes real estate valued at a total of \$149,500. This is comprised of the residence of Colonel Mershon as well as certain other parcels. At the September 2, 1952 meeting of the Board of Trustees, the President was directed by the Board to notify the executors that it was the wish of the Board that the residence be disposed of. No action looking toward the disposal of the remaining holdings of real estate has been provided for by Board action. From time to time, however, the executors have raised questions about the University's wishes with regard to this problem.

Inasmuch as the will gives the executors full authority to dispose of the real estate without the necessity of securing the University's permission, such inquiry as is made of the University administration concerning the disposal of the real estate is purely an act of courtesy. However, it is to the interest of the University to have this type of cooperation, on the part of the executors, continue.

The latest request from the executors for advice comes with respect to the disposal of 15 acres of land in Miami. This land was inventoried for estate purposes at \$45,000 and an offer for \$70,000 has been received which the executors desire to accept. President Bevis, on the basis of information resulting from a series of telephone conversations between Mr. M. L. Mershon and the Vice President and Business Manager, has indicated to the executors that so far as the University is concerned, the acceptance of this offer will be satisfactory.

It is recommended, therefore, that the action of President Bevis in assenting to the sale of this land at the price named be approved by the Board. It is further recommended that the President and the Vice President and Business Manager be directed to continue negotiations, looking toward the disposal of the remainder of the real estate holdings of the Mershon estate.

Upon motion of Senator Huffman, seconded by General Dargusch, the foregoing recommendation was unanimously approved.

The Vice President and Business Manager submitted the following report and recommendation:

At the September meeting of the Board the question was raised by the Chairman as to the possibility of registering in the name of the Ohio State University, the bonds held by the University as temporary investments. Inquiry has been made as to the possibility of taking this step and it has been determined that the bonds can be so registered at a later date, it will be necessary for the Board to pass a resolution authorizing their sale or assignment. A copy of this

resolution will have to be submitted to the Treasury Department on special forms provided by the Department and in the manner which it directs.

It is recommended, therefore, that the Vice President and Business Manager be directed to forward the bonds now held by the University as temporary investments, for whatever fund, to the Treasury Department for transfer to registered status in the name of the Ohio State University.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation:

That effective July 1, 1953, Faculty Rule No. 166 be amended as follows:

Add the following sections in the first paragraph:

IV. The fee indicated as Student Service Deposit \$5.00.

V. The fee indicated as the Ohio Union Building Fund \$5.00.

(It is understood that items IV and V above will not apply to members of (1) the Ohio Agricultural Experiment Station staff, (2) teachers employed in full-time teaching service in public schools of Columbus and school districts in Franklin County with which specific contracts are made by the Board of Trustees, and (3) employees of the Battelle Memorial Institute.)

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

General Dargusch reported on the annual meeting of the Association of Governing Boards of State Universities and Allied Institutions, held in Portland, Oregon September 30-October 4, 1952.

The Ohio State University was represented by General Dargusch and Mr. Ketner.

The President now reported to the Board the death of Maude Dorothy Jeffrey, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Maude Dorothy Jeffrey, retired Reference Librarian of the University Libraries, on September 29, 1952. Miss Jeffrey graduated from The Ohio State University with a B.Ph. degree in 1895. During part of her college career she served as a student assistant on a part-time basis in the library, then housed on the third floor of University Hall. She took further training at Amherst College where Melvil Dewey, outstanding pioneer in library work, directed library service.

It was as library assistant that she served the University during the period from 1896 until 1905, during which time the library grew rapidly and was transferred to Orton

Hall. From 1905 until 1942 when she retired in December, Miss Jeffrey held the title of reference librarian. The collection moved into the present main library building in December 1912. She thus served the University for approximately forty-five years in three different library locations.

Among her most notable contributions was the establishment on the Ohio State University campus of our present Interlibrary Loan system which was cited during her service by the Library of Congress as being one of the most successful and efficient in the nation. Through this organization she made it possible for faculty members and graduate students to use library materials borrowed from libraries all over the United States.

Twice during her long period of distinguished service to the University Miss Jeffrey served as acting librarian. But it was her conscientious, efficient service as reference librarian to many generations of students and several generations of faculty members which constituted her greatest usefulness to The Ohio State University. There are faculty members on the campus now who attest to her helpfulness when they took their reference questions to her during their student days.

She was active in the American Library Association, Ohio Library Association, Columbus Library Club, Altrusa Club, and the First Congregational Church of Columbus. In her death the University notes with sorrow the passing of one who quietly but effectively contributed significantly to the reputation which The Ohio State University now enjoys.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The President now reported to the Board the death of Dr. Edward T. Kirkendall, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Dr. Edward T. Kirkendall, Associate Professor of Radiology, on July 19, 1952. A graduate of The Ohio State University College of Medicine in 1926, Dr. Kirkendall served for many years in his field of specialization, radiology, and at the time of his death was Vice Director of the Columbus Cancer Clinic, a director of the Ohio Division of the American Cancer Society, and a staff member of University, St. Francis, Grant, and White Cross Hospitals.

Dr. Kirkendall had a brilliant career in the Armed Services of his country, as well as in medicine. A veteran of two World Wars, he formed and directed the 100th Evacuation Hospital in the European Theater in World War II. During World War I he saw two years service overseas in the field artillery. In 1948 he organized the 806th Hospital

Center of the Reserve Corps with headquarters at Fort Hayes. In 1949 Dr. Kirkendall was made a Brigadier General in the Army Medical Reserve Corps, the highest ranking officer in the Medical Corps in Ohio. In November 1951 he retired from his military connections at the conclusion of 40 years of service.

Dr. Kirkendall furthered his training in his field of specialization by post-graduate study in Stockholm, Sweden, and Amsterdam in 1935 and 1938, respectively. For more than 20 years he served on the teaching staff of this University in the College of Medicine.

All who knew Dr. Kirkendall loved and respected him for his high ideals, his initiative, his gift for inspiring and leading men, whether in the Army of the United States or in the medical profession where he served as president of the Columbus Academy of Medicine most brilliantly and effectively. The College of Medicine, this University, and this community suffered a great loss in the sudden termination of a medical career which was truly just in its prime.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The President now reported to the Board the death of Dr. Roswell S. Fidler, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Dr. Roswell S. Fidler, Associate Professor of Pathology, on June 30, 1952. Dr. Fidler received his medical degree from the College of Medicine, The Ohio State University, in 1925, following which he began his specialization in the field of his choice, pathology, under Dr. Ernest Scott at his Alma Mater. For a brief period he was pathologist to the Springfield City Hospital but soon returned to Columbus to become associated with the Department of Pathology here at the University and to assume the Directorship of Laboratories at White Cross Hospital. He became a Diplomate of the American Board of Pathology, a Founding Fellow of the College of American Pathologists, a Fellow of the American Society of Clinical Pathology, and a Fellow of the American College of Physicians. He was an active contributing member of the American Heart Association and he was active in the Ohio Society of Pathologists. Dr. Fidler was a veteran of World War I and served as a member of the Selective Service Medical Advisory Board during World War II.

Dr. Fidler was a constant guardian and champion of those moral and ethical principles which are the foundation stones of medical practice. He had an abiding conviction that the function of a private hospital, besides housing and caring for the sick, should be that of providing postgraduate medical education of the highest type to interns and residents. By his

continuing interest and endeavors an unusually fine educational program was developed for intern and resident training at White Cross Hospital in this city.

This was made easier through the close collaboration with the departments at the Ohio State University College of Medicine where Dr. Fidler continued to serve in a teaching capacity to the undergraduate medical students. He maintained a constant interest in the progress of his science as it applied to better diagnosis and treatment in medicine, more particularly in the field of the cardiovascular diseases, and his bibliography shows a constant yearly contribution to the medical literature. Most certainly Dr. Fidler was cut down in the prime of his medical career, and, not only his family, but his professional confreres, his patients, and his students have prematurely lost friend, counselor, and teacher.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

President Bevis presented the following statement regarding the proposed constitution for the Inter-University Council of Ohio:

The Inter-University Council, a voluntary organization comprised of the six state-supported institutions of higher learning in Ohio, was established shortly before I came to the Ohio State University and has functioned vigorously and, I think, successfully ever since. It is unique in character and is the object of a great deal of interest throughout the country. Educators and public officials in many states having more than one state supported university, have expressed great interest in its operations and have frequently expressed the wish that they could have a similar organization, but generally feel that local obstacles are insurmountable.

It is our opinion, based on these years of experience, that the several Ohio universities derive about all the benefit that can be

obtained through cooperative action without incurring the disadvantages that are inherent in an over-all organization forcibly controlling institutions of diverse history, traditions, location, and character.

We have been able to obtain through voluntary agreement a good measure of common policy where common policy was in order and have coordinated our money requests to the Legislature to the benefit of all schools concerned. A common front in Legislative matters expressed through a common spokesman, backed by the friends and alumni of all the institutions has resulted in much better appropriations than would otherwise have been possible.

The Inter-University Council has always been very informal in character and never had what was called a constitution. It did have in its minutes two or three basic documents, but its constitution has been bound in its precedents rather than in a particular document.

In recent years it has been felt that perhaps these tenets of constitutional character ought to be gathered together in official form and a committee was created to formulate a constitution. After more than a year of work and consultation the Inter-University Council itself has adopted "The Constitution of the Inter-University Council of Ohio" and has recommended that it be referred to the Boards of Trustees of the several member institutions for ratification.

The new constitution, in my judgment, makes no radical change from our previous practice, except perhaps to provide for the rotation of the presidency of the Council among the several schools. Even this in principle is not a departure, although it has happened that I have served as president for about ten years. I am very happy to add my personal recommendation to this particular provision.

I recommend that the Board of Trustees of the Ohio State University ratify the constitution of the Inter-University Council of Ohio, as passed and recommended by the Council itself.

CONSTITUTION OF THE INTER-UNIVERSITY COUNCIL OF OHIO

ARTICLE I

Name

This voluntary association, hereinafter referred to as "the Council" shall be named "the Inter-University Council of Ohio."

ARTICLE II

Purpose of the Council

Prior to the formation of this Council it had long been acknowledged that the state universities and colleges of Ohio have common interests as well as mutual responsibilities both to the public and to one another.

In recognition of these responsibilities and interests the Council was formed.

- (a) to consider questions of common interest and concern to the state universities and colleges of Ohio,
- (b) to formulate, in the interest of efficiency and economy, a coordinated program of nurture and support which will strengthen the state universities and colleges of Ohio,

- (c) to seek, through means, to sustain and improve the quality of higher education offered by the state universities and colleges of Ohio.

ARTICLE III

The Council and the Authority of Boards of Trustees

The Council shall ever be mindful of the authority vested in the boards of trustees of the member universities and colleges, and of the right of such boards not to be bound by the actions of the Council until such actions are ratified.

ARTICLE IV

Membership

Membership in the Council shall be limited to those universities and colleges in the state of Ohio which are supported by appropriations by the state legislature. These are:

Bowling Green State University
Kent State University
Miami University
Ohio State University
Ohio University
Central State College

ARTICLE V

Representation

Sec. 1. Each of the state universities and colleges listed under ARTICLE IV shall be represented in the Council by the following:

- (a) One member of the Board of Trustees.
- (b) The president or acting-president of the university or college.
- (c) The chief financial officer of the university or college, as designated by the Board of Trustees.

Sec. 2. Only these representatives listed in Sec. 1 of this ARTICLE shall be accredited and empowered to initiate motions and vote in proceedings of the Council.

ARTICLE VI

Voting

Each member of the Council as designated in ARTICLE V shall have a single vote.

ARTICLE VII

Officers

Sec. 1. The officers of the Council shall be the following:

- (1) The President
- (2) Vice-President
- (3) Secretary

Sec. 2. Only a president or acting-President of one of the member universities or colleges shall be eligible to serve as President of the Council. The presidents or acting-presidents of the member universities and colleges shall perpetually succeed one another as President of the Council in the order of the listings of the universities and colleges in ARTICLE IV, except that no one shall be eligible to serve

as President of the Council who has not served a minimum of two years as president or acting-president of his institution. Each President of the Council shall serve for one year, and assume office at the first meeting after July 1st.

The president or acting-president of a member university or college who will next become President of the Council, shall serve as Vice-president of the Council for one year, and assume office at the first meeting after July 1st.

The Secretary shall be elected by majority vote of the members of the Council and shall serve for one year or until his successor is duly elected.

ARTICLE VIII

Quorum

One representative from at least five of the member universities and colleges shall be necessary to constitute a quorum for the transaction of business.

ARTICLE IX

Meetings

It shall be desirable, though not mandatory, to convene the Council no fewer than four times annually.

ARTICLE X

By-Laws

The Council may enact by majority vote, by-laws or amendments to by-laws, not inconsistent with the provisions of this Constitution.

ARTICLE XI

Amendments to the Constitution

Amendments to the Constitution may be offered at any meeting of the Council. They shall be in writing and signed by the mover and two seconds. They shall then lie on the table until the next meeting, and shall require for their adoption the affirmative vote of two-thirds of the member universities and colleges.

Upon motion of General Dargusch, seconded by Senator Huffman, the Board, by unanimous vote, ratified the above Constitution, as recommended by the President.

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet met on October 30, 1952, for the purpose of opening bids on Remodeling Air Conditioning, Refrigeration, and Ventilation for the Agricultural Laboratory. The following bids were received:

Name of Bidder	Proposal 1 Air Conditioning	Proposal 2 Refrigeration	Proposal 3 Ventilation
Sauer Company, Inc.....	\$9,180.00	\$9,280.00	\$4,460.00
Columbus Heating & Ventilating Co...	7,227.00	7,759.00	3,495.00
Columbus Refrigeration Company		7,874.00	
C. M. Robinson Company.....		8,608.00	
United Refrigeration Service Inc.....		7,197.50	4,106.70
Architect's Estimates	\$5,000.00	\$4,700.00	\$4,500.00

As noted above, the low bids for Proposal 1, Air Conditioning, and Proposal 2, Refrigeration, are in excess of the Architect's estimates of cost filed with the Auditor of State. It is the opinion of the University Architect that these two estimates are in error and that neither a lower bid nor wider competition would be obtained if the project were readvertised.

In accordance with the recommendation of the University Cabinet, Controlling Board Request No. 214 seeks permission to award contracts on Proposals 1 and 2 to the low bidders, notwithstanding the fact that these bids are in excess of the estimates of cost. Pending approval by the Controlling Board, the University Cabinet recommends that awards be made to the low bidders as follows:

- (a) Proposal No. 1, Air Conditioning, to the Columbus Heating & Ventilating Company in the amount of \$7,227.00
- (b) Proposal No. 2, Refrigeration, to the United Refrigeration Company in the amount of \$7,197.50
- (c) Proposal No. 3, Ventilation, to Columbus Heating & Ventilating Company, in the amount of \$3,495.00.

The project is payable from F-1 Building Repairs, H. B. 671.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendations were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 212—(a) transfer \$1,447.16 from Rotary A (8230, Residence Halls for Women) to G-2-H Remodeling Oxley Hall, H. B. 671

- (b) \$1,447.16 extra to Dawson-Evans Construction Company for painting doors and trim, Remodeling Oxley Hall

214—award of two contracts in connection with Agricultural Laboratory, one for Air Conditioning to the Columbus Heating and Ventilating Company in the amount of \$7,227.00 and one for Refrigeration to the United Refrigeration Company in the amount of \$7,197.50, notwithstanding the fact that these bids are in excess of the estimates of cost filed with the Auditor of State

216—transfer of \$9,850.00 from Rotary A (12001, Additions and Betterments—Rotary) to F-1-i Remodeling Ceilings in Oxley Hall, H. B. 671, to provide funds for award of contract.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Installation of Oxygen and Suction Outlet Plates in University Hospital	\$8,724.00	University Hospital Rotary 13727

Upon motion of Mr. Ketner, seconded by Senator Huffman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

* * * * *

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
WOMEN'S DORMITORIES		
Basic Contract (Twelfth Avenue Units, C and D)	\$2,030,000.00	Dormitory
Alternate No. 1 (Addition to Canfield Hall)	370,000.00	Funds
Alternate No. 2 (Dining Hall, Kitchen, Oxley)	370,000.00	
Kitchen Equipment Contract	100,000.00	

Upon motion of General Dargusch, seconded by Senator Bricker, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of

Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager now presented the following statement regarding the remodeling of the old Ohio Union Building:

On October 27th bids were taken for the Remodeling of the First Floor of Old Ohio Union for the purpose of providing suitable quarters for the Student Health Services. On the advice of the State Architect, the University Architect wrote the specifications to include a combination bid for the General portions of the contract and the Electrical portions. Bids were also accepted for the individual portions of the contract. It so turned out that one of the low bids was a combination General and Electrical bid.

Upon processing the papers for the award of contracts, the Attorney General pointed out that under the law there was no authority for the taking of combination bids and, therefore, acting upon this advice and instruction, the combination bid received was thrown out and request was made to the Director of Public Works for ten-day advertising. The latter actions appear in the minutes of the Cabinet.

Bids were again taken on Friday, November 14th. Immediately prior to the opening of bids at 2:00 P. M., the University Architect was served with a summons and a copy of a restraining order preventing the University from opening the bids or awarding a contract until the matter of the right to receive combination bids was determined. The bids received were sealed up in an envelope and placed in the vault pending advice from the Attorney General.

Therefore, while the Cabinet had hoped to have a recommendation with respect to the award of contracts for the Remodeling of the Old Ohio Union for Student Health, none is forthcoming due to the difficulties enumerated above. However, it is the plan of the Cabinet to press for the award of contracts as soon as it can be legally determined what the rights and obligations of the University are.

The Vice President and Business Manager recommended the following transfers:

- \$ 1,447.16—from Rotary A (8230, Residence Halls for Women) to G-2-H Remodeling Oxley Hall, H. B. 671, to provide funds for extra to contract.
- 9,850.00—from Rotary A (12001, Additions and Betterments—Rotary) to F-1-i Remodeling Ceilings in Oxley Hall, H. B. 671, to provide funds for award of contract.
- 10,000.00—from Rotary 8204 Baker Hall to Rotary 12002 Additions and Betterments—Architect's Fees, to provide salaries to May 1, 1953, for members of the University Architect's staff in connection with new dormitory studies.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendation was unanimously approved.

* * * * *

The Vice President and Business Manager recommended the creation of the position "Director of Internal Audits" in the office of the Vice President and Business Manager at a salary of \$5,280. This position has been determined to be in the unclassified service by the State Civil Service Commission. It is further recommended that Mr. Ernest W. Leggett, who presently is an Accountant in the Business Office, be appointed to this position, effective January 1, 1953.

On motion of General Dargusch, seconded by Mr. Ketner, this recommendation was approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that Mr. Wallace Brode, representing the American Chemical Society, had come to the campus to inquire into the possibility of securing more adequate housing for *Chemical Abstracts*. Mr. Brode was assured that the University was anxious to retain *Chemical Abstracts* as an important activity on this campus. In return Mr. Brode suggested that if the University were willing and interested, he would recommend to the American Chemical Society at its meeting on December 6th that a grant be made to the Ohio State University for the purpose of providing proper housing and library space for *Chemical Abstracts*, in the probable amount of \$250,000, on a matching basis.

The Vice President and Business Manager reported that at the meeting of the Research Foundation on November 7th he reviewed with the Board of Directors of the Foundation the *Chemical Abstract* housing situation. Inasmuch as the Research Foundation was then considering the extension of research facilities provided for by Research Foundation funds, it was suggested that housing for *Chemical Abstracts* might be made a part of it and that the matching for the American Chemical Society grant might thus, through the Research Foundation, be provided by the University. It was pointed out that this would be a long step toward getting a great scientific library in the Chemistry-Physics-Engineering area. The Board of Directors of the Research Foundation approved the idea of using Research Foundation funds for matching a possible grant from the American Chemical Society for purposes described.

In order that Mr. Brode may make some recommendation to the American Chemical Society on December 6th, it is recommended that the Board express its firm conviction that everything proper should be done to retain *Chemical Abstracts* on this campus; that it will accept the offer of the Board of Directors of the Research Foundation that part of the funds set aside for the development of research facilities be used for the creation of facilities for *Chemical Abstracts*, on a matching basis; that it would accept a grant for this purpose from the American Chemical Society; and that it is appropriate to assure the American Chemical Society that the space so created would be used exclusively for *Chemical Abstracts*.

On motion of Senator Bricker, seconded by Mr. Kettering, the above recommendation was unanimously approved.

The Vice President and Business Manager presented the following recommendation:

In order to provide emergency mechanical engineering service for the immediate completion of the drawings, specifications and bidding documents for the new Women's Dormitory project, the University Cabinet recommends that agreements be made for part-time services, under the direction of the University Architect, as follows:

Harold A. Williams—heating and ventilating engineering services at a total amount of \$600

Frank L. Racher—plumbing engineering services—at a total amount of \$800

Michael Passe—electrical engineering services—at a total amount of \$1,000

John W. Hargrave—design consultant for kitchen layout and equipment—on a per diem basis of \$60 plus travel expense for not to exceed eight days.

Payments for this part-time service will be made from Dormitory Funds.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the Board approved the emergency engineering services referred to above.

The Vice President and Business Manager presented the following report:

There exists as a part of the inventory of the Mershon estate certain farm property in Kansas in the amount of 25 acres. It is thought that oil has been found in the vicinity and an operator in the area has contacted Mr. Mershon, offering to give the estate \$25.00 per acre as a bonus for permission to drill. It is our understanding that the usual royalty contract, which reserves one-eighth to the residual legatee, will be entered into. Mr. Mershon raised the question as to whether we could enter into a lease which might extend beyond the period of the administration of the estate. I informed him that it would be necessary to (1) call the Attorney General for his advice and (2) thereafter, call the Chairman of the Board of Trustees for advice and instructions inasmuch as the Board will not meet until November 17th and President Bevis is also out of the city at the present writing.

On November 5, 1952, I called Mr. Joseph Gill, First Assistant Attorney General, and asked him (1) whether the University, as the residuary legatee, would have the right to enter into a lease arrangement which would not provide for any liability or responsibility on the part of the University but merely authorize someone to explore the mineral content of the land. Mr. Gill was of the opinion that the University did have this right and suggested that we so notify the Executors of the estate and that if the parties seeking to lease estate property located in Kansas wished to have the University become a signatory to the lease agreement for oil exploration purposes, it would be perfectly proper for the University, on resolution of the Board of Trustees, so to do.

Thereafter, the Vice President and Business Manager called Judge Gorman, Chairman of the Board of Trustees, explaining to him the nature of the inquiry and indicating the desirability of informing the executors at once of the willingness of the University to proceed. Judge Gorman assured me that it was his opinion that we should follow this course and that the matter should be brought before the Board for information and report.

Upon motion of Senator Huffman, seconded by Senator Bricker, the above actions of the University officials were approved.

The Vice President and Business Manager reported that conversations were being carried on in the Inter-University Council looking toward the possibility of establishing a state network of educational television stations using the state universities as a nucleus. Inasmuch as channels in the UHF have been assigned to certain of the state universities, this would seem not only to be a possibility but highly desirable in the interests of the people of Ohio. At the last meeting of the Inter-University Council, the Vice President and Business Manager was authorized to draft a statement on this subject for presentation to the Ohio Program Commission. This statement has been prepared and submitted to the Education Committee of the Ohio Program Commission and the Committee recommended, it is understood, the essence of this statement. The features are as follows:

1. The State of Ohio would recognize educational television as a state problem, not as an individual problem of the various state universities.
2. The State of Ohio, by a separate appropriation bill, would provide for the erection, on the campuses of Bowling Green, Kent, Miami, Ohio and Ohio State, of suitable educational television stations (Bowling Green and Kent would need to make local arrangements with respect to the allocation of channels in the UHF. The other three universities already have been given tentative allocations).
3. By the same appropriation bill, funds would be provided to connect the five stations into a network. Engineering studies would be necessary to determine the exact manner of accomplishing the proposed hook-up, but competent engineering counsel is of the opinion that there are no apparent unsurmountable difficulties in tying together the proposed five stations into a network.
4. Management and ownership of the proposed educational television stations would vest in the state-supported university on whose campus the station was built. Appropriations, initially for construction and later for operation, would be made to the appropriate state-supported university.
5. The educational television network thus created would be, by virtue of the specifications of the allocation from the Federal Communications Commission, and by the (proposed) mandate of the Ohio Legislature, made available to all units of the educational system in Ohio, be they public or private. Programs would originate at the station nearest the educational unit supplying the program. Such programs might then be carried over the originating station alone, a portion of the network, or over the entire network. Hook-ups conceivably might be made with educational television stations (or systems) in Cincinnati and Cleveland where UHF allocations have already been made.

Further report on this matter will be made at the next meeting of the Board of Trustees.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the

Board by unanimous vote authorized the Vice President and Business Manager to proceed along the lines suggested above.

The Vice President and Business Manager reported that the biennial operating budget was being prepared, in accordance with the formula adopted by the Inter-University Council, as follows:

Personal Service

Academic and other non-classified salaries:

1953-1954—120% of the current rate of expenditure

1954-1955—126% of the current rate of expenditure

Classified salaries as required by law.

Maintenance

In the amounts required.

Upon motion of General Dargusch, seconded by Senator Bricker, the Board by unanimous vote approved the above formula and authorized the preparation of the biennial Legislative Budget of Requests in accordance therewith, and its presentation to the State Director of Finance in accordance with law.

The President now reported to the Board the death of Wendell Phillips Lawson, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Wendell Phillips Lawson, Associate Professor of Architecture, on June 3, 1952. Professor Lawson was educated at the University of Toronto and in the Ecole des Beaux Arts, Paris. He made a number of sketching tours of Europe and worked for a time with Sir Edwin Lutyens in London. For years he was president of the Painters and Etchers Club of Toronto, and a member of the Royal Architectural Institute of Canada. He taught at Pennsylvania State College, Bradley University, Western Technical School, Toronto, Mt. Allison University, Canada and was a member of our faculty for five years.

Professor Lawson was a modest man of great talent. His pupils found him ever tolerant of their inexperience, but highly critical of his own performance and indefatigable in seeking perfection in all his work. His fellow teachers found him always able and ready to help in common problems and ever genial as a friend. To the public he was widely known and respected as a notable artist, a faithful churchman in the broad sense and a conscientious citizen.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

11-17-'52

Thereupon the Board adjourned to meet Monday, December 8,
at 9:30 a. m. at the University.

Attest:

That the following miscellaneous recommendations be approved:

That the leave of absence, without salary, granted to Guy W. Miller, Extension Economist, Department of Agriculture Extension, be extended for another year, effective January 1, 1953 to December 31, 1953. Mr. Miller has been assigned to Pakistan to help in the establishment of extension service work in that country under the Point IV program.

That the following leaves of absence, without salary, be granted:

Michael J. Jucius, Professor of Business Organization, for the Winter and Spring Quarters, 1953 in order that he may serve as Visiting Professor at the Institute of Advanced Studies in Business Management, Turin, Italy;

Frances K. Harding, Assistant Professor, part time, Department of Physical Education for Women, effective January 1, 1953 through September 30, 1953 in order that she may return to Australia on personal business;

That the sum of \$4000.00 be transferred from Dairy Laboratory Rotary 15954 to Dairy Technology Rotary 13156 for the use of the Department of Dairy Technology.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Air Research and Development Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Supersonic Wind Tunnel (To be known as the Air Research and Development Command Research Project No. 344—Aeronautical Engineering. Gross value—\$50,000);

Charles F. Kettering Foundation, Dayton, Ohio—Investigation of Prebiological Chemistry and Physics (To be known as the Charles F. Kettering Foundation Research Project No. 367—Chemistry. Gross value—\$60,890);

President Bevis presented the following statement:

Re: Midwest Library Center

One of the most difficult problems of library administration is the shelving of little-used books, many of which are parts of sets which grow year by year. Access to this kind of book and pamphlet material is imperative in the administration of any good library even though demand for particular publications may seldom occur. In the course of time this material increases in such volume as to encroach upon the necessary shelf space for everything else.

Before the War, on behalf of the Ohio State University, I participated in a number of conferences looking toward the establishment in the vicinity of Chicago of an interstate deposit library to which could be transferred by member institutions such books as in its judgment could be removed from its own shelves but which could be had on request by mail on a day's notice. At that time we roughly defined "little used books" as those which were called for not oftener than once a year.

During the War this planning was suspended and after the War the construction of our own library addition temporarily eased our own space stringencies. Accordingly, we dropped out of the movement, as did one or two other schools including The University of Michigan.

Meantime, however, the plans for such a central library continued to fruition. A building has been erected with funds donated for the purpose and the work of the library is in progress.

We are being asked to become a member institution and it is clear to me that we ought to accept the invitation. The physical facilities are provided and we shall not be asked for any funds for capital improvement. The annual assessment for operating expenses is exceedingly modest and if we become a member before next June the expense of transporting our books to Chicago will be borne by the library itself.

Upon motion of Mr. Ketner, seconded by Mr. Kettering, the Board by unanimous vote approved membership in the Midwest Library Center, and authorized the President to take the necessary steps to make the University a member institution.

Vice President Stradley reported that the Student Senate has voted to affiliate with the National Student Association. The Council on Student Affairs has approved the Senate action. Our student body held membership in the N.S.A. a few years ago but resigned because

the students failed to manifest interest in the organization. We have been assured that N.S.A. is in good standing with the internal security agencies of our government.

Vice President Stradley stated further that the University Administration has approved such affiliation, and is now reporting the matter for the information of the Board.

The Board informally expressed its satisfaction of the facts as stated.

President Bevis presented a preliminary progress report on the selection of a Dean for the College of Engineering.

* * * * *

Dean Charles A. Doan of the College of Medicine, appeared before the Board and reported on the progress being made in the Medical Center, and some of the problems connected therewith.

He called particular attention to the lack of physical space, equipment, and supplies needed for laboratory and class room purposes in order to properly teach the present enrollment.

It was agreed to continue this matter at the next meeting of the Board, at which time a complete report prepared by Dean Doan and the administration will be presented to the Board.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following request presented by the University:

Request

- 225—approved award of Plumbing Contract for Remodeling of University Hall for Philosophy Department Offices to Sauer Company, Inc. at their low bid of \$6,408.00 notwithstanding the fact that this bid was in excess of the estimate of cost filed with the Auditor of State.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the action of the Cabinet be approved by the Board of Trustees. A detailed tabulation of said bids is on file in the offices of the Auditor of State and the Director of Physical Plant and is included in the records of the University Cabinet.

Washing Interior Walls of Administration Building, University Hall, Brown Hall, and Horticulture and Forestry Building

City Window Cleaning Company—\$11,569.00

To be paid from F-1 Building Repairs, H.B. 671

Upon motion of Mr. Black, seconded by General Dargusch, the above action of the Cabinet was approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet

met on November 20, 1952, for the purpose of opening bids on Remodeling University Hall for Philosophy Department Offices. The following bids were received:

<i>Bidder</i>	<i>General Heating Plumbing Electrical Proposals</i> <i>1, 2, 3 & 4</i>			
Krause & Pagura, Inc.....	\$31,900			
G. W. Atkinson & Son.....	29,480			
General Maintenance & Engineering Co.....	27,500			
Mulligan-Case Company.....	32,879			
Trapp Construction Co.....	30,745			
Jos. Skilken & Company.....	29,850			
H. M. Boyajohn & Assocs.....	38,400			\$53,790
Sauer Company, Inc.....		\$6,470	\$6,408	
Thomas J. Croak.....		7,306	7,598	
McCarty Bros. Elec. Co.....				\$6,500
Electrical Contractors, Inc.....				7,182
Electric Power Equip. Co.....				5,426
Architect's Estimates.....	\$37,000	\$7,000	\$5,600	\$9,000

As noted above the low bids submitted for the Plumbing Contract are in excess of the Architect's estimate of cost filed with the Auditor of State. It is also noted, however, that the sum total of the four low bids is \$45,804, whereas the Architect's total estimate is \$58,600. It is the opinion of the University Architect that neither a low bid nor wider competition would be obtained if the Plumbing Division of the project were readvertised.

In accordance with the recommendation of the University Cabinet, Controlling Board Request No. 225 grants permission to award the Plumbing Contract to Sauer Company, Inc. at their low bid of \$6,408.00, notwithstanding the fact that this bid is in excess of the estimate of cost. Pending approval by the Controlling Board, the University Cabinet recommends that awards be made to the low bidders as follows:

General Contract

General Maintenance & Engineering Company.....\$27,500

Heating Contract

Sauer Company, Inc.....\$ 6,470

Plumbing Contract

Sauer Company, Inc.....\$ 6,408

Electrical Contract

Electric Power Equipment Company.....\$ 5,426

The project is payable from G-2-21 Rehabilitation of Existing Buildings, H. B. 672.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendations were approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet met on December 2, 1952, for the purpose of opening bids on Remodeling Wing "B", Starling-Loving Hospital. The following bids were received:

<i>Bidder</i>	<i>Proposal No. 1 General</i>	<i>Alternate No. 1 Double-hung in place of projected windows</i>	<i>Proposal No. 2 Plumbing</i>
Joseph Skilken & Company..	\$52,800.00	\$8,000.00	
Trapp Construction Co.....	59,980.00	8,300.00	
Geis Construction Co.....	55,791.00	9,300.00	
H. M. Boyajohn & Assocs....	56,800.00	4,890.00	
Mullin-Case Company.....	68,489.00	5,200.00	
G. W. Atkinson & Son.....	65,900.00	5,500.00	
Huffman-Wolfe Company			\$34,700.00
Sauer Company, Inc.....			30,764.00
Architects Estimate.....	\$60,000.00		\$57,000.00

<i>Bidder</i>	<i>Proposal No. 3 New Kitchen Equipment</i>	<i>Proposal No. 5 Refrigeration</i>	<i>Proposal No. 6 Electrical</i>
N. Wasserstrom & Sons.....	\$7,248.00		
General Hotel Supply Co.....	8,134.00		
John Herrel & Sons, Inc.....		\$3,995.00	
Columbus Refrigeration Co....		3,829.00	
United Refrigeration Service..		3,597.00	
Electrical Contractors, Inc....			\$19,744.00
Architect's Estimate.....	\$9,000.00	\$5,500.00	\$12,000.00

As noted above, the low bids received for the General (base bid), Plumbing, New Kitchen Equipment, and Refrigeration Divisions are regular in every respect and below the Architect's estimates of cost filed with the Auditor of State. The only bid received for the Electrical Division is regular in every respect except that it is in excess of the Architect's estimate of cost. It is the opinion of the University Architect that neither a lower bid nor wider competition would be received if this division of the project were readvertised. The total amount of the low bids for these divisions is \$114,153.50, whereas the Architect's total estimate is \$143,500.00.

The bids received for Alternate No. 1 to the General Contract Division for the substitution of double-hung windows in lieu of casement windows indicate that the added difference is not excessive and is well within the total estimate of cost. The University Architect is of the opinion that the double-hung type window is highly desirable in this instance and recommends acceptance. However, the addition of Alternate No. 1 to the low bid for the General Division makes the total of this bid exceed the Architect's estimate of the base contract.

No bids were received for Division 4, Remodeling of Existing Kitchen Equipment.

The University Cabinet, therefore, makes the following recommendations:

1. That the Controlling Board be requested to approve the award of the General Contract, plus Alternate No. 1, and the Electrical Contract to the low bidders, notwithstanding the fact that these bids are in excess of the estimates of cost.
2. That, if this approval is granted, contracts for Remodeling Wing "B", Starling-Loving Hospital, be awarded to the low bidders as follows:

General Contract, plus Alternate No. 1

Joseph Skilken & Company.....\$60,800.00

Plumbing Contract

Sauer Company, Inc.....\$30,764.00

Kitchen Equipment Contract

N. Wasserstrom & Company.....\$ 7,248.00

Refrigeration Contract

United Refrigeration Service, Inc.....\$3,597.50

Electrical Contract

Electrical Contractors, Inc.....\$19,744.00

3. That, in view of the fact that no bids were received for the Remodeling of Existing Kitchen Equipment, this portion of the work be accomplished through the Purchasing Department by inviting quotations on the specifications and placing orders. This procedure will in no way delay or interfere with the progress of the other five divisions of the project.

Funds for this project are provided in G-2-21 Rehabilitation of Existing Buildings, H. B. 672.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation:

On November 17, 1952, the Board of Trustees, on recommendation of the University Cabinet, approved the award of contracts in connection with Remodeling Air Conditioning, Refrigeration and Ventilation for the Agricultural Laboratory, payable from F-1 Building Repairs, H. B. 671. Since these contracts must be processed through the Department of Public Works, this fund is improper and the Cabinet now recommends that the Board of Trustees authorize the project, in the total amount of \$17,919.50, to be paid from G-2-21 Rehabilitation of Existing Buildings, H. B. 672.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the Board of Trustees approved the above recommendation by unanimous vote.

The Vice President and Business Manager made the following report, based upon information received from the Director of Physical Plant:

The wooden boat used by the Stone Laboratory at Put-in-Bay is in need of major overhauling both to the hull and motor. This boat is known as "The Gibraltar" and is used for transportation of students on field trips to the different areas on Lake Erie.

This boat is 25 years old and is now equipped with its second engine. The keel and the boards making up the hull have become loosened to the place where the boat has a tendency to crawl in rough weather rather than stay rigid as a boat should.

The engine has some bad bearings which will need to be replaced, as probably will the pistons, when the engine is opened up and the full need determined. The propeller shaft bearings are in bad shape and will need to be replaced.

It is estimated that it will cost between \$3,000 and \$4,000 to place "The Gibraltar" in safe operating condition and it will still be an old boat.

Therefore, in view of the age of the boat and motor and their condition, it is the recommendation of the Cabinet that a new steel boat be purchased for the service at Stone Laboratory. Since this boat is primarily a passenger boat for transportation of students, it is essential that the equipment be safe and seaworthy.

Quotations indicate that the cost of a steel boat which will meet the rigid requirements of the Coast Guard will approximate \$8,000 to \$10,000. Since it will be necessary to have this boat built during the winter months in order to have it available for use in the spring, action should be taken at this time.

Upon motion of General Dargusch, seconded by Mr. Ketner, the purchase of a boat for Stone Laboratory was approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation:

It is recommended that Professor Erwin E. Frey be commissioned as sculptor for the newly authorized Distinguished Service Medal at a stipend of \$1,500.00.

This stipend shall include: (1) payment to Professor Frey for services required in making sketches prepared by him prior to final approval by the Board of Trustees, and (2) preparation of a final model at sufficient size to permit the making of a die or mould from which the final copies of the medal may be stamped or cast, and (3) an amount to be paid by Professor Frey for the making of a die or mould from which copies will be made.

Upon motion of Mr. Black, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

Mr. Ketner offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio Ohio State University that there shall be repaid to the Treasury of the State of Ohio on December 15, 1952, a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00, or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction, passed by the Legislature July 6, 1945 and approved by Governor Lausche on July 18, 1945.

This motion was seconded by Senator Huffman, and upon roll call was unanimously approved.

Vice President Stradley recommended that 20 grants-in-aid, amounting to \$35.00 each, be authorized for students enrolling at the Franz Theodore Stone Institute of Hydrobiology, for the summer quarter 1953.

Upon motion of General Dargusch, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The President now reported to the Board the death of Harold G. Kenestrick, and in accordance with the recommendation of the

Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Harold G. Kenestrick, Associate Professor of Agricultural Education, on November 8, 1952. Professor Kenestrick received his doctorate in the field of agricultural economics at The Ohio State University and he had also studied at Cornell. He had been a member of the Ohio State faculty since 1919. Professor Kenestrick, along with other teaching duties, was in charge of the research program of the department. One of his contributions to the field of vocational agriculture was the development of the Farming Program Record Book which he authored with E. O. Bolender and which has been used throughout Ohio for the past 20 years.

Professor Kenestrick's keen analysis of current problems as well as his background in agricultural economics will be greatly missed in the department as well as by the teachers of vocational agriculture in Ohio. He was a member of the National Education Association, Phi Delta Kappa, Gamma Sigma Delta, and the American Farm Economics Association.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board now recessed for luncheon at the Faculty Club, at which a committee from the Faculty was present as guests of the Board.

Following the luncheon a general discussion was held covering the subject of Research in the University departments.

The Board then adjourned to meet Monday, January 12, 1953, at the University.

Attest:

That the following miscellaneous recommendations be approved:

That the supplementary retirement allowance of the late President Emeritus George W. Rightmire, who died December 23, 1952, be paid through December 31, 1952. Monthly payments total \$305 from Interest on Endowment 4002 and \$17 from Fund 9001.

That Alice D. Pressey, Associate Professor in the School of Home Economics, be retired effective October 31, 1952 and that she be given the title Associate Professor Emeritus and be paid \$120 per year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplementary payment from Interest on Endowment 4002 is required because her retirement allowance exceeds the University guarantee.

That Robert Bruce Tom, Extension Specialist (Professor) in the Agricultural Extension Service and Professor in the Department of Agricultural Economics and Rural Sociology, be retired effective December 31, 1952, and that he be given the title Professor Emeritus and be paid \$144 per year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment 4002 is required because his retirement allowance exceeds the University guarantee.

That William R. Janeway, Reference Librarian in the Library, be retired effective December 31, 1952 and that he be given the title Reference Librarian—Retired, and be paid \$192 per year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment 4002 is required because his retirement allowance exceeds the University guarantee.

That, in order to simplify the processing of Hospital payrolls, payment of salaries of individuals in the departments listed below be transferred effective January 1, 1953:

<i>Department</i>	<i>Currently Paid From</i>	<i>Transfer To</i>
Blood Bank	F-9n	A-1

That an agreement between The Ohio State University and the Ohio State University Research Foundation be executed conveying to The Ohio State University Research Foundation all rights, title and interest in and to patent rights and claims arising out of an invention relating to "Hydrolysis of Proteins by Ion Exchange Resins (Docket P-154)" made by Fred E. Deatherage and Gerald E. Underwood.

That the following leaves of absence, without salary, be granted:

Mildred Simerl, Home Demonstration Agent, Defiance County, Agricultural Extension Service, for the period December 1, 1952 through February 15, 1953 in order to complete her school work at The Ohio State University;

Shippely N. McIntosh, County Agricultural Agent, Holmes County, Agricultural Extension Service, effective January 1, 1953 to December 31, 1953 for foreign service in India;

Robert P. Worrall, Associate County Agent, Franklin County, Agricultural Extension Service, for the period February 1, 1953 to June 15, 1953 for graduate study at the University of Wisconsin;

Jackson W. Riddle, Associate Professor in the Department of Bacteriology, effective January 1, 1953 for military service;

Harold Zink, Professor in the Department of Political Science, effective January 1, 1953 for the Winter and Spring Quarters in order that he may serve as Visiting Professor at Duke University.

That the following leaves of absence, with salary, be granted:

Eunice T. Kochheiser, Assistant State Home Demonstration Leader, Agricultural Extension Service, for the period February 1, 1953 to June 1, 1953 for graduate study at Columbia University;

John Strausbaugh, County Agricultural Agent, Trumbull County, Agricultural Extension Service, for the period February 1 to June 15, 1953 for graduate study at Cornell University;

Mary Alice Diehl, Home Demonstration Agent, Union County, Agricultural Extension Service, for the period January 1 to April 1, 1953 for graduate study at The Ohio State University;

Pauline Mills, Home Demonstration Agent, Champaign County, Agricultural Extension Service, for the period February 1 to June 1, 1953 for graduate study at Teachers College, Columbia University;

Elizabeth Brown, Home Demonstration Agent, Knox County, Agricultural Extension Service, for the period January 30 to June 3, 1953 for graduate study at Columbia University;

Lois M. Deneke, Home Demonstration Agent, Harrison County, Agricultural Extension Service, for the period February 2 to June 15, 1953 for graduate study at Cornell University;

That the research agreements heretofore entered into between

The Charles W. Hauck Memorial Fund

Established December 16, 1952 by gifts through the Development Fund from friends of the late Charles W. Hauck, and in his memory, to be invested in accordance with Sec. 4861-10 G.C., the income to be used for cancer research at The Ohio State University. In case this particular type of research should become unnecessary at some future time, then the income may be used for other medical research as agreed upon by a committee consisting of the Chairman of the Department of Agricultural Economics, the Dean of the Graduate School and the Dean of the College of Medicine.

Upon motion of Senator Huffman, seconded by Mr. Kettering, these recommendations of the President were approved by unanimous vote.

Vice President and Business Manager Taylor now presented the following report:

In the determination of the request for Additions and Betterments for the biennium 1953-55, the University administration recognized the necessity that the total asking of the University for the biennium should be as high as possible in order to accommodate the major portion of the suggested needs for Agriculture and Veterinary Medicine, as well as other needs on the campus. After a considerable amount of discussion, the Inter-University Council agreed to an amount which provided for a total asking for the Ohio State University of \$21,062.00. In setting this amount, the Inter-University Council also passed the following motion:

"It was moved by President Baker 'that the representatives of Bowling Green State University, Kent State University, Miami University, Ohio University, and Central State College record their appreciation of the recommendations of President Bevis and Vice President Taylor concerning the Additions and Betterments budgets which permitted them to include their own serious needs for Veterinary Medicine and Agriculture in the total amount requested. Such understanding action means a better Council and the best possible relationships among all members of the Council.' This motion was seconded by Dr. Kreger and passed by a unanimous vote of the representatives of the five institutions named in the motion."

The University administration, surveying the needs of the entire campus, has made the following suggested allocation of the University's share of the request:

THE OHIO STATE UNIVERSITY

Total Request for Additions and Betterments. \$21,062,000.00

It will be noted that this provides for \$5,550,000 for Agriculture and \$5,000,000 for Veterinary Medicine, as against a total asking for these two colleges of \$12,950,000.

While it is not certain that any such amount as \$21,000,000 can be appropriated to the University for capital purposes during the coming biennium, the allocation suggested gives a reasonable expression of the scope of the University's needs at this time. Whatever amount is recommended by the Governor and appropriated by the legislature will be from this list of needs.

Upon motion of General Dargusch, seconded by Senator Huffman,

the building request of the University for the coming biennium, as indicated in the attached tabulation, was approved. The University administration was given authority, also, to make the necessary changes in the list required by recommendation of the Governor for presentation to the legislature. All actions with respect to the Additions and Betterments request are to be reported to the Board at a later date.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 227—approved extra in the amount of \$3,470.50 to Electrical Contractors, Inc. for four items of additional wiring and one item of revised wiring to avoid existing interferences, Electrical Equipment and Wiring for New No. 5 Boiler and No. 1 Turbine.
- 228—approved extra in the amount of \$1,188.00 to Fuel Economy Construction Company for installation of ash piping extension to the No. 8 Boiler, Two Storage Tanks and Miscellaneous Piping in Power Plant.
- 229—approved award of two contracts in connection with Remodeling Wing "B", Starling-Loving Hospital, one to Joseph Skilken and Company for the General Contract work in the amount of \$60,800, and one to Electrical Contractors, Inc. for the Electrical Contract work in the amount of \$19,744, notwithstanding the fact that both bids are in excess of the estimates of cost filed with the Auditor of State.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Replacement of Air Condition System on Fifth Floor of Hamilton Hall	\$10,330.00	F-1 Building Repairs, H. B. 671

(Note: The plans, specifications and estimate of cost for this project, in the amount of \$7,500.00, were approved by the Board of Trustees on June 23, 1952. The Director of Physical Plant now recommends that the estimate of cost be revised as indicated above.)

Upon motion of Mr. Kettering, seconded by Senator Huffman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the action of the Cabinet be approved by the Board of Trustees. A detailed tabulation of said bids is on file in the offices of the Auditor of State and the Director of Physical Plant and is included in the records of the University Cabinet.

*Installation of Oxygen and Suction Outlet Plates
in University Hospital*

Lieb-Jackson Company—\$5,190.00

To be paid from Rotary 13727, University Hospital

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above action of the Cabinet was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

On October 18, 1949, the Board of Trustees approved the employment of Bellman, Gillett and Richards, of Toledo, to prepare the plans and supervise the construction of the proposed Auditorium on the campus of the Ohio State University at a rate not to exceed 6%. The contract for these architectural services has now been drawn up on the basis of 5½% of a target amount of \$2,500,000, or \$137,500.

On November 10, 1951, the Board of Trustees authorized a transfer of \$25,000 from the General University Fund, Rotary 12261, to G-2-F Auditorium, H. B. 671, to provide funds for the preliminary plans and specifications in connection with this project. It is now requested that the Board authorize an additional transfer in the amount of \$112,500 from the General University Fund, Rotary 12261, to G-2-F Auditorium, H. B. 671, to provide for the entire architectural contract.

Upon motion of Senator Huffman, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

In accordance with action taken by the Board of Trustees on November 17, 1952, authorizing the University Administration to become signatory to a lease agreement for oil and gas exploration purposes on the 25 acre Kansas holding of the Mershon estate, President Bevis signed a gas and oil lease on January 7, 1953 on the recommendation of Mr. M. L. Mershon, of Miami, Florida, Executor of the estate of Ralph D. Mershon, and the First National Bank of Winfield, Kansas, the Ancillary Administrator C.T.A.

The bonus paid for this lease, \$900, is an indication that oil and gas are present on the 25 acre tract. The first offer of a bonus for permission to drill was \$25 per acre, or \$625 total. The offer accepted by the Ancillary Administrator, as indicated above, was \$900.

Upon motion of Mr. Kettering, seconded by Senator Huffman, the Board ratified and approved the action of President Bevis in signing the lease agreement for oil and gas exploration purposes with L. O. Slocum of Winfield, Kansas.

* * * * *

The Vice President and Business Manager presented the following statement:

On December 18, 1952, President Bevis received from Mr. M. L. Mershon, Executor of the estate of Ralph D. Mershon, a check for \$175,000, representing the first distribution of income of the estate to the University. These funds have been deposited in a separate

section of the University Treasurer's account in the Ohio National Bank pending receipt of the remainder of the estate, which event should occur sometime within the next few months.

* * * * *

The Vice President and Business Manager presented the following statement and recommendation:

The Ohio State University is one of the beneficiaries named by the last will and testament of William Wallace Kincaid of Youngstown, New York. The amount of the bequest is not large and probably will not exceed \$15,000 in its entirety. In November, 1949, the University received from the executors the amount of \$2,462.95, being income to that date allocable to the residuary legatee.

Among the assets of the estate were certain shares of Spirella International and Spirella Incorporated. The portion of those shares belonging to the Ohio State University was 25 shares of Spirella International and 19 shares of Spirella Incorporated. These shares were sold and the proceeds in the amount of \$2,832.50 have been remitted to the Ohio State University.

All of the actions taken by the officers of the University with respect to this estate have been on the advice of Mr. Ralph Klapp, Assistant Attorney General of Ohio. In order to sell the shares of Spirella International and Spirella Incorporated, it was necessary for the President and Vice President and Business Manager to perform certain acts in accordance therewith. Counsel for the executors have asked that the following resolution be passed by the Board of Trustees of the Ohio State University ratifying the act of its administrative officers:

“RESOLVED: That the acts performed by Howard L. Bevis and Jacob B. Taylor, President and Vice President and Business Manager, respectively, of The Ohio State University, in effecting sale of the 25 shares of Spirella International Incorporated and 19 shares of The Spirella Company Incorporated owned by Ohio State University to Spirella International Incorporated, and in executing stock powers and other instruments for the purpose of carrying out the said sales, be and they hereby are confirmed and ratified.”

Upon motion of General Dargusch, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

Upon recommendation of the Director of Physical Plant and with the approval and recommendation of the University Cabinet, it is recommended that the following residences be demolished together with all the barns and out-buildings surrounding these buildings:

Double house at 720-722 Kinnear Road
 Double house at 736-738 Kinnear Road
 Single house at 1847 Olentangy River Road
 Single house at 1895 Olentangy River Road

Three of these residences are on University property acquired from James W. and Hanna Davis, now vacated. The other is on the

land acquired from the Alwood family. The condition of all four of these residences is so poor that it seems unwise and uneconomical to try to maintain them for further use.

Upon motion of Senator Huffman, seconded by Senator Bricker, the foregoing recommendation was approved.

* * * * *

The Vice President and Business Manager presented the following statement:

At the November 17, 1952 meeting of the Board of Trustees, it was reported that the American Chemical Society was interested in making a grant to the University of \$250,000, on a matching basis, to provide proper housing and library space for *Chemical Abstracts*. The Board of Trustees at that time authorized the University administration to proceed to negotiate with the American Chemical Society, looking toward the securing of such a grant. On December 6, 1952, the Board of Directors of the American Chemical Society passed a resolution authorizing certain officials of the American Chemical Society to discuss this project with the administration of the Ohio State University and to prepare and submit to the committee an agreement to be executed by the University and the American Chemical Society covering details of housing of *Chemical Abstracts* on this campus. This resolution also granted authority to the Executive Committee of the Board of Directors of the American Chemical Society to approve the proposed agreement and to execute the same.

Upon motion of Senator Bricker, seconded by Mr. Kettering, the President and the Vice President and Business Manager were authorized to negotiate with the officials of the American Chemical Society, looking toward the execution of an agreement between the University and Society for the housing of *Chemical Abstracts*, and the President is hereby authorized to sign such agreement for and on behalf of the Ohio State University when it is drawn up. The basis upon which the agreement is to be drawn is that the funds to be provided for this housing would be on a matching basis in the maximum amount of \$250,000 for each of the University and the Society and that the amount of \$250,000 for the University come from appropriated funds, or the University's own funds, or by a grant from the Research Foundation, as may seem the most advisable at the date on which the contracts for construction are entered into. All actions taken by the University with respect to this agreement with the American Chemical Society for the housing of *Chemical Abstracts* are to be reported to the Board at a later date.

The Vice President and Business Manager presented the following recommendation:

On February 11, 1952, the Board authorized the University Administration to select a proper place in the wall of the Administration Building to receive the urn containing the ashes of Mr. Herbert S. Atkinson, long time Trustee of this University. It also provided that an appropriate covering plaque be designed. The suggested location for the urn and the tablet is to left of the door of the Board of Trustees' room as it is entered. The Vice President and Business Manager now presented the suggested covering plaque as designed by the University Architect, H. D. Smith, for the Board's approval. The recommendation is that it be 7 inches high and 11 inches long and cast

in statuary bronze from a hand-modeled pattern. When it is put in place it is to be fastened with four concealed bolts fastened at the back of the plaque. The estimate of cost of the plaque, delivered and ready to put in place, is \$500.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendations were approved by unanimous vote.

On motion of General Dargusch, seconded by Senator Huffman, there was appropriated from the Trustees' Emergency Fund, for use by the Vice President and Business Manager, the sum of \$1000.

Dean Charles A. Doan of the College of Medicine now appeared before the Board and presented to each member a comprehensive type-written report covering the problems, plans and program for the Health Center.

After discussing this report, General Dargusch suggested that the President prepare a proper resolution for the consideration of the Board at its next meeting. This suggestion was agreed to.

The President now reported to the Board the death of George Washington Rightmire, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its very great sorrow at the death on December 23, 1952, of George Washington Rightmire, President Emeritus of The Ohio State University. With his passing at the age of 84 years, the University has lost the physical presence of one of its great architects and builders. The mark of his greatness, however, will be with us always.

Dr. Rightmire was born at Center Furnace, Lawrence County, on November 15, 1868. His father, who died eight years later, was a foundryman in one of the small charcoal furnaces of southern Ohio. Resources were slender in the family of Mrs. Louise Miller Rightmire and her five children and, at the age of 17, the boy who was destined to become President of this University began teaching in a country school in Scioto County. With funds accumulated through four years of teaching he entered The Ohio State University in 1889. After one year it was necessary for him to withdraw in order to earn more money and the next four years were spent in teaching and other work in vacations and after hours. In 1893 he returned to the University and graduated as a Bachelor of Philosophy in 1895.

Dr. Rightmire then taught history, civics and Latin at the old Columbus North High School, meanwhile working toward the master's degree which was completed in 1898. While continuing to teaching during the next four years he studied law and was admitted to the bar in 1902. In this same year he joined the faculty of The Ohio State University as Assistant Professor of American History and Instructor in Law. While teaching he practiced law for several years

and played an active part in the government of Columbus, serving for four years as President of the City Council. He was also Vice Mayor in the administration of Mayor Charles A. Bond.

Rising through the academic ranks, Dr. Rightmire became an honored teacher and Professor in the College of Law and, in 1908-1909, served as Acting Dean. Upon the retirement of President William Oxley Thompson, he was made Acting President in 1925. After a wide search for a permanent President, the Board of Trustees came back to him as a man who had clearly demonstrated his fitness for the position. He thus became the first alumnus to be named as President of this University and served until his retirement in 1938.

The personal experiences of a boy from humble circumstances doggedly pursuing the education he prized so highly were clearly reflected in President Rightmire's administration. He had a deep concern for the student as an individual with personal problems that needed attention if this University really meant to accomplish its mission as an opportunity for all who had ability and a love for learning. Concerned about the often difficult transition from secondary to university education and from home surroundings to a great institution, he pioneered in the establishment of Freshman Week as a period for orientation and personal guidance. He also instituted the office of Junior Dean as a way of giving continuing assistance to students in their beginning years.

In the depression years President Rightmire carried the heavy burden of responsibility for a great university in a most difficult time. Sharply reduced income brought the danger of tragic disintegration unless sound judgment and wise action could be brought to bear. A thorough study of every function, followed by courageous decisions and action, saved the University at a time of crisis. Keenly alert to the problems of students whose family incomes were falling to the level of subsistence, President Rightmire and his associates pioneered in the development of low-cost cooperative dormitories.

While the intense problems brought on by severe economic depression demanded much of the attention of President Rightmire, he steadfastly held to his first love of scholarship and good teaching. He himself was a rigorous scholar and recognized author and he sought constantly to develop these qualities in others. In his kindly way his influence was a great force for good in the lives of those who were privileged to be associated with him in this University.

He was, in fact, a completely devoted man whose keen and sympathetic interest in others, from lowest to highest station in life, was never dulled by either the eminence of his position or the weight of his burdens. His mark will long be upon The Ohio State University.

On behalf of the entire University, the Board of Trustees expresses to his family and the host of his friends its deep sympathy and sense of understanding of their loss. It is directed that this resolution be inscribed upon the minutes of the Board.

1-12-'53

Thereupon the Board adjourned to meet Monday, February 9, 1953, at 9:30 a. m. at the University.

Attest:

The Vice President and Business Manager, on behalf of the President, recommended that J. Edward Weaver be appointed Administrative Assistant to the Vice President and Business Manager, effective February 9, 1953 at a salary of \$10,032 per year.

On motion of Senator Huffman, seconded by Mr. Black, these recommendations of the President were approved by unanimous vote.

The President recommended that the following miscellaneous recommendations be approved:

That the following leaves of absence, without salary, be granted:

C. M. Ferguson, Director, Agricultural Extension Service, effective February 1 through December 31, 1953, in order to serve as Director of Extension in the United States Department of Agriculture;

John T. Mount, Assistant 4-H Club Leader, Agricultural Extension Service, effective February 1 through December 31, 1953, in order to serve as Acting Junior Dean and Secretary of the College of Agriculture;

Wilbur B. Wood, Junior Dean and Secretary of the College of Agriculture, effective February 1 through December 31, 1953, in order to serve as Acting Director of the Agricultural Extension Service;

That the leave of absence granted to Francis I. Bell, County Agricultural Agent of Williams County for foreign service in India, be extended for the period January 1 to December 31, 1953, without salary;

That authority to grant scholarships for elementary education teachers be continued for the year 1953-1954 on the same basis as at present;

That upon the recommendation of the Faculty Council at its meeting held on January 13, 1953, Rule 102, Excuse from University Requirements for Men and Women Students, be amended as follows:

"The President shall by rule determine the University policy with respect to excuse from the requirements of Rules 100 and 101 of students transferring with advanced standing from other institutions. Men students *determined to be entitled under the amended Universal Military Training and*

Service Act of 1950 to a 1-0 classification (conscientious objector available for civilian work) shall be excused by the President from the first requirement of Rule 100. The Departments of Military and Air Science may for other reasons excuse individual men students from any part or all of the first requirement of Rule 100. The Department of Physical Education may for other reasons excuse individual men or women students from any part or all of the Physical Education and Hygiene requirements of Rule 100 and 101."

The changes include the addition of the underlined sentence and the interchanging of the last two sentences.

On behalf of the President, the Vice President and Business Manager made the following report:

On January 27 the Vice President and Business Manager, substituting for the President, appeared before the House Finance Committee relative to the proposed outdoor theatre for the Sesquicentennial Celebration of the State of Ohio. Prior to this appearance, the University Architect had studied all the possible locations and made an estimate of cost and a tentative program of requirements. In order to provide space for 1600 people, the cost estimate was \$417,500. The

proposed location was in the under-slope woodland north of Kinnear Road, east of Starr Road (adjacent to the Rockwell factory). This location was indicated on a map prepared for this purpose.

The Finance Committee was informed that the University stood ready to do whatever the State of Ohio requested with respect to this coming celebration. Upon query, it was pointed out that the length of time to draw plans for such an outdoor theatre would be approximately 12 weeks and that construction time would be in the neighborhood of 4½ to 5 months, exclusive of the time required to advertise for bids. It is understood that the State Architect agrees with the University Architect in these estimates of time and cost.

During the discussion of this item in the Finance Committee, a question was raised as to whether a smaller celebration might be fitted into Ohio Stadium. In the interest of cooperating with the State of Ohio in developing this celebration, the answer was in the affirmative.

Subsequently, the House Finance Committee deleted the outdoor theatre item and provided a smaller appropriation for putting on a pageant either at the Stadium or at the Fair Grounds. In discussing this matter with members of the Finance Committee after this action was taken, it was learned that the lateness of the date had much to do with their action as it was their opinion that the proposed structure could not be made ready for use for the coming summer season.

In the absence of the President, the Vice President and Business Manager made the following statement relative to educational television:

1—The work of the Sub-Committee on Television of the Ohio Program Commission is practically completed. This Committee will recommend to the Legislature that appropriations be made for a unified television hook-up in the state universities. Under this recommendation, specific appropriations will be provided for the several universities for their stations and the cost of operating them. The cost of the micro-wave hook-up in all probability will be provided for in a lump sum appropriation for the network as a whole. All appropriations will be subject to release by the State Controlling Board.

2—Taking into consideration the progress which has been made with respect to the financing of the proposed television station, this University is perfecting its application to the Federal Communications Commission and in all probability will file it in the very near future. The Sub-Committee on Television of the Ohio Program Commission and other interested people in the Legislature have been so informed. It is highly essential that this University make such an application in the very near future to avoid the possibility of losing the channel which is tentatively assigned to it.

3—Further report on this matter will be presented to the Board of Trustees at the next meeting.

In the absence of the President, the Vice President and Business Manager made the following statement relative to the budget requests before the General Assembly:

1—In accordance with the principles adopted by the Inter-University Council and approved for this University by the Board of Trustees, the University filed a budget request for Maintenance and Operation of \$37,320,074. The Director of Finance has informed the University that the recommendation to the Legislature for the coming biennium, in accordance with the treatment uniformly accorded other State departments and the other members of the Inter-University Council, will be \$33,525,993. This is a reduction of \$3,794,081 from our request and it will have considerable influence on the ability of the University to advance salaries to any measurable extent during the current biennium. The amount recommended for this University must cover the increased cost of the Medical Center operation and fund the spending which was in excess of the rate provided in the appropriation bill for 1951-53.

2—The request for capital items is in the amount of \$21,620,000. The break-down of this request is in accordance with the approval of the Board of Trustees at the January 12, 1953 meeting. So far no indication has been given of the possibilities with respect to capital items. However, taking into consideration the large requirement for the Penitentiary, Welfare, and Highways, it seems unlikely that any large amount will be recommended for the Ohio State University. However, this is principally a matter of conjecture and recommendations with respect to capital items should be forthcoming within the next sixty days.

Further report concerning this matter will be made to the Board of Trustees.

Vice President Stradley presented the following report on the recent "Religion in Life Week" observance:

Between 7,000 and 8,000 students and faculty members at Ohio State University took part in "Religion in Life Week" at Ohio State University.

This included attendance at the college convocations, forums, seminars, classroom and resident group discussions, and other special sessions of the five-day observance, which ended here Thursday, January 29.

The effectiveness of the "Week's" program undoubtedly was due to the active participation of more than 200 students and faculty members in planning and executing the project. This year's "Religion in Life" program set a new pattern for an event of this kind in that it penetrated practically all aspects of the University life.

It has been highly encouraging to observe the response of the student body and the faculty to the excellent "Religion in Life Week" program.

The plans, specifications, bill of materials and estimate of cost for Remodeling the Student Services Building were approved by the Board of Trustees at their meeting on September 2, 1952. The University Architect has now recommended that the estimates presented for the Plumbing Division (\$16,250) and the Electrical Division (\$15,150) be revised to the following amounts:

\$29,000—Plumbing Division

18,500—Electrical Division

The project is payable from G-2-21 Rehabilitation of Existing Buildings, H. B. 672.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

Remodeling Student Services Building

The Vice President and Business Manager presented the following statement and recommendation:

In view of a restraining order preventing the University from opening bids or awarding a contract for this project until the matter of the right to receive combination bids was determined, the bids received on November 14, 1952 were sealed in an envelope and placed in the vault pending advice from the Attorney General. On January 9, 1953, Mr. Robert E. Leach, Chief Counsel in the office of the Attorney General, notified the University of a Common Pleas Court entry, approved on that date, dissolving the temporary restraining order.

Pursuant to a conference on January 23, 1953, the Director of Public Works requested the University to return, unopened, to the various contractors the bids submitted on November 14, 1952, and also approved immediate readvertisement, one time only, for new bids within a ten day period.

The unopened bids were returned on January 30, 1953 and at 2:00

P. M. on February 3, 1953, the University Cabinet met for the purpose of opening new bids for Remodeling Student Services Building. Director Moyer and Messrs. Allen and Moon, of the Department of Public Works, were also present. The following bids were received:

	<i>General Division No. 1</i>	<i>Heating Division No. 2</i>	<i>Plumbing Division No. 3</i>	<i>Electrical Division No. 4</i>
General Maintenance and Engineering Company.....	\$96,850			
Trapp Construction Company.....	95,980			
Geis Construction Company.....	92,827			
H. M. Boyajohn & Associates.....	96,400			
Joseph Skilken & Company.....	93,200			\$16,450
Sauer Company, Inc.....		\$10,522	\$31,354	
Huffman-Wolfe Company.....		10,740	32,400	
Thomas J. Croak.....		11,296	27,566	
Electric Power Equipment Co.				21,900
Electrical Contractors, Inc.....				20,740
Gustav Hirsch Organizations, Inc..				20,740
Architect's Estimate	\$115,000	\$14,600	\$29,000	\$18,500

The proposals submitted by Joseph Skilken & Company were irregular in that the bond was insufficient to cover the bids and the Form of Proposal had been altered. The University Cabinet therefore recommends that these bids be rejected. The low proposal of the Gustav Hirsch Organization, Incorporated in the amount of \$20,740 for the Electrical Division was in excess of the Architect's estimate of cost in the amount of \$18,500. It is the opinion of the University Architect that neither a lower bid nor wider competition would be received if this division were readvertised. The University Cabinet, therefore, makes the following recommendations:

That the Controlling Board be requested to grant the necessary approval of the award of the Electrical Contract to Gustav Hirsch Organization, Incorporated in the amount of \$20,740, inasmuch as this bid is in excess of the filed estimate of cost;

That, if this approval is granted, contracts for Remodeling Student Services Building be awarded as follows:

General Contract—Geis Construction Company—\$92,827

Heating Contract—Sauer Company, Incorporated—\$10,522

Plumbing Contract—Thomas J. Croak—\$27,566

Electrical Contract—Gustav Hirsch Organization, Inc.—\$20,740

Funds for this project are provided in G-2-21 Rehabilitation of Existing Buildings, H. G. 672.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager recommended the transfer of \$5,454 from Rotary A (University Hospital Rotary 13727) to G-2-J Installation of Oxygen and Suction Outlet Plates in University Hospital, H. Upon motion of Senator Huffman, seconded by Mr. Black, the above recommended transfer was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

There exist in our Rotary funds as of June 30, 1952 certain balances which, in accordance with procedure previously adopted by this Board, it seems desirable to consolidate in Rotary 12261, General University Fund. The purpose of this action is to provide a book transfer and to close out, as of June 30, 1952, the unused balances in these accounts. The transfers to Rotary 12261 will total \$2,811,625.42 and are comprised of the following

Rotary 12040	\$ 3,035.33
Rotary 12140	149.46
Rotary 12883	12.25
Rotary 12879	2,658,198.95
Rotary 12881	150,229.53
	<hr/>
	\$2,811,625.42

No expenditure, of course, is involved in this action and charges will not be made against Rotary 12261, General University Fund, without specific approval of the Board of Trustees.

Upon motion of Senator Huffman, seconded by Mr. Black, the foregoing recommendation and transfers were approved.

The Vice President and Business Manager presented the following recommendation:

In order to provide additional engineering service for the preparation of diagrams and schedules of furniture and interior equipment for five public rooms on the first floor of Oxley Hall Dormitory for Women, the University Cabinet recommends that David Schackne be employed, on a part-time basis under the direction of the University Architect, at the rate of \$5.00 per hour for not to exceed 40 hours.

Payments for this part-time service will be made from Dormitory Funds.

Upon motion of Mr. Ketner, seconded by General Dargusch, the Board approved the additional engineering service referred to above.

The Vice President and Business Manager, for and on behalf of the University Cabinet, presented the following report of the University Architect with respect to the University flag:

The final approval of the official design of the University flag by the Board of Trustees suggests that consideration be given to the type, size and number of flags to be obtained for University use.

The University Architect presents the following analysis for consideration:

I The President's Ceremonial Flag.

This should be made of real silk or some suitable substitute, double faced, for indoor parade use, with lettering and devices sewed on with similar material, or embroidered on to the fabric with thread of similar material, fringed on three edges and executed with best quality of material and workmanship available.

It should be 4 feet by 6 feet in size and should be kept in the President's custody for continuous or periodic display in

his office or in the Board Room. It would be used at commencements, special ceremonies, pageants, reviews and parades. It should be provided with staff, top, standard and belt for office, platform or parade display.

Estimates of cost by Ohio Pennant Company in "Glory Gloss Silk"; single-faced, \$114. Lettering and emblems embroidered (as per Columbus City sample submitted) double-faced, \$142; single-faced, \$80.

Staff—9'-0" two section, \$15.50; Eagle for Staff, \$9.00

Stand for Office, \$10.40; Belt, \$6.60

II All other flags should be for outdoor use and should be of cotton linene (Indian Head) or bunting (Bulldog Bunting) or of some modern linen or silk substitute such as Nylon (Dura-Lite). These outdoor flags would not have fringed edges.

a. Administration Building Plaza.

For use on the Administration Building present flag pole either below the United States flag or alone. If and when a second flag pole is erected at the west end of the plaza this should be used for flying a University flag when the U. S. and/or the State of Ohio flag is flown on the east pole. The present east pole is 60 feet high and the U. S. flag, now used there, is 8 feet by 12 feet, and the University flag should be the same size.

Estimates of cost (Ohio Pennant Company) of this large size in cotton (Bulldog Bunting) are single-faced, \$196; double-faced with shield only on scarlet back*, \$345; double-faced full lettering and symbols both sides, \$394.

* Since the face of the official flag is predominantly gray, it is recommended that flags for some locations, including this one, be made up with the regular design on one side, the other side being plain scarlet having a plain gray seal-like shield with a superimposed scarlet O. This will provide more scarlet in the folds of the draped flag than will show on the flag which is predominantly gray on both sides.

b. Fifteenth Avenue Entrance.

For one pylon on either side of Fifteenth Avenue. This pair should be of nylon (Dura-lite) 4 feet by 6 feet.

Estimates of cost (Ohio Pennant Company)

Bunting single-faced.....\$ 82.50

*single-faced

scarlet back..... 92.00

double-faced..... 99.00

Nylon single-faced..... 123.50

single-faced

scarlet back..... 143.00

double-faced..... 151.50

Wood staffs are provided at this location.

Metal staffs would be better.

c. Ohio Union.

(1) For one side of the main entrance on a removable slanting pole. This would be used as one of a pair, the other flag

being a U. S. flag, an Ohio flag or on special occasions some other flag or pennant when it is desired to give special recognition or honor.

This flag should be 4 feet by 6 feet (recommended by J. N. Richards). Estimates of cost same as for High Street entrance given in b above.

Removable metal flag poles 17 feet long will be required at these places.

- (2) For at least one of the ten flag poles over the sculptured panels on the east facing High Street. (It has been suggested that on some occasions the flags of the Western Conference institutions be flown on these poles, and that each of the schools might provide a flag for this purpose).

These flags should be 4 feet by 6 feet, same as indicated above for Administration and Fifteenth Avenue. Estimates of cost same as above.

- (3) For one or two of the twelve locations adjacent to the first and second story terraces on the west side of the building facing the Hollow for which the brackets are already in place, but poles would have to be provided. There are six locations on each of the two stories and on occasions it will be desirable to fly flags or pennants on all of the locations.

Mr. John Richards has suggested the possibility of using smaller flags at these locations, say 3 feet by 5 feet. Estimates of cost of the 4x6 flags would be same as given for flags above in this report. The 3x5 flags would be only slightly less, since they would require less material but not much less labor.

d. Ohio Stadium

- (1) For athletic events the present type of flag, having only the lettering OHIO STATE, in use around the Stadium in connection with pennants of other institutions seems more appropriate than the more complicated University flag. However, it is proposed that, for commencement or other ceremonies, three University flags be used on the north and south towers, to be used in pairs with other flags (such as U. S. flag or the Ohio flag). One would be used on each of the south towers and one on one of the north towers. These should be 8 feet by 12 feet, the same size as the flags now in use at these locations. Approximate cost would be same as given in II above for Administration building 8x12 flags.

- (2) If it is desired to fly a University flag on the 80 foot high flag pole at the south end of the playing field, either alone or below the 20 foot by 30 foot United States flag, now used there, it should be 10 feet by 15 feet, the reverse side of scarlet with gray shield and scarlet O.

Estimate of cost in bunting type fabric, singled faced, \$283; reverse scarlet, etc., \$425; double-faced, \$496.

e. University Golf Course

For flying alone or below the United States flag on the golf course flag pole. The pole is approximately 50 feet high and the present U. S. flag used is 8 feet by 12 feet.

This University flag should be not less than 5 feet by 9 feet. Estimated cost, bunting type, \$110, \$165, and \$192.50.

f. University Airport.

For flying alone or below the United States flag on the airport flag pole. The pole is approximately 50 feet high and the present U. S. flag used there is 5 x 9 feet.

Estimated cost same as above for Golf Course.

g. Gibraltar Island.

For flying alone or below the United States flag on the flagpole on the island. The pole is approximately 30 feet high and the present University pennant type now in use is approximately 3 feet by 5 feet.

This flag should not be less than 4 x 6 feet, Estimated cost same as for Fifteenth Avenue entrance given above.

Upon motion of Mr. Black, seconded by Mr. Ketner, the University Cabinet was authorized and directed by unanimous vote of the Board to procure the necessary flags in accordance with the specifications set forth in the report of the University Architect above.

The Vice President and Business Manager presented the following statement and recommendation:

In the final settlement of the John A. Bownocker Estate, of which the Ohio State University was one of the beneficiaries, the Ohio National Bank, Trustee, transferred to the Ohio State University Certificate No. 149 for six shares of First Preferred Stock of The Northwest Boulevard Company. At that time the stock was believed to have no value.

The Northwest Boulevard Company has been in receivership since June, 1933. We have now been informed by Mr. W. N. Postlewaite, of Power, Griffith and Jones, attorneys for King G. Thompson, receiver of this company, that the holders of this preferred stock are to receive \$70 per share in full and final liquidation.

It is recommended, therefore, that the Vice President and Business Manager be authorized for and on behalf of the University to transfer to Mr. King G. Thompson, Receiver, the six shares previously described in order to permit the Northwest Boulevard Company to effect orderly dissolution. The University will, thereupon, receive \$420 which will become a part of the John A. Bownocker fund.

Upon motion of General Dargusch, seconded by Senator Huffman, the transfer of stock referred to above was approved by unanimous vote.

The Vice President and Business Manager presented the following report:

At the January 12, 1953 meeting of the Board of Trustees, it was reported that a check in the amount of \$2,832.50 was received from the William Wallace Kincaid estate, representing a further instalment of the University's share of this estate.

It is now reported that this check has been deposited in the Ohio National Bank in the University Treasurer's account (Rotary 8911, William Wallace Kincaid Fund) pending receipt of the balance of the estate and a final determination of its investment and use.

The Vice President and Business Manager presented the following statement and recommendation:

Anna E. Smith has made a bequest to the Ohio State University, through the Ohio State University Fund, in the approximate amount of \$45,500. Following is Item 8 of the Last Will and Testament of Anna E. Smith which indicates the purposes for which the bequest has been made:

"All the rest and residue of my property, whether real, personal or mixed, and wheresoever the same may be situated or located, which I may own or have the right to dispose of at the time of my death, I hereby give, devise and bequeath unto The Ohio State University, through The Ohio State University Development Fund, to be used for the study and teaching of the origin and cause of human disease and the prevention thereof; and, in connection with said purpose, to establish and maintain professorships, scholarships and fellowships; to construct, maintain and equip laboratories, clinics, dispensaries and other places for such study and research and to provide for the proper housing of the same; to publish and disseminate the results of such study and research not only in scientific journals for physicians and scientists, but, also, by published publications, public lectures and other appropriate methods to give to the people of the United States generally the benefits of increased knowledge concerning the prevention of sickness and disease.

In aid of the foregoing purpose said beneficiary may from time to time use both the principal and the interest from this bequest in any manner that to it shall seem expedient, including research, publication, education, the establishment and maintenance of charitable, education or benevolent activities, agencies or institutions appropriate thereto, and to aid any such agencies or institutions already, or that may hereafter be, established."

In answer to a specific question to this effect, Mr. Kenyon S. Campbell, Field Director of the Development Fund, has stated that, in his opinion, this will can be construed so as to permit the Ohio State University to invest and re-invest the proceeds of the bequest, or to use either interest or principal or both, as needed.

The Vice President and Business Manager has received from the Development Fund a check for \$42,000 representing the first distribution of this bequest. This check has been deposited in the University Treasurer's account in the Ohio National Bank (Rotary 8921, Anna E. Smith Fund) pending receipt of the remainder of the estate, estimated to be \$3,500. Discussions will be held with Dr. Doan, Dean of the College of Medicine, looking toward the possibility of investing these funds similar to those of the Mershon estate and that, at least for the present, only the income be used. Further report will be made to the Board of Trustees before any final action is taken.

Vice President Heimberger presented the following resolution relative to the death of Dr. Edward Harlan Wilson:

The Board of Trustees expresses its sorrow at the death of Dr. Edward Harlan Wilson, Professor of Surgery and head

of the Division of Orthopedic Surgery in University Hospital, on December 14, 1952. Dr. Wilson also directed the activities at Children's Hospital and at Mt. Carmel Hospital in the field of his specialization.

Born in Columbus in 1891, he was educated at Dartmouth College and received his medical degree from Harvard University. Following his internship and residency, he began his career in orthopedic surgery in this city in 1924. During World War II he became Resident Director of the American Hospital in Oxford, England, for which medical services he was made an Honorable Fellow of the Exeter College, Oxford. He was an active member of the American College of Surgeons, and the many other state and national associations having to do with his specialty.

More recently, he took a great personal interest in the establishment of the Rehabilitation Center at the new Health Center on this campus, in association with the Industrial Commission of Ohio. His active leadership in this development and his acceptance of the chairmanship of the Screening Committee for the selection of suitable patients have contributed immeasurably to the successful launching of this new venture.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss.

Upon motion of Mr. Black, seconded by Senator Huffman, the Board by unanimous vote approved the foregoing resolution and directed that it be inscribed upon the minutes of the Board and that a copy of this action and resolution be sent to members of Dr. Wilson's immediate family.

Vice President Heimberger presented the following recommendation from Director Richard L. Larkins to President Bevis relative to the proposed renewal of the Rose Bowl pact:

"I am transmitting to you for your consideration and further action, the action of the Athletic Board in regard to the Rose Bowl pact.

At the Athletic Board meeting on January 21, 1953, 'Dr. Postle, Western Conference faculty representative, reported on recent conference matters. This included the invitation of the Pacific Coast Conference to renew the Rose Bowl pact for an additional period of three years. Following extensive discussion by the Board, Mr. Jenkins moved this Board go on record as favoring acceptance of the invitation providing there is some improvement in the allocation of tickets among the participating schools and some improvement in the price of tickets. This was seconded by Mr. Krill and unanimously approved by the Board.'

The transmittal of this action to you is by direction of the Athletic Board."

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board by unanimous action, voted to receive and file this report and to record its approval of the Rose Bowl pact as provided in the Athletic Board action.

In the January 12, 1953 meeting of the Board of Trustees the increase for Frances Patch should have been listed in the Department of Agronomy rather than in Agricultural Extension.

* * * * *

That the following miscellaneous recommendatoinis be approved:

That Alma L. Garvin, Extension Specialist in Nutrition (Professor) in the Agricultural Extension Service, be retired effective March 31, 1953, and that she be given the title of Professor Emeritus and be paid \$168 per year from Fund 9001, to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment 4002 is required because her retirement allowance exceeds the University guarantee.

That Chester C. Lang, State 4-H Club Leader in the Agricultural Extension Service, be granted a leave of absence, without salary, effective March 9, 1953, for one year in order that he may serve on the National 4-H Club Staff in Washington, D. C.;

That the leave of absence, without salary, granted to D. R. Dodd, Extension Agronomist in the Agricultural Extension Service, for foreign agricultural work in Europe under the Mutual Security Agency, be extended for the period April 1 to December 31, 1953;

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$3,600.00 from the Research Corporation, New York City, for research to be conducted under the direction of Dr. Earl W. Malmberg of the Department of Chemistry—to be credited to Research Corporation Rotary 11660;

\$1,800.00 from the Research Corporation, New York City, to be

credited to Research Corporation Rotary 11664. This is a continuation of a grant to Dr. Harold Shechter of the Department of Chemistry;

\$1,000.00 from Universal Oil Products Company, Des Plaines, Illinois, for scholarships in Chemical Engineering—to be credited to Universal Oil Products Company Rotary 11865;

\$802.00 from the Social Science Research Council, Incorporated, New York City, to be credited to Social Science Research Council Incorporated Rotary 11719;

From the Development Fund

\$2,500—to be credited to Parke, Davis & Company Rotary 11594.

That in accordance with the recommendation of the University Faculty Council, degrees be awarded at the Winter Convocation on March 20, 1953, to the following named students who have completed their requirements therefor:

On motion of Mr. Black, seconded by Senator Bricker, these recommendations of the President were approved by unanimous vote.

General Dargusch now presented the following resolution:

The Ohio State University has long recognized the need for training more doctors, dentists, veterinarians, nurses and allied health personnel. When funds for the present Health Center were originally sought, it was with the dual purpose of providing improved health services to the people of the state, and additional facilities with which to educate more doctors, dentists, veterinarians, nurses and allied health personnel.

As early as 1948 it was concluded that enrollment should be expanded in freshman medicine from 84 to 110 by 1950, and to 150 by 1951, and it was subsequently concluded that when possible so to do, the enrollment should be further increased to 200. The increase to 150 has been accomplished. It may be added that substantial increases have also been made in dental, veterinary, nursing and allied health enrollments. The Deans of medicine, dentistry, veterinary medicine and their staffs, are to be commended for the splendid cooperation which has led to the very significant increase in enrollments.

These increases in freshman classes have been accomplished notwithstanding the fact that all the needed facilities were not immedi-

ately available. In order to meet the goal of 150 freshman medical students, it was necessary to remodel Hamilton Hall, and A and B wings of Starling-Loving. The remodeling of Hamilton Hall is virtually completed. The remodeling of B wing of Starling-Loving is under construction. The remodeling of A wing has been planned and should be offered for bid soon.

The lack of necessary facilities has made it difficult for the College of Medicine to teach 150 freshmen. The continuing study of the over-all needs of the College of Medicine indicates that if the goal of 200 freshmen is to be reached, some additional facilities will be required. There are similar problems in dentistry and veterinary medicine. Current requests to the Governor and the General Assembly call for some additions to College of Medicine facilities, but it appears that it will not be possible to provide all the additional facilities in this biennium, and that the remainder will have to be worked out in subsequent years. The current University budget also contains substantial requests for veterinary medicine.

It should be noted in this connection, that expanded plant and teaching facilities entail greater operating costs resulting in substantial measure from increased maintenance and personnel requirements. Looking to the enrollment of 200 freshmen, the College of Medicine has gone on a four-quarter plan of instruction as distinguished from the three-quarter system formerly observed.

It is the firm conviction of the University, in which the Board of Trustees, the administration and the College of Medicine join, that the freshman class in medicine should be augmented as rapidly as possible and consistently with the maintenance of quality; this augmentation to be accomplished by the addition of whatever number may be added from time to time with the ultimate goal in mind of an increase from 150 to 200 freshmen, and depending of necessity upon how rapidly the physical plant of the Health Center can be rounded out, having in mind the other requirements of the University.

Upon motion of Mr. Black, seconded by General Dargusch, the above resolution was adopted by unanimous vote.

The Linn Collection

Vice President Heimberger now read the following statement concerning the Linn Collection and the proposed agreement with the Linn heirs:

Many years ago a Zanesville attorney, Talfourd P. Linn, began collecting works of Cervantes and continued this interest throughout his life. In this process he was frequently in consultation with men of our faculty and this collection is thus well-known to members of our Department of Romance Languages, notably Professor Robert E. Rockwood, the Chairman. Our men for many years have hoped that this University might eventually acquire the Linn Collection as a notable addition to its library resources. Professor Rockwood reports that there is no way of fixing an absolute value for the collection because it is so unique that there is no market price. It is his guess, however, that the books would bring at least \$15,000 and probably \$25,000 if offered for sale at one of the established rare book auctions.

Some months ago we were approached about the possibility of placing the collection on this campus as a loan for a minimum period of ten years with the strong possibility that the University would

eventually gain outright ownership. We were asked to propose an agreement for this loan and, after a favorable report from the University Committee on Portraits and Memorials and considerable negotiation with the Linn heirs, the following agreement has been approved by President Bevis and the present owners of the collection.

It is recommended that the Board of Trustees authorize the President to enter into this agreement.

The Ohio State University accepts custody of the Talfourd P. Linn Collection of books, an inventory of which is attached and signed by both parties. This acceptance is based upon the following conditions.

1. The Collection is to be in the custody of the University for a minimum period of ten years, subject to the termination or renewal or extension of this agreement for a greater or lesser time, at the discretion of the owner at the end of that period.
2. The Collection is to be known as "The Talfourd P. Linn Collection" and is to be kept intact except that, from time to time, selected volumes may be used for display purposes within the University Library and with the protections customarily given to rare books owned by the University when they are similarly displayed.
3. The University will exercise every reasonable care in the protection of the Collection and the standard shall be the care given to the University's own collection of rare books.
4. While the University will afford every reasonable protection as stated above, it will not be responsible for losses to the Collection due to fire, theft or other causes, nor will it be responsible for normal wear caused by careful use.
5. The University will determine what degree of access is to be granted to the Collection within the conditions it has established for the use of its own collection of rare materials. The Collection is to be used only under reasonable supervision and in the room or suite of rooms in which it is housed.
6. The University will be responsible for the transportation of the Collection from the Art Institute of Zanesville, Ohio, to the University campus.

(Signed) For the Ohio State University

Howard L. Bevis, President

For the owners

Francis S. Linn, Vincent B. Linn, Milman H. Linn, Jr.,
Jane Linn Gale (Mrs. Kenneth M. Gale)

Upon motion of Mr. Black, seconded by Senator Bricker, the Board by unanimous vote authorized the President to sign said agreement on behalf of the University, and requested the President to express to the Linn heirs the deep appreciation of the Board of Trustees.

Research

Vice President Heimberger presented the following report on the matter of Research.

Many factors go into the building of a faculty for a truly distinguished university—the kind of faculty we are trying to build and keep on this campus. Of major importance, of course, is the salary scale with which we have to meet the competition of other universities.

Other determinants of our success in building a strong faculty are a satisfactory retirement plan, a suitable policy on tenure and an atmosphere conducive to teaching and research of the highest quality. Still another is the provision of opportunities for continuing research, so that the faculty can make its proper contribution as a whole and so that the individual may continue to grow as a vigorous scholar.

One of our serious shortcomings has been the lack of a clearly established plan through which at least a fair portion of our faculty may be given research opportunities suited to their individual needs. This does not mean that research is not now recognized, encouraged and properly supported in many fields.

Recently the Faculty Council set up a committee for the purpose of seeing what might be done in a realistic way to provide limited research assignments on a competitive basis for at least a few of our most promising scholars. This committee, under the chairmanship of Edison Bowers, reported to the last meeting of the Faculty Council and its report was unanimously approved.

The report recommends that the University recognize the principle of assigning certain staff members to research duty for brief periods on the basis of open competition for whatever funds may be available. The committee understands clearly that funds may be sharply limited in the years immediately ahead and it will be happy to make a very small beginning in the hope that the plan, once established, may be able to grow in future years.

Very briefly stated, the plan would work this way. The individual scholar would present his research proposal to his chairman and dean, along with a plan for his replacement for the quarter, quarters or fraction of quarters that he would be assigned to research duty. If considered worthy of university support, the whole plan for research and replacement would be referred to the President's Office, where it would be placed in competition with other proposals. The President's Office, working with an advisory committee and knowing what could be spent for this purpose, would then give or withhold its approval.

As a way of finding out whether such a plan will really work and how much assigned research duty can be purchased with each dollar at our disposal, I have asked that \$15,000 of the \$175,000 earned by the University through contract research and allocated for research grants next year be set aside for a trial run or pilot study of the Bowers plan. This money does not come from A-1 funds and, if not used for this trial run, will be spent in support of research through the employment of assistants, the purchase of equipment, materials, etc. The committee which advises the President on the use of the \$175,000 has granted my request, pending, of course, approval by this Board of the principle that it may be used to employ replacements for men assigned temporarily to research duty.

It is my request that the Board of Trustees approve this plan for an experiment to be conducted within the general principles of the Bowers Committee report and authorize the President's Office to assign a limited number of faculty members, selected through open competition, to temporary research duty in 1953-1954.

Upon motion of General Dargusch, seconded by Mr. Ketner, the Board by unanimous vote approved the above plan and authorized the President's Office to proceed in accordance therewith.

The Vice President and Business Manager reported that the Cabinet has approved the following Extras to Contracts and recommended that they now be approved by the Board of Trustees:

Extras to Contracts

<i>Electric Power Equipment Company</i>	\$530.00
Install conduit, pull wires and boxes for telephones and buzzers, Remodeling University Hall for Philosophy Department Offices	
Original contract—\$5,426—December 30, 1952	
<i>G. W. Atkinson & Son</i>	\$700.00
Relocate obsolete elevator safety cut-out switch, replace 1 inch feeder conduit with 1 ¼ inch conduit, and remove chip of concrete-column covering, Remodeling and Elevator Work, Starling-Loving Hospital	
Original contract—\$7,500—July 3, 1952	

On motion of Mr. Black, seconded by Senator Bricker, these recommendations of the Cabinet were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following request presented by the University:

Request

258—transfer of \$264.00 from Rotary A (University Hospital, Rotary 13727) to G-2-J Installation of Oxygen and Suction Outlet Plates in University Hospital, H. B. 671, to provide funds for extra to contract.

New Lighting in Offices and Laboratory in Southeast Corner of Robinson Laboratory	8,500	F-1 Building Repairs, H.B. 671

Upon motion of Senator Bricker, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized

to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Remodeling A Wing, Starling-Loving Hospital	\$242,000	University Hospital Rotary Funds
Replacement of M Wing Win- dows, Starling-Loving Hospital	25,000	University Hospital Rotary Funds

Remodeling Mechanical Engineering Department, Robinson Laboratory	4,800, General 2,268, Electrical	G-2-21 Rehabilita- tion of Existing Buildings, H.B. 672

Upon motion of Senator Bricker, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

George Wells Knight House (International House)

On May 12, 1952, the Vice President and Business Manager reported that a survey had been made of the George Wells Knight House and recommended that certain improvements and replacements be made at an estimated cost of \$7,470.00. The Board of Trustees approved this recommendation on the above date.

As the work progressed, alterations and repairs other than those outlined in the original specifications were found to be desirable. The total cost of these additional improvements was \$1,162.89.

It is therefore recommended that the Board of Trustees authorize the total amount of \$8,632.89 to be paid from Dormitory Funds for the remodeling of the George Wells Knight House.

Upon motion of Senator Bricker, seconded by Mr. Black, the above recommended transfer was approved by unanimous vote.

* * * * *

The Vice President and Business Manager recommended the following transfers:

\$7,160.00—from Athletic Department funds to G-2-D Field House, H. B. 671, for architectural services to June 30, 1953, on the Field House.

5,000.00—from Rotary 8204 Baker Hall to Rotary 12002 Additions and Betterments—Architects, to provide salaries to June 30, 1953, for members of the University Architect's staff in connection with Women's Dormitories.

450.00—from Rotary 11261 General University Fund to G-2-F Auditorium, H. B. 671, to provide for topographic survey of Auditorium area.

Upon motion of Senator Bricker, seconded by Mr. Black, the above recommended transfers were approved by unanimous vote.

Women's Dormitories

The Vice President and Business Manager presented the following recommendation:

On November 17, 1952, the Board of Trustees authorized the employment of three mechanical engineers to provide emergency mechanical engineering services for the immediate completion of the drawings, specifications and bidding documents for the new Women's Dormitories. The cost of these services was estimated to be \$2,400.00.

Due to the fact that more drafting assistance was required than the University Architect estimated in November, the actual cost of this work exceeded the estimate by \$1,078.00.

The University Cabinet, therefore, now recommends that the Board of Trustees approve an increase in the compensation of these outside engineers and authorize the transfer of the necessary funds from Dormitory funds, to be paid as follows:

Harold A. Williams,	
Heating and Ventilating engineering services....	\$1,158.00
Frank L. Racher,	
Plumbing engineering services.....	720.00
Michael Passe,	
Electrical engineering services.....	1,600.00
	<hr/>
	\$3,478.00

Upon motion of Mr. Black, seconded by General Dargusch, the Board approved the emergency engineering services and the transfer of funds indicated above.

Davis Homestead

The Vice President and Business Manager presented the following statement and recommendation:

Upon recommendation of the Director of the Physical Plant and with the approval and recommendation of the University Cabinet, it is recommended that the house, barns, and sheds at 1873 Olentangy River Road (Davis homestead) be demolished. It is further recommended that the area around these buildings be thrown into the pasture land now being established in that area.

Upon motion of Mr. Black, seconded by Mr. Ketner, the foregoing recommendation was approved.

Supplemental retirement allowances for emeritus Professors

The Vice President and Business Manager presented the following recommendation:

Some years ago the Board of Trustees established the practice of using the major portion of the Interest on Endowment for the payment of supplemental retirement allowances for emeritus professors. As the amount of the Interest on Endowment was exhausted, it became necessary in these late years to have assistance from the Development Fund in order that these allowances might be paid. There will be needed an amount of \$10,000 to make supplemental payments for the period from March 1 to June 30, 1953.

It is recommended, therefore, that, inasmuch as the University has now come into a portion of the income of the Ralph D. Mershon fund, \$10,000 be transferred from this fund, Rotary 8901, to Rotary 11227, Emeritus Salaries, for the purpose of making the necessary payments of supplemental retirement allowances for emeritus professors and to supplement the Interest on Endowment. This will put the University on an entirely consistent basis in the meeting of this obligation.

Upon motion of Mr. Black, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

Transfers

The Vice President and Business Manager presented the following statement and recommendation:

There exist in our Rotary funds for the current year certain balances which, in accordance with procedure previously adopted by this Board, it seems desirable to consolidate in Rotary 12261, General University Fund. The purpose of this action is to provide a book transfer and to close out, the unused balances in these accounts. The transfers to Rotary 12261 will total \$193,714.32 and are comprised of the following:

Overhead on Contracts

Maude Morrill Haskett Will

The Vice President and Business Manager reported that Maude Morrill Haskett, deceased, had by her Last Will and Testament made the Ohio State University the residuary legatee of her property. It should be noted that Mrs. Haskett was a sister of J. Lewis Morrill, President of the University of Minnesota and formerly Vice President of the Ohio State University. It is estimated that the University's share of this estate, after the payments have been made to the life tenants, will be approximately \$5,000.

Among the items in the inventory of the estate is Lot. No. 16 in Block No. 138 in the Village of Upper Arlington, Ohio. The will provides that the Executor, Mr. Fred J. Milligan, may sell and convert into cash any property which is held under the will. To facilitate the sale of the aforesaid real property the Executor has given the power to execute all deeds and other instruments of conveyance without order of court and to sell said property for such prices as he deems fair and reasonable.

The University is in receipt of a form giving consent to the sale of the lot in Upper Arlington for the sum of \$3,000, with the request on the part of Mr. Milligan that the University join the other heirs, Mr. J. Lewis Morrill, Mr. Dewitt C. Morrill and Miss Helen G. Morrill, in the consent to sell such real estate. It is recommended, therefore, that President Revis be given authority to sign the form, for and on behalf of the University and consent to the sale of the real estate in the form prescribed by the Executor.

Upon motion of Mr. Black, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

William H. Dickinson Will

The will of William H. Dickinson, under which the Ohio State University becomes the residuary legatee, sets up a trust to be administered by The City National Bank & Trust Company and which contains securities at the current value of \$197,400 and real estate at \$38,300. Mr. Dickerson's will provides by Item XVII that until the corpus of the trust is delivered to the Ohio State University, the sale of any asset of the trust fund and the acquisition of any investment by the trustee with funds of the trust shall be subject to the approval

of a natural person appointed and authorized to act by the Board of Trustees of said University. Such person shall receive no compensation from the trust; shall serve at the pleasure of said Board and be replaced at its discretion; shall not, while so serving, have any direct or indirect business interest in or with, or any relation as creditor of or debtor to my trustee.

On August 5, 1952, the Probate Court, after a Declaratory Judgment Suit brought by the Executor, found that the intent of the section "shall be that such person shall not, while so serving, be an officer, director or employee of said City National Bank and Trust Company of Columbus, not be a borrower from nor carry an account of deposit in said Bank and that any other relation with said Trustee is not intended to disqualify said appointee."

It is recommended, therefore, that Vice President and Business Manager Jacob B. Taylor be appointed to act for the Board of Trustees in accordance with Item XVII of the will, he not being an officer, director or employee of The City National Bank and Trust Company of Columbus nor a borrower or depositor in said bank.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above recommendation was approved by unanimous vote.

Chemical Abstracts Building

The Vice President and Business Manager presented the following statement relating to the proposed Chemical Abstracts building:

The American Chemical Society has proposed a Form of Agreement which they intend to send us for acceptance by President Bevis and will transmit, in connection therewith, a check for \$25,000 for their share of the initial architectural fees for the design and construction of the proposed *Chemical Abstracts* building. It is the intention of the administration to proceed with this project with all possible dispatch and recommendation will be forthcoming at the next meeting for the employment of architects for this purpose.

The Vice President and Business Manager reported that in accordance with his usual custom, Mr. Franz T. Stone was sending 25 shares of Texas Gulf Producing Company stock as a further contribution to the Ohio State University, to be used in the College of Medicine. It will be recalled that two funds had been established in the College of Medicine in the name of Mr. Stone's father, Julius F. Stone, for medical research. This is a further evidence of the continuing warm interest that Mr. Franz Stone has had in the University.

The Board of Trustees, by unanimous agreement, requested the Vice President and Business Manager to express to Mr. Stone its appreciation for his continuing generous remembrance of this University in the form of these annual gifts for the use of the College of Medicine.

The Vice President and Business Manager reported to the Board of Trustees that the Ohio Program Commission had made a favorable report to the legislature on the creation of a television network to be located at the six state-supported colleges and universities in Ohio.

The Vice President and Business Manager also reported that the application for Channel 34, which is being tentatively reserved by the

3-9-'53

Federal Communications Commission for this area and the Ohio State University, has been forwarded to the Commission in Washington.

The Board expressed its approval of the part the administration has played in bringing to the attention of the people of Ohio, through the Ohio Program Commission, the advantages of educational television and the great benefits which would result to the people from such a network of stations located at the state-supported universities. The Board also expressed its approval of the administration's foresight in making application for Channel 34 at this time.

Mr. Ketner reported that at the last meeting of the Executive Committee of the Association of Governing Boards of State Universities and Allied Institutions, it was decided, in accordance with the general action taken at the annual meeting of the Association held in Portland, Oregon, on October 4, 1952, to divide the United States into regions for the purpose of developing a closer two-way channel of relationships between the State Universities and Allied Institutions and the National Association.

Mr. Ketner further reported that Region No. 5 comprises the states of Ohio, Indiana, Pennsylvania and Kentucky, and that he had been nominated director of the Region.

He inquired as to the attitude of the Trustees of Ohio State University regarding this regional policy and his acceptance of a directorship. The Board of Trustees expressed its approval of the policy and the assignment.

Thereupon the Board adjourned to meet Monday, April 20, 1953, at the University at 9:30 a. m.

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND SEVENTIETH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, April 20, 1953.

The Board of Trustees met at the University pursuant to adjournment.

Present: Judge Robert N. Gorman, Chairman, C. F. Kettering, Senator John W. Bricker, Forrest G. Ketner, Senator James W. Huffman, Robert F. Black and General Carlton S. Dargusch.

The minutes of the last meeting were approved.

* * * * *

President Bevis now presented the following statement and recommendation in the case of Dr. Byron T. Darling, Associate Professor of Physics and Astronomy:

On March 13, 1953, Dr. Byron Thorwell Darling, Associate Professor in the Department of Physics and Astronomy, appeared, pursuant to subpoena, before the House Un-American Activities Committee in Washington. He was accompanied by counsel.

In the course of an extended examination by the members of the Committee he refused, frequently after consultation with counsel, to answer a great many questions, assigning as his reason the protection of the First and Fifth Amendments to the Constitution of the United States. He refused to say: whether he was at the time or ever had been a member of the Communist Party or of any organization affiliated with, related to or controlled by it; whether he had performed services, either under his own name or any other name, for the Communist Party or for any such related organizations; whether he had ever received funds from that Party or from any such related organizations; whether there were Communist organizations within the Ohio State University; whether certain of his colleagues were Communists.

The evidence supporting these charges is chiefly set forth in the record of the Congressional Committee hearing.

The official record of the hearing will be made available for more detailed reference at the time of the meeting of the Board.

Upon receipt of information of Dr. Darling's refusal to answer these questions I suspended him from all further duties at the University until such time as complete study could be made of the record and opportunity afforded Dr. Darling to offer explanation or defense.

On March 24, after studying the record I sent to Dr. Darling by messenger a statement in the form of a letter in which, after reference to the facts of his appearance before the Un-American Activities Committee, I said: "Your refusal to answer these questions raises serious doubt as to your fitness to hold the position you occupy. Doubt is raised as to your ability to answer these questions truthfully without self-incrimination. Doubt is raised as to your moral integrity. Doubt is cast upon the loyalty of your colleagues and the integrity of

the University itself. There is also serious implication of gross insubordination to the University policy and of conduct clearly inimical to the best interests of the University."

In this communication I set the date for a hearing in my office on April 2 at 10 a. m. I also indicated that the hearing would be attended by Professors Alpheus W. Smith, Henry E. Hoagland, and Lawrence A. Kauffman for the faculty and by the three Vice Presidents and the Assistant to the President.

Dr. Darling through the public press stated that he had received this communication.

On Thursday, April 2, Dr. Darling appeared for the hearing at my office alone. After the hearing had begun he asked to make a statement and pleaded at length his inability to procure counsel. Accordingly the hearing was adjourned until Saturday, April 4, at 10 a. m. On that date he appeared, accompanied by James C. Harris, Assistant Professor in the department of Physics and Astronomy, and by Joseph Forer, attorney of Washington, D. C. Mr. Forer had represented him on March 13 in the hearing before the Congressional Committee.

At this hearing, Dr. Darling presented his answer and statement of defense. His answer appears as a part of the record of the hearing.

Two points in his answer require notice.

1) After stating correctly that the chief ground of complaint against him was his refusal, before the Congressional Committee, to answer the questions concerning Communist membership, affiliation or activity under the protection of the Fifth Amendment to the Constitution of the United States, he asks: "How can the exercise of a legal right, what is more a constitutional right, be illegal, or immoral . . . ?"

It is one of the oldest teachings of human experience that an act may be technically legal, but highly immoral.

Yet, proceeding from the premise implied in this question he builds up the conclusion that: "The fundamental . . . approach of the charges against me is that there is something bad about the use of the Fifth Amendment, and, it inevitably follows, in the Amendment itself."

The fallacy of this reasoning is apparent. We are not finding fault with the Fifth Amendment. It is properly designed to give protection within specified limits. My charge is that Dr. Darling failed in his duty to the University. Against this failure the Fifth Amendment is no protection.

2) In his unsworn answer Dr. Darling states that he is not and never has been a member of the Communist Party, nor of any organization which, to his knowledge, was affiliated or connected with the Communist Party.

"Why then," he asks, "did I refuse to answer before the Velde Committee on the basis of the First and Fifth Amendments, questions which I could have truthfully and honestly answered in the negative?"

"The answer is this. I refused to answer because: (1) I felt I had the legal and moral right to refuse; (2) though I was innocent, I felt I was in a position of undeserved danger if I answered the questions; and (3) I also felt that the Velde Committee's inquiry into education is a violation of the academic freedom and freedoms of speech and association guaranteed in the First Amendment."

What was the danger referred to in portion (2) of this statement?

After stating that he believed the Committee had information which was false, Dr. Darling said, "But if I testified to the truth, then I ran the risk of being charged and even convicted, of perjury on the basis of evidence in the Committee's possession, which evidence was either false or capable of being falsely interpreted."

Taking Dr. Darling's statements at their face value the question is, was he justified in inflicting inevitable injury upon the University because of his fear of miscarriage of justice?

Proceeding now to analyze the situation, the controlling issue in this whole matter is Dr. Darling's fitness to hold faculty rank in the Ohio State University.

It is hardly necessary to say that, whatever Dr. Darling's professional excellence in teaching and research, there is no place for him on our Faculty if he is a Communist. Members of the Communist Party give their allegiance to an organization controlled by a foreign power and devoted to the destruction of our government. They are not mentally or spiritually free. They cannot measure up to the requirements of a University professorship. It is the settled policy of this University not to employ or retain Communists on its staff.

Referring to the record of his appearance before the Committee it should be observed that Dr. Darling appeared not merely in his personal capacity but as an Associate Professor of The Ohio State University. At that hearing Dr. Darling did not admit that he was a Communist, but he pointedly refused to deny it, claiming the protection of the Fifth Amendment. By taking this course he involved not only his own standing and prestige, but that of the University of which he was a part.

The Fifth Amendment is indeed a guaranty that one cannot be required to make statements which can be used as evidence against him in a criminal proceeding. But the Fifth Amendment does not refute the inferences which generally flow from public refusal to answer pertinent questions and does not prevent our consideration of the effect of such inferences in determining the fitness of Dr. Darling to hold professorial rank.

In a carefully reasoned statement just issued by the Association of American Universities comprising some thirty-seven of our leading educational institutions, represented by their presidents, occur these statements:

"There is a line at which 'freedom' or 'privilege' begins to be qualified by 'duty' or 'obligation' . . . The line thus drawn can be changed by legislative and judicial action; it has varied in the past because of prevailing anxieties as well as by realization of 'clear and present danger' . . . However much the location of the line may be criticized, it cannot be disregarded with impunity. Any member of the University who crosses the duly established line is not excused by the fact that he thinks the line is ill-drawn . . .

"As in all acts of association the professor accepts conventions which become morally binding. Above all, he owes his colleagues in the University complete candor and integrity precluding any kind of clandestine or conspiratorial activities. He owes equal candor to the public . . . In this respect the invocation of the Fifth Amendment places upon the professor a heavy burden of proof of his fitness to hold a teaching position and lays upon his university an obligation to re-examine his qualifications for membership in its society."

In such re-examination it must be observed that the "tenure" accorded professorial rank by university tradition and our own University's rules is not to be lightly abrogated. It is, however, as the foregoing quotations affirm, a "right" or "privilege" coupled with correlative "duties" and "obligations." If the obligations are violated the privilege is extinguished.

In re-examining Dr. Darling's qualifications it should be said at once that on our campus and indeed throughout the country, he is regarded as an outstanding research man in his field, and that he is a very good teacher.

Moreover he appears to have conducted himself while on our campus with scrupulous propriety. There is no evidence of any kind of political activity and there is common agreement that he gave no indication of bias or leaning toward communist ideology. He appeared consistently during all the time he was on our campus as a competent and devoted man of science. There appeared from his conduct no reason to question his loyalty.

A number of his colleagues have made a statement to this effect. Their statements are a part of the record of the hearing.

Forty-eight graduate students and six others who have recently completed their graduate work, all of whom had sat in Dr. Darling's classes, presented to me a statement testifying to the complete objectivity of Dr. Darling's teaching and the absence of anything approaching propaganda or indoctrination in his contacts with students. Their statement is included in the record of the hearing.

These facts are relevant and would carry weight were it not for Dr. Darling's public refusal to answer pertinent questions.

The crux of the whole matter, indeed, is in his refusal to answer pertinent questions.

It seems clear that the questions propounded to him were pertinent. A legislative committee has the right to ask such questions. Such committees may err in the manner in which they exercise the right, but the possibility that it may be badly exercised does not extinguish the right itself.

Having been asked the questions Dr. Darling's obligation to the University required him to answer them. In his personal capacity as a citizen he was free to claim the protection of the Fifth Amendment and bear whatever personal consequences might follow. But upon beginning his relationship with the University Dr. Darling assumed obligation and responsibilities to it and to his colleagues.

He assumed by necessary implication the duty to maintain in the public mind the University's integrity and good repute. In view of the University's fixed policy not to employ Communists or retain them if they ever were employed, he owed the University a duty not to cast doubt upon its integrity in this respect.

But beyond this general obligation, he assumed a very specific one. As a condition of his appointment he subscribed to an oath that he would support and defend the Constitution of the United States and further, that he did "not advocate nor (was) he a member of any political party or organization that advocates the overthrow of the government of the United States or the government of the State of Ohio by force or violence and that during the time he (was) such officer, instructor or employe of the Ohio State University he (would)

not advocate or become a member of any political party or organization which advocates the overthrow of either government by force or violence."

By prescribing this obligation the University Trustees definitely established University policy and by subscribing to the oath Dr. Darling solemnly acknowledged the duty to conform to their policy. This duty included candid and truthful answer to pertinent questions.

These questions relating to Communist affiliations were susceptible to categorical answers: yes or no. If the truthful answer was yes, Dr. Darling's unfitness to hold the position he occupies becomes manifest. If Dr. Darling could truthfully have answered no, he owed the solemn duty to the University and his colleagues to give that answer.

By refusing to say whether he had ever belonged to the Communist Party or any related organization, whether he had ever performed services for or received funds from that party or such organizations, Dr. Darling did grave injury to the University and its faculty. By refusing to say whether certain of his colleagues were Communists he cast an unwarranted aspersion upon them individually.

These considerations lead only to the conclusion that Dr. Darling has shown his unfitness for the position he holds. They show a lack of candor and moral integrity in matters vital to his professorial status. They show gross insubordination to University policy. They show conduct clearly inimical to the best interests of the University.

I want to add that all those from the Faculty and the Administration who sat with me participated freely in this hearing and concurred in the foregoing conclusion.

It is my recommendation, therefore, that Byron Thorwell Darling be discharged from his position as Associate Professor and from the service of The Ohio State University effective as of this date.

Following a detailed study of the above statement and recommendation, and also the Transcript of Closed Hearing of the case before President Bevis held on April 2 and 4, 1953, General Dargusch moved that the President's recommendation be approved and that Associate Professor Byron Thorwell Darling be dismissed effective April 7, 1953.

This motion was seconded by Senator Huffman, and upon roll call was approved by unanimous vote.

Chairman Gorman now read to the Board the following statement concerning this case and upon motion of General Dargusch, seconded by Mr. Ketner, the Board by unanimous vote directed that this statement be made a part of the official Minutes of this meeting.

The Board of Trustees has thoroughly examined the record in the case of Byron Thorwell Darling, and after so doing approved the recommendation of the President that Darling be discharged from his position as Associate Professor and from the Ohio State University.

At a hearing on March 13, 1953, before the House Un-American Activities Committee in Washington, D. C., Darling declined to testify under oath whether or not he was a Communist, and declined to answer other pertinent questions. The ground for his refusal was that the answers might tend to incriminate him, and claimed the privilege to refuse under the provisions of the Fifth Amendment.

On the other hand, in the hearing before President Bevis on April 4, 1953, while not under oath, Darling denied that he ever was or had been a Communist. Yet when under oath he declined to answer.

It has always been the law of both Great Britain under the Magna Charta and the United States that "to entitle a party called as a witness to the privilege of silence the court must see, from the circumstances of the case and the nature of the evidence, which the witness is called to give, that there is reasonable ground to apprehend danger to the witness from his being compelled to answer." *Mason v. United States*, 244 U. S. 62. Only recently where privilege was claimed the Supreme Court of the United States said, "but this protection must be confined to instances where the witness has reasonable cause to apprehend danger from a direct answer. The witness is not exonerated from answering merely because he declares in so doing he would incriminate himself—his say so does not of itself establish the hazard of incrimination." *Hoffman v. United States*, 341 U. S. 479.

Darling's statement that the reason he did not testify before the Congressional committee was that "he ran the risk of being charged, and even convicted of perjury on the basis of evidence in the Committee's possession, which was either false or capable of being falsely interpreted." This was a clear cut evasion of his responsibility as a university professor and citizen. If the statement that he was not a Communist were true, he had nothing to fear from anything, including an indictment for perjury. Unless previous testimony had been given under oath, the contention that an answer to a question may subject one to perjury is untenable. "It is neither sound in law, nor morals." *Cf. State v. Cox*, 87 Ohio St., 313, 348.

The question of Darling's tenure is not a legal one, but rather one of what should be the attitude of an educator towards his university and government, when summoned to give information as President Bevis so well pointed out in his recommendation.

No true American can find fault with the announced purpose of investigations by Congressional committees. There may be criticism by some that at times the investigators have not complied with all the procedures and standards set forth by our courts. This was not, however, apparent in reference to Professor Darling's appearance before the committee.

The duty is imposed upon all called to testify that they must testify truthfully and honestly, except those who would incriminate themselves by so doing. Their refusal is not mitigated by opposition to the interrogators or their methods, unless Congress or the courts otherwise determine.

If a legislative committee should abuse its prerogatives by unfair or improper questions to wrongfully harass any member of the university faculty or staff, which was not done in the case of Professor Darling, the Board of Trustees as well as the public at large, would immediately rise to the defense of that person.

We have, heretofore, expressed our confidence in the ability, integrity and loyalty of the President, faculty, and staff generally. Because instances such as the one before us may be misunderstood we want to reiterate the position of the Board of Trustees.

We heartily approve the principles contained in a statement of the Association of American Universities issued on March 31, 1952. In that statement it is said that refusal to answer questions and the

invocation of the Fifth Amendment "places upon a professor a heavy burden of proof of his fitness to hold a teaching position, and lays upon his university an obligation to re-examine his qualifications for membership in its society."

President Bevis has re-examined the qualifications of Professor Darling, and has made his report, in which we concur. In so doing, neither the President nor the Board of Trustees has in any way abridged the basic principles of academic freedom. We desire the faculty and staff to know that we endorse without qualification the concluding paragraph of the statement of the Association of American Universities, which bears repetition:

"Finally, we assert that freedom of thought and speech is vital to the maintenance of the American system and is essential to the general welfare. Condemnation of Communism and its protagonists is not to be interpreted as readiness to curb social, political, or economic investigation and research. To insist upon complete conformity to current beliefs and practices would do infinite harm to the principle of freedom, which is the greatest, the central American doctrine. Fidelity to that principle has made it possible for the universities of America to confer great benefits upon our society and country. Adherence to that principle is the only guarantee that the nation may continue to enjoy those benefits."

* * * * *

General Dargusch now offered the following motion:

The President, the Vice Presidents, the Assistant to the President and the Faculty members who participated in the hearing are commended for their judicious handling of this matter.

This motion was seconded by Senator Huffman, and upon roll call was approved by unanimous vote.

That the following miscellaneous recommendations be approved:

That the supplementary retirement allowance of the late Professor Emeritus Boyd H. Bode, who died March 29, 1953, be paid through March 31, 1953. Monthly payments total \$120 from Interest on Endowment 4002 and \$17 from Fund 9001.

That upon the recommendation of the Director of the Institute of Nutrition and Food Technology and with the approval of the

respective Deans, the Director of the Ohio Agricultural Experiment Station and the Graduate School, the following persons be appointed to the staff of the Institute of Nutrition and Food Technology, effective at once:

Fordyce Ely	Professor and Chairman	Dairy Science
Thomas M. Ludwick	Associate Professor	Dairy Science
Susan R. Christian	Assistant Professor	Home Economics Extension

That the Lamme Medal be awarded at the June Commencement on June 12, 1953, to Dr. Ralph E. Hall, a graduate of the Class of 1911 with the degree of Master of Arts. He received also a professional degree of Chemical Engineer in 1939.

Since Dr. Hall's retirement from the active technical direction of Hall Laboratories, Incorporated in April 1950, he has continued to serve as a consultant for this organization. He is also a member of the Board of Directors of Hagan Corporation, Hall Laboratories, Incorporated, The Buromin Company and Calgon, Incorporated.

That the Memorandum of Agreement between The Ohio State University and the Department of Health of the State of Ohio for the purpose of establishing a tuberculosis case-finding program in Columbus, Ohio, be approved.

That General Carlton S. Dargusch and Mr. James F. Lincoln be continued as the representatives of the Trustees on the Ohio State University Development Fund Board for a period of two years.

That the research agreements heretofore entered into between The Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Cleveland Ordnance District, Cleveland, Ohio—Investigation of Design of Propellants (to be known as the Cleveland Ordnance District Research Project No. 496 (Supp. No. 2)—Chemistry. Gross value \$5,000);

Air Force Cambridge Research Center, Cambridge, Massachusetts—Investigation of Gravity Data (to be known as the Air Force Cambridge Research Center Research Project No. 504 (Supp. No. 1)—Geology. Gross value \$60,000);

Air Research and Development Command, Lackland Air Force Base, San Antonio, Texas—Investigation of Study of retention of fundamentals of electricity and electronics (to be known as the Air Research and Development Command, Lackland Air Force Base Research Project No. 424 (Supp. No. 8)—Psychology. Gross value \$7,498.56);

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Fatigue Studies (to be known as the Wright Air Development Center Research Project No. 430 (Supp. No. 5)—Metallurgy. Gross value \$15,000);

Air Research and Development Command, Lackland Air Force Base, San Antonio, Texas—Investigation of Practice and Forgetting Changes in Time, Force and Pattern Characteristics of Basis Skill Components (to be known as the Air Research and Development Command, Lackland Air Force Base Research Project No. 412 (Supp. No. 7)—Psychology. Gross value \$73,733.04);

- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Heat Transfer Within Rotating Electrical Equipment (to be known as the Wright Air Development Center Research Project No. 445 (Supp. No. 4)—Mechanical Engineering. Gross value \$29,631);
- Radio Corporation of America, Camden, New Jersey—Investigation of Superturndstile Antenna (to be known as the Radio Corporation of America Research Project No. 460 (C. O. No. 3)—Electrical Engineering. Gross value \$17,000);
- Cleveland Ordnance District, Cleveland, Ohio—Investigation of Role of Steric Factors in Organic Chemistry (to be known as the Cleveland Ordnance District Research Project No. 559—Chemistry. Gross value \$13,400);
- Godfrey L. Cabot, Incorporated, Boston, Massachusetts—Investigation of Application of Wollastonite in Ceramic Field (to be known as the Godfrey L. Cabot Research Project No. 506 (Amendment No. 2)—Engineering Experiment Station. Gross value \$14,520);
- Firestone Tire and Rubber Company, Akron, Ohio—Investigation of Health Hazards of Certain Compounds and Products (to be known as the Firestone Tire and Rubber Company Research Project No. 246 (Ext. No. 7)—Pathology. Gross value \$10,728);
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Photogrammetric, Geodetic and Cartographic Research (to be known as the Wright Air Development Center Research Project No. 485 (Supp. No. 7)—Geology. Gross value \$49,900);
- Laboratory Procurement Office, Signal Corps Supply Agency, Fort Monmouth, New Jersey—Investigation of Wide Bands Techniques for Ground Based Antennas (to be known as the Laboratory Procurement Office, Signal Corps Supply Agency Research Project No. 510 (Mod. No. 2)—Electrical Engineering. Gross value \$33,437);
- Cleveland Ordnance District, Cleveland, Ohio—Investigation of Emission Spectra of Atoms and Molecules (to be known as the Cleveland Ordnance District Research Project No. 560—Physics. Gross value \$26,510);
- Department of the Navy, Office of Naval Research, Washington, D. C.—Investigation of Properties of Lower Titanium Chlorides (to be known as the Department of the Navy, Office of Naval Research, Research Project No. 553—Chemistry. Gross value \$48,192);
- American Society of Mechanical Engineers, New York, New York—Investigation of Study of Eccentric Orifices (to be known as the American Society of Mechanical Engineers Research Project No. 535—Mechanical Engineering. Gross value \$800);
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Fuming Nitric Acid Containers (to be known as the Wright Air Development Center Research Project No. 409—Metallurgy. Gross value \$58,485);
- Atlas Powder Company, Wilmington, Delaware—Investigation of Fermentability of Sorbitol by Oral Micro-organisms (to be

- known as the Atlas Powder Company Research Project No. 512—Ext. 1—Bacteriology. Gross value \$5,000);
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Research on Microwave Energy Transmission (to be known as the Wright Air Development Center Research Project No. 531—Electrical Engineering. Gross value \$18,664);
- The Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Fibre Research (to be known as the Mathieson Chemical Corporation Research Project No. 1168 (Sup. 1)—Chemical Engineering. Gross value \$150,000);
- Battelle Memorial Institute, Columbus, Ohio—Investigation of SECRET (to be known as the Battelle Memorial Institute Research Project No. 524 (Mod. No. 1)—Geology. Gross value \$59,000);
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Reflection Characteristics (to be known as the Wright Air Development Center Research Project No. 475 (Sup. No. 6)—Electrical Engineering. Gross value \$39,500);
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Protogrammetric, Geodetic and Cartographic Research (to be known as the Wright Air Development Center Research Project No. 485 (Supp. No. 6)—Geology. Gross value \$150,000);
- Fenton Art Glass Company, Williamstown, West Virginia—Investigation of New Designs for Glass Articles (to be known as the Fenton Art Glass Company Research Project No. 554—Fine Arts. Gross value \$2,280);
- Air Research and Development Command, Baltimore, Maryland—Investigation of Effectiveness of Air Crews (to be known as the Air Research and Development Command Research Project No. 474 (Supp. No. 1)—Personnel Research Board. Gross value \$150,000);
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Study of Laminar Boundary Layer (to be known as the Wright Air Development Center Research Project No. 411 (C. O. No. 7)—Aeronautical Engineering. Gross value \$5,521.56);
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Ceramic Coatings for Metals (to be known as the Wright Air Development Center Research Project No. 558—Ceramic Engineering. Gross value \$19,994);

Library Archives

Vice President Heimberger presented the following statement.

There seems to be no well-established plan at the present time for collecting and preserving the important papers of The Ohio State University, particularly those relating to the former presidents. It is highly important that we begin to set up some program for getting these materials together, protecting them and making sure that they will be available for future generations.

This problem was brought to our sharp attention only recently when, after the death of President Rightmire, our University librarian and the librarian of the Ohio Archaeological and Historical Society were called in to look over President Rightmire's personal papers and select those which might have lasting importance. There seemed to be an immediate conflict of interests because of President Rightmire's intimate association with both the University and the Society. This led to informal meetings between Mr. Branscomb, our University librarian, and Mr. Zepp, Director of the Society. It was agreed that a careful study was needed so that both organizations might be sure that the important materials were preserved.

At the meeting of the Board of Trustees of the Archaeological and Historical Society, April 10, 1953, I moved that the Director and the Librarian of the Society be instructed to confer with a properly designated person from the University with a view to preparing a plan which might be approved later by the Trustees of the Society and the University. At that time I said that I would ask the Board of Trustees of the University to provide a similar motion instructing its

librarian to cooperate fully with the Society in the preparation of a proposed plan. My motion was approved by the Trustees of the Society and it is my hope that you will move in the same direction.

Upon motion of Mr. Black, seconded by Mr. Kettering the Board by unanimous vote approved the above proposed plan.

Wright-Patterson

Vice President Heimberger presented the following recommendation:

It is recommended that the program of graduate instruction now being offered by this University at Wright-Patterson Field be officially designated as "The Ohio State University Graduate Center at Wright-Patterson Air Force Base," that this center be an agency of the Graduate School in the approval of courses of instruction and in the recommendation of degrees, and that authority be given to issue an official Graduate School Bulletin covering work at the Center.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

Elementary Scholarships

Vice President Stradley presented the following statement and recommendation:

The Inter-University Council has recommended that each member institution increase the number of elementary scholarships. The administration supports this recommendation and recommends that The Ohio State University increase its number from 88 to 150 four-year scholarships. There is a marked increase in the number of applicants for scholarships this year.

The State Department of Education has approved the certification of graduates of the Colleges of Arts and Sciences to teach in the elementary schools provided they schedule and complete 12 semester hours of courses in Education this summer. It is also recommended by the Inter-University Council that special attention be given to the financial needs of students who choose to meet this requirement.

It is recommended that The Ohio State University agree with this proposed plan.

Upon motion of Senator Huffman, seconded by Mr. Black, the Board approved the above recommendation by unanimous vote.

The Vice President and Business Manager presented the following recommendation:

On authority of the Board of Trustees, the University Cabinet met on March 16, 1953, for the purpose of opening bids on Interior Painting of Field House, Chemistry Annex B and Plumb Hall. The following is a tabulation of the bids received:

Harold F. Mollenauer.....	\$11,610
Bexley Decorating Company.....	13,246
Quality Decorating Company.....	13,855
General Painting Company.....	11,444
Art Kraft Decorators, Inc.....	13,650
G. R. Hiehle & Company.....	18,230
Ballenger Painting Company.....	12,314
Francis Fox	6,882
Bohl Painting Company.....	12,475

The engineer's estimate for the above work was \$12,900. The bids received are, in most instances, quite close, indicating very satisfactory competition. It was noted that the low bid from Francis Fox was 40% below the second low bid and so far below the estimated cost that serious question was immediately raised concerning the Francis Fox bid.

Subsequent to the opening of the bids, the low bidder, Francis Fox, notified the University, by letter to the Director of Physical Plant, that the bid, in fact, was defective. Mr. Fox pointed out that he had made a gross mathematical error in computing the bid and requested permission to withdraw it. The Director of Physical Plant has examined the photostatic copy of the arithmetical computations submitted to support Mr. Fox's claim of mistake and recommends that he, the low bidder, be permitted to withdraw his bid. In this recommendation, the University Cabinet concurs as being in the best interests of the University and the State.

The second low bid is regular in every respect and is below the engineer's estimate and the University Cabinet recommends that the following action be taken:

- (a) The low bid of Francis Fox be permitted to be withdrawn on the ground of mistake in calculation
- (b) The Ohio State University enter into a contract with the second low bidder, General Painting Company, at their bid of \$11,444.

Funds for the project are provided in F-1 Building Repairs, H.B. 671.

Upon motion of Mr. Kettering, seconded by Mr. Ketner, the above recommendations were approved by unanimous vote.

* * * * *

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders and now recommends that the actions of the Cabinet be approved by the Board of Trustees. De-

tailed tabulations of said bids are on file in the offices of the Auditor of State and the Director of Physical Plant and are included in the records of the University Cabinet.

Replacing Existing 24" Diameter Concrete Condenser Water Line with Cast Iron Pipe

Gerald Trimmer—\$4,746

To be paid from F-9 Other, H.B. 671

Exterior Painting of Derby Hall, Physical Education Building, Natatorium, Pomerene Hall, Horticulture and Forestry Building, Residence at 1627 North High Street, President's House, and Botany and Zoology Head and Greenhouses

General Painting Company—\$8,052

To be paid from F-1 Building Repairs, H.B. 671

Washing Interior Walls of Journalism Building, Lord Hall, Mendenhall Laboratory and Townshend Hall

Ohio Wall Washing Company—\$13,999.95

To be paid from F-1 Building Repairs, H.B. 671

Upon motion of Mr. Black, seconded by Mr. Kettering, the above actions of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet met on March 16, 1953, for the purpose of opening bids on Roof Repairs on Library, Ives Hall, Brown Hall Annex, Stillman Hall, College Road Annex, and Neil Hall. The following bids were received:

<i>Bidder</i>	<i>Amount of Bid</i>
George Snyder & Sons Company.....	\$22,846
H. R. Burton & Sons.....	Amount of bid not given
(Bond of \$29,842 would indicate bid would be the same)	

The Engineer's estimate for the above project was \$20,000. There were six companies that took out plans and specifications on this project and, as shown above, only two bids were received, both of which exceed the estimate of cost filed with the Auditor of State. It is the opinion of the Director of Physical Plant that neither a lower bid nor wider competition would be obtained if the project were readvertised.

In accordance with the recommendation of the University Cabinet, approval of the State Controlling Board was requested and granted (Our Request No. 266) for authority to enter into a contract with the low bidder, George Snyder & Sons Company, for Roof Repairs on Library, Ives Hall, Brown Hall Annex, Stillman Hall, College Road Annex, and Neil Hall, in the amount of \$22,846, notwithstanding the fact that this bid is in excess of the filed estimate of cost.

Funds for the project are provided in F-1 Roof Repairs and F-1-E Roofing Neil Hall, H.B. 671.

Upon motion of Mr. Black, seconded by Mr. Kettering, the above actions of the Cabinet were approved by unanimous vote.

Sauer Company	280,120.00
Architect's Estimate	184,090.00

Division V, Electrical Contract

Gustav Hirsch Organization, Inc.....	\$ 244,700.00
Electrical Contractors, Inc.....	242,476.00
Electric Power Equipment Company.....	236,424.00
McCarty Brothers Electric Company.....	215,800.00
Architect's Estimate	126,295.00

Division VI, Kitchen Equipment Contract

Bernard Gloekler	\$ 116,740.00
General Hotel Company.....	98,482.78
John van Range Company.....	96,600.00
Architect's Estimate	91,000.00

It will be noted that the low bids are generally in excess of the Architect's estimates as filed with the Department of Public Works and the Auditor of State. The large number of bidders and the consistency of the bids indicate a wide range of competition, particularly in Division I, General Contract, where the seven bids are within the narrow range of 10%.

The tabulation indicates that the low bids in Divisions I, III, IV, V, and VI are in excess of the Architect's estimates. It is evident from an analysis of the bids that the Architect's estimates were not as realistic as the bids in reflecting anticipated increases in costs over the

proposed two-year construction period. The University Architect certifies that, in his opinion, no lower bids would be received if the project, with the exception of Alternate 6, were to be readvertised. In fact, the process of readvertising would consume an undue amount of valuable construction time with no foreseeable tangible benefit accruing therefrom.

In accordance with the recommendation of the University Cabinet (by our Request No. 274), approval of the State Controlling Board was requested for authority to enter into contracts with the low bidders, except for Alternate 6. The State Controlling Board granted permission on April 10, 1953, to award contracts on Divisions I, III, IV, V, and VI to the low bidders, notwithstanding the fact that these bids are in excess of the estimates of cost. The University Cabinet, therefore, recommends that awards be made to the low bidders as follows:

- I *General Contract*
James I. Barnes Construction Company—\$2,328,900.00
- II *Elevator Contract*
Otis Elevator Company—\$96,013.00
- III *Heating & Ventilating Contract*
Sauer Company, Incorporated—\$155,500.00
- IV *Plumbing Contract*
Sauer Company, Incorporated—\$280,120.00
- V *Electrical Contract*
McCarty Brothers Electrical Company—\$215,800.00
- VI *Kitchen Equipment Contract*
John van Range Company—\$96,600.00

The proposals submitted by the low bidders for Alternate 6 (Remodeling Interior of Oxley Hall) are excessively high. It is the opinion of the University Architect that lower bids would be received if this portion of the project were restudied and readvertised. The University Cabinet therefore recommends that all bids received on March 19th for Alternate 6 be rejected.

Funds for this project will be provided in G-2-K Women's Dormitories, H. B. 671, as provided by separate action, this date.

Upon motion of Mr. Black, seconded by Mr. Ketner, the above recommendations concerning Women's Dormitories project were approved by unanimous vote.

* * * * *

The Vice President and Business Manager presented the following statement and recommendation:

In making a final check of the tabulation of the Women's Dormitories bids, as read by a representative of the Director of Public Works' Office on March 19, 1953, with the original bids, the University Architect discovered a discrepancy in the amount of the bid of James I. Barnes Construction Company. An inspection of the bidding documents indicates that the bidder had intended that the amounts inserted for Alternates 4 and 5 should be deductive instead of additive. The amounts are as follows:

Alternate No. 4.....	\$6,000
Alternate No. 5.....	1,000

In computing the bid, this total of \$7,000 was taken as an additive. The James I. Barnes Construction Company has confirmed to the University Architect that it had intended these Alternates to be deductive and had so marked it in the bid. Therefore, the proper determination of the total bid of this bidder would be by subtracting and not adding \$7,000 for Alternates 4 and 5. The correction of this mistake makes a net deduction in the Barnes' bid of \$14,000. The adjusted figure for the James I. Barnes Construction Company, therefore, should be \$2,314,900 instead of \$2,328,900. It is recommended, therefore, by the University Cabinet that the approval of the James I. Barnes Construction Company contract be amended to provide that the total figure for the contract be \$2,314,900.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

- 264—transfer of \$7,160 from Rotary A (Athletic Department funds) to G-2-D Field House, H. B. 671, to provide funds for salaries in the University Architect's office.
- 265—transfer of \$450 from Rotary A (Rotary 12261, General University Fund) to G-2-D Auditorium, H. B. 671, to provide funds for topographic survey of portion of University campus.
- 266—transfer of \$4,642 from Rotary A (Dormitory funds) to F-1-J Roofing Neil Hall, H. B. 671, for award of contract. award of contract for Roof Repairs on Library, Ives Hall, Brown Hall Annex, Stillman Hall, College Road Annex, and Neil Hall in the amount of \$22,846.00 to George Snyder & Sons Company, notwithstanding the fact that this bid was in excess of the estimate of cost filed with the Auditor of State.
- 274—transfer of \$3,172,933 from Rotary A (Rotary 12261, General University Fund) to G-2-K Women's Dormitories, H. B. 671, to provide funds for award of contracts. award of contracts for Women's Dormitories in the total amount of \$3,172,933, notwithstanding the fact that all of these contracts except one (Elevator) were in excess of the estimates of cost filed with the Auditor of State.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Cleaning, Caulking and Pointing Entire Student Services Building	\$12,500	F-1 Building Re- pairs, H. B. 671

Upon motion of Mr. Kettering, seconded by Senator Huffman, the

Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Patching and Repairing Areas Underneath a Portion of C Deck (Sections 5, 7, 9, 11, 12, 13, 14, 15, 16, 17, 18, 19 and 20) of the Stadium	\$22,000	Athletic Department Funds

(Note: The plans and specifications for this project, including only Sections 5, 7, 9, 11, 13, 15 and 17, and estimated to cost \$11,000, were approved at the March 9, 1953, meeting of the Board. The Director of Physical Plant now recommends that the plans and estimate of cost be revised to include the Sections above.)

Upon motion of Mr. Kettering, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Remodeling A Wing, Starling-Loving Hospital	\$350,000	Rotary 13727, University Hospital

(Note: The plans, specifications and estimate of cost for this project in the amount of \$242,000 were approved at the March 9, 1953, meeting of the Board. The University Architect now recommends that the approval previously granted be amended to recognize the enlarging of the project and increase in the estimate of cost from \$242,000 to \$350,000.)

Upon motion of Mr. Kettering, seconded by Senator Huffman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager made the following recommendation with respect to fund transfers:

1. In presenting the request to the State Controlling Board for approval to award the contracts for the proposed new Women's Dormitories, the following additional request was made:

"With respect to financing this project, the University has on hand and invested in United States Government securities, \$800,000. It proposes to borrow the balance from the Retirement systems under the provisions of Section 3345-7, G. C. and arrangements have already been made to that effect, based upon authority granted by the Board of Trustees on October 2, 1950. In order that the Government securities, now held, may be sold on the most favorable market and interest payments be avoided in as much of the construction period as possible, it is requested that the University be permitted to transfer, as an advance, from Rotary A to a new account entitled G-2-K Women's Dormitories, H. B. 671, the amount of \$3,172,933 and that this sum be released without restriction for the purpose of awarding contracts for the project in question. Subsequently, as the Government bonds are sold and the amount of the loan is received from the Retirement systems, this advance will be replaced in the rotary."

The State Controlling Board, on April 10, 1953, recognized the validity of our request and consented to the transfer of \$3,172,933 from Rotary A to a new account entitled G-2-K Women's Dormitories, H. B. 671, releasing the funds without restriction for the purpose of entering into contracts previously approved. It is our request, therefore, at this time that the Board of Trustees add its approval to this transfer and that the specific action be the authorization of the transfer of \$3,172,933 from Rotary 12261, General University Fund, to G-2-K Women's Dormitories, H. B. 671 for the purpose of awarding the contracts previously approved.

2. \$4,642—from Rotary A (Dormitory Funds) to F-1-j Roofing Neil Hall, H. B. 671, to provide funds for award of contract.

\$11,734—from Rotary A (Athletic Department funds) to G-2-G Field House, H. B. 671, to provide \$10,000 for engineering contract with Barber and Magee and \$1,734 for test borings on project site.

Upon motion of Mr. Ketner, seconded by Mr. Kettering, the above recommended transfers were approved by unanimous vote.

Mershon Estate

The Vice President and Business Manager made the following report concerning the Mershon Estate:

1. At the suggestion of the Executors of this estate, the Vice President and Business Manager spent the week of April 8-15, 1953 in Miami, Florida, discussing the progress of the administration of the estate to date. A detailed report of this trip is being prepared for President Bevis and the members of the Board of Trustees and will be submitted as soon as completed.

2. The Vice President and Business Manager reported that he had received a copy of a letter to Mr. Mershon, one of the executors of the estate, from J. A. Herlocker, Attorney of Winfield, Kansas, with respect to the oil exploration, which reads as follows:

"It is my sad duty to report that our oil well did not turn out to be an oil well and was plugged at approximately 3300 feet by the state oil inspector yesterday.

"This well was drilled by a very reputable drilling firm, Joe Alyward of Wichita, Kansas, and was drilled to the Bartlesville sand which is the formation that they have been getting the oil in that vicinity.

"It would be my opinion that this land is now worthless as ever obtaining any oil or gas.

"It is however just on the northwest outskirts of Arkansas City, and possibly will have some value for residential purposes. If the University is interested in disposing of this real estate, the Ancillary Administrator can start looking for a buyer."

Mr. Mershon is unwilling to accept this appraisalment of the situation and has suggested to the Vice President and Business Manager that a trip to Arkansas City to investigate this situation might be in order. Therefore, a tentative agreement has been made to accompany Mr. Mershon early in May on a trip to Kansas to discuss the possibility of drilling another well on this property. Further report on this matter will be made to the Board at the next meeting.

3. It will be recalled that in December, 1952, the University received \$175,000, representing income from the Mershon estate. So far, the only appropriation of that income was made by the Board on March 9, 1953, in the amount of \$10,000, for the purpose of providing supplemental retirement benefits for retired faculty members. The will provides that not less than one-half of the income of the fund shall be used in such a manner "as in the judgment and the discretion of the University shall best promote, encourage and carry on civilian military education and training in the United States and its territories." It is recommended, therefore, that one-half of the first installment of the income, or \$87,500, be set aside for the purpose just described, namely, promoting, encouraging and carrying on civilian military education and training, and \$87,500 be allotted for the general purposes of the University. (A proper use of the money set aside for civilian military education might lie in its use for capital purposes in adding a wing to the R.O.T.C. Building). It is further recommended that, out of the portion of the income set aside for the general purposes of the University, \$25,000 be appropriated for scholarship purposes and that this amount be made available at once to the Scholarship Committee.

Upon motion of Mr. Ketner, seconded by Mr. Kettering, the above recommendations were approved by unanimous vote.

Field House

The Vice President and Business Manager presented the following recommendation:

In order to provide supplementary engineering services to assist in the completion of the structural drawings, specifications, and estimates of cost for the Field House, the University Cabinet recommends that an agreement be entered into with Barber and Magee, Structural Engineers of Cleveland, Ohio, in an amount not to exceed \$10,000. This firm will assist and advise the University Architect and his associates regarding the computations and details of the structural framework and foundations for this project.

Funds for this contract are provided in G-2-G Field House, H. B. 671.

Upon motion of Mr. Kettering, seconded by General Dargusch, the Board of Trustees authorized the proposed agreement with Barber and Magee for engineering services.

Chemical Abstracts

The Vice President and Business Manager reported that there had been received from the American Chemical Society a proposed agreement between it and the Ohio State University with respect to providing on a matching basis, funds for the construction of housing space for *Chemical Abstracts*. The amount of the grant by the American Chemical Society is set at a maximum of \$250,000 and as an evidence of their good faith in the matter, the Society presented the University with a check in the amount of \$25,000 for the Society's proportional share of the initial architectural fees and construction costs.

Acting upon the authority granted by the Board of Trustees on January 12, 1953, the President and the Vice President and Business Manager signed the agreement for the University and have returned it to the American Chemical Society. It is the intention of the Cabinet to recommend the employment of outside architectural services for this building, as the University Architect's Office is already badly overcrowded. It is hoped that a recommendation of an architectural firm will be forthcoming at the May 11, 1953 meeting of the Board of Trustees. In the meantime, the necessary steps to prepare a program for the construction of this building will be undertaken on campus with the assistance of all those who have an immediate interest in the project.

Television

The Vice President and Business Manager reported that the Fund for Adult Education, which was established by the Ford Foundation, has extended until April 30 the time in which the University can exercise its option to accept the grant of \$100,000 in equipment for the proposed new television station. The University pressed for delay in this matter pending the final determination as to the allocation of

the requested Channel 34 and the final determination as to how the construction of the station was to be financed, whether out of appropriated funds or out of the University's own funds.

William Wallace Kincaid Estate

The Vice President and Business Manager reported that as an additional distribution of the estate of William Wallace Kincaid, the University received the following securities:

\$1,000 face value, United States Treasury bonds 2¼%, 1959-1962, due Dec. 15, 1962; coupons 6/15/53 and s.c.a.

\$1,000 face value, Chicago, Milwaukee, St. Paul and Pacific 2½% bonds due Sept. 1, 1956; coupons 9/1/53 and s.c.a.

\$1,000 face value Town of Hempstead 2.70% bonds due 1968, U.F.S.D. No. 5; coupons 6/1/53 and s.c.a.

\$1,000 face value New York Central 2¾% Equipment Trust Certificates due 10/1/53; coupons 4/1/53 and s.c.a.

These securities will be used and held for the purposes described in the will.

Special Police Officers

The Vice President and Business Manager recommended that Ray Archer and Lester Colegrove be appointed Special Police Officers for the Research Laboratory Building, in accordance with Section 4863-3-4 of the General Code of Ohio.

Upon motion of Mr. Kettering, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

* * * * *

M. W. Welch Gift

The Vice President and Business Manager reported that Dean Donald P. Cottrell had informed him that a gift of apparatus and supplies had been received for the Department of Education from Mr. M. W. Welch in the approximate value of \$310.00. It is the Dean's recommendation that the Board of Trustees acknowledge the gift from Mr. Welch with thanks and adds that the College of Education and the Department of Education are both highly appreciative of this contribution.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

House Bill No. 726

The Vice President and Business Manager reported that House Bill No. 726, which would authorize the Boards of Trustees of the various state supported colleges and universities, and including the Ohio State University, to construct and operate buildings for athletic purposes, student activity centers and other self-liquidating projects, to borrow money and to issue notes in evidence of indebtedness therefor, was introduced on March 30, 1953. This bill bears the names of Representatives Frank McClure and Paul Hinkle.

It was quickly heard in the House Finance Committee, was fav-

orably reported out and was passed in the House by a vote of 115 to 5, after several agreed-to and necessary amendments were made in the language. The bill will undoubtedly receive reasonably quick treatment in the Senate and it is hoped that it will pass without unreasonable delay. This bill affords the necessary borrowing permission to build the Field House and is similar to that permission granted previously for the building of dormitories.

College of Education Day

The Vice President and Business Manager reported that, in an endeavor to enlist the interest of high school students in the desirability of teaching in the schools of Ohio, the College of Education had set up what is known as a College of Education Day for April 25, 1953. The Speaker of the House of Representatives, Mr. William Saxbe, and the Chairman of the House Education Committee, Mr. William Manahan, have agreed to speak at the Saturday morning session.

It is expected that 1,000 high school students will be present for this meeting and the College is in need of financial assistance to provide the nominal items necessary for this occasion, including a very modest luncheon at 60 cents per person at the Pomerene Refectory. Because of the potential value of this enterprise, it is recommended that the Board of Trustees appropriate \$715.00 from the Board of Trustees Emergency Fund for the purpose of defraying the expenses of this meeting.

Upon motion of Mr. Kettering, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Board of Trustees expresses its sorrow at the death of Edwin Poe Durrant, Associate Professor Emeritus of Physiology, on January 28, 1953.

Professor Durrant received his Bachelor's and Master's degrees from Otterbein University and was awarded the Ph.D. degree from The Ohio State University in 1927. He had been associated with The Ohio State University since 1910. During this period he taught anatomy, physiology, biochemistry and pharmacology. He spent his life in teaching and research. He began when he was quite young as a public school teacher and was for a short period superintendent of school at Sunbury. He taught biology and geology at Otterbein College and was an instructor of physiology at the Starling Ohio Medical College from 1909 to 1910. He was appointed assistant professor of anatomy and physiology at The Ohio State University in 1909 and was on the staff continuously until his retirement as emeritus associate professor in 1933.

He was a stimulating teacher and his skillful use of the Socratic method was a continual challenge to the thoughtful student. He was a careful and industrious investigator of physiological problems and published a series of important papers in the field of endocrinology. He was a fellow of both the Ohio Academy of Science and the American Association for the Advancement of Science. He was elected to membership in the American Physiological Society in 1928 and for a

number of years took an active part in the meetings of this society. During Professor Durrant's long and varied career he exerted a great influence upon the scientific development of his students. He was honored and respected not only by his students but by his associates as well. He has left his mark on the development of both physiology and medicine.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Wendell Paddock, Professor Emeritus of Horticulture and Forestry, on February 19, 1953.

Professor Paddock was born in Three Oaks, Michigan, in 1866. He received the Bachelor of Science degree in 1893 and the Master's degree in 1898 from Michigan State College. From 1893 to 1900 he was on the staff of the New York Agricultural Experiment Station at Geneva. In 1900 he became Professor of Botany and Horticulture at Colorado Agricultural College, a position which he held until 1909. From July 1, 1909 until June 30, 1929 Professor Paddock served as Professor and Head of the Department of Horticulture at The Ohio State University. Under his leadership the department was reorganized, the course of study revised and extended to include four-year courses in pomology, floriculture and vegetable gardening, the latter being one of the first four-year courses in this subject to be offered in America. The new Horticulture and Forestry Building, completed in October, 1914, contributed materially to the growth of the department which under his chairmanship came to be recognized as one of the best in the country. In 1929 the Department of Horticulture and Forestry at The Ohio State University and the Department of Horticulture at the Experiment Station at Wooster were coordinated under the chairmanship of the late Dr. Joseph H. Gourley. Professor Paddock assisted with this coordination and remained to contribute his invaluable services as a teacher until 1937 when he became Professor Emeritus.

Not only was Professor Paddock a member of the American Association for the Advancement of Science, but he also was one of the original members of the American Society for Horticultural Science which was founded in 1903. For 17 years he was President of the Columbus Horticultural Society which is one of the oldest in the country.

Professor Paddock was senior author of the textbook "Fruit Growing in Arid Regions." He was also the author of papers on flower bud formation, potato culture and low temperature injury to fruit plants. He also made a special study of the life and times of Johnny Appleseed.

For many years Professor Paddock carried on a personal correspondence with a large number of alumni; and for six years immediately preceding 1952, a loyal group consisting chiefly of his students gathered to do him honor at an annual

dinner in September. These warm friendships endeared him to students and associates alike, and they will continue to cherish his memory.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Hugh E. Setterfield, Associate Professor of Anatomy, on March 16, 1953.

Professor Setterfield was a native of Richland County, Ohio. He received the Bachelor of Arts degree in 1923 from Wittenberg College and the Master of Science and Doctor of Philosophy degrees from The Ohio State University. He began his teaching career in the field of zoology, serving as an instructor at Wittenberg College in 1923. In 1923-24 he served as assistant at Ohio State. The following year he was an instructor at North Dakota Agricultural College and became an instructor again at Ohio State from 1925 to 1927, when he joined the staff of the Department of Anatomy. He was advanced to the rank of assistant professor in 1929 and to associate professor in 1937. This rank he held until his death.

Dr. Setterfield was active in the work of Alpha Epsilon Delta, the national premedical honor society. He served as its national vice-president from 1942 to 1943 and has been national president of this organization since 1943. He was a member also of Kappa Phi Kappa, a professional society in education; Gamma Alpha, a graduate science fraternity; Sigma Xi, Nu Sigma Nu; the American Association for the Advancement of Science and a Fellow of the Ohio Academy of Science. He was associate editor of *The Scalpel*, the journal of Alpha Epsilon Delta. His investigative interest was in the field of nerve degeneration which resulted in the publication of several papers. Professor Setterfield was an inspiring teacher, a man who was deeply interested in his students and in their prospective careers.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Upon motion of General Dargusch, seconded by Senator Huffman, and approved by unanimous vote, the Board of Trustees agreed to accept the assets of Milher, Inc., Columbus, Ohio, upon its dissolution and to hold such property in perpetuity for medical research in industrial medicine.

The Secretary is authorized to certify the action of the Board to such persons as it may concern.

That the following miscellaneous recommendations be approved:

That Emma E. Prout, Superintendent, Neil Hall and Residence Halls for Women, be retired effective April 30, 1953, and be paid \$72 per year from Interest on Endowment 4002 and \$204 per year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan;

That upon the recommendation of the University Faculty Council at its meeting held on April 21, 1953, the following persons be awarded honorary degrees at the Spring Convocation on June 12, 1953:

Thomas A. Boyd—Doctor of Science

Albert B. Graham—Doctor of Laws

William J. McCaughey—Doctor of Science

That the agreement between Capital University School of Nursing, the Ohio State University School of Nursing and the Ohio Tuberculosis Hospital for Tuberculosis Nursing affiliation for a period of one year be approved;

That the agreement between the College of St. Mary of the Springs School of Nursing, the Ohio State University School of Nursing and the Ohio Tuberculosis Hospital for Tuberculosis Nursing affiliation for a period of one year be approved;

That the contract between the Ohio State University Hospital and the Franklin County Department of Welfare for taking care of indigent patients of the Franklin County Department of Welfare, effective May 1, 1953, for one year, be approved;

That upon the recommendation of the University Faculty Council at its meeting held on April 21, 1953, Rule 134 be amended to read as follows:

Rule 134. Credit for Rescheduled Courses. Each department is authorized to administer placement examinations to students enrolling for the first time in a course offered by that department. Following such placement examinations a department may instruct the Secretary of the College in which the student is registered to change such student's enrollment to either a more elementary or a more advanced course.

If, within the first four weeks of a quarter, a student's previous preparation is demonstrably inadequate for a course in which he originally enrolled, the department concerned is empowered to instruct the college in which that student is registered to remove the course from the student's schedule and to replace it with a more suitable one.

Credit for all rescheduled courses resulting from action under this rule shall count toward the fulfillment of graduation requirements unless: (a) the student has earned credit previously for the same course at this, or some other institution of higher learning; or (b) the substituted course is one which the department, with the approval of the Council on Instruction, has established for students with inadequate preparation for college-level courses of that department.

That upon the recommendation of the Dean of the College of Agriculture the fee for the "Agricultural Student" (college student publication) be increased from \$1.00 to \$2.00 effective October 1, 1953, and that it be placed on the Autumn Quarter fee card. (This is necessary because of the increased cost of printing and distribution.)

That the following gift be accepted and the appreciation of the Board of Trustees be appropriately expressed:

From the Development Fund

\$500—for the Ohio Dairy Booster Association Scholarship

That in accordance with the recommendation of the University Faculty Council degrees be awarded at the Spring Quarter Convocation on June 12, 1953, to the following named students who have completed their requirements therefor:

President Bevis called the attention of the Board to his letter of May 7, 1953, relating to the selection of Gordon B. Carson for the position of Dean of the College of Engineering, and following this statement, the President then recommended that Gordon B. Carson be appointed as Dean of the College of Engineering, effective July 1, 1953, at an annual salary of \$15,024.

Upon motion of Senator Huffman, seconded by General Dargusch, this recommendation was approved by unanimous vote.

Chairman Gorman now read the following report and recommendations from the Student Senate:

No more important association exists within the university than that between student and instructor. The university exists to bring the two in contact, and the quality of the student's education is in large part related to the quality of the instruction he receives. For these reasons the qualifications, the rights and responsibilities of the instructor are of primary concern to the student body.

Therefore, be it resolved that the Student Senate does respectfully make the following recommendations to the President:

1. That in line with the AAUP statement, "No adverse conclusion about any witness should flow automatically from a proper reliance upon his constitutional protections against self-incrimination," the university should in the future assume the responsibility for obtaining for itself the facts in loyalty cases relevant to the dismissal of university personnel.

2. That it is the feeling of the Student Senate that the procedure followed in the Darling hearing was just, but that in the future the following steps should be taken:

- (a) faculty personnel, selected by the faculty, should be represented in decision-making,
- (b) an official representative of the student body, selected by the Senate, should be an observer at all official hearings in order that the decisions of the administration may be clearly interpreted to the student body.
- (c) copies of news releases and general information should be sent directly to the Student Senate in order that the body may be informed and prepared to answer questions and clarify facts for the student body as a whole.

3. That, if refusal to testify is to be used as grounds for the dismissal of university personnel, this should be understood by all personnel at the time of hiring and should be recorded in the tenure books.

4. That, in line with its earlier resolution on March 5th, the Student Senate once more urges that definite criteria be set up pertaining to responsibilities of university personnel in loyalty issues, to rights of academic freedom, and to grounds for dismissal in line with these.

5. That, as a general recommendation, in all important policy matters which affect student life the President or Vice President contact the president of the Student Senate to inform him of pending action and outline university policy.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the Board by unanimous vote referred the report to the President for consideration.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

278 (a) transfer of \$11,734.00 from Rotary A (Athletic Department funds) to G-2-G Field House, H.B. 671, to provide funds for award of contracts.

(b) award of contract with Barber and Magee for structural engineering services for Field House at a fee not to exceed \$10,000.

279 transfer of \$180.00 from Rotary A (Rotary 13727, University Hospital) to G-2-J Installation of Oxygen and Suction Outlet Plates in University Hospital, H.B. 671, for extra to contract.

* * * * *

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Waterproofing the Tops of Nine Concrete Canopies along the South Elevation of the University Hospital	\$11,500	Hospital Rotary

Upon motion of Mr. Black, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager recommended the following transfers:

\$ 180.00—from Rotary A (Rotary 13727, University Hospital) to G-2-J Installation of Oxygen and Suction Outlet Plates in University Hospital, H.B. 671, to provide funds for extra.

\$18,850.00—from Rotary A (Athletic Department funds) to F-1h Repairs to Stadium, H.B. 671, to provide funds for Patching and Repairing Areas Underneath a Portion of C Deck (Sections 5, 7, 9, 11, 12, 13, 14, 15, 16, 17, 18, 19, and 20) of the Stadium.

\$ 4,350.51—from Rotary A (Rotary 13727, University Hospital) to G-2-E Medical Research Laboratory, H.B. 671, to provide funds for extras to contracts.

Upon motion of Senator Huffman, seconded by Mr. Black, the above recommended transfers were approved by unanimous vote.

The Vice President and Business Manager called attention to the following action of the Board taken on September 7, 1929:

"Mr. Atkinson presented the following motion which was seconded by Mrs. Paterson, and upon roll call was unanimously adopted:

That the Board of Trustees in accepting the above conveyance, and realizing fully the underlying motives which prompted Mr. Stone in making the gift of Gibraltar Island to the University for the purpose of housing the Lake Laboratory, hereby declares the following policy:

That the Island be used exclusively for the purpose of conducting said laboratory, and shall not be used as a public resort, and the buildings thereon shall be used only by students and professors when actually engaged in the regular prescribed work of the laboratory, and by the Board of Trustees as outlined in the above conveyance."

Even though the Board thus established a limited use of the facilities of Gibraltar Island, it was felt desirable to call the attention of the Board to the request of the Wildlife Council to meet on Gibraltar on August 7, 8, and 9. The Wildlife Council gives financial support to the program at Gibraltar Island and if exception is to be made to any group, it probably should be made to this one. Permission to use the Island on these three days would carry with it the quartering of a group of twelve people in the Stone Cottage and using the facilities of the dining hall to eat.

Upon motion of Mr. Ketner, seconded by General Dargusch, the above requested permission was granted to the Wildlife Council.

General Dargusch offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of the Ohio State University that there shall be repaid to the Treasury of the State of Ohio on June 15, 1953, a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00 or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction, passed by the Legislature July 6, 1945 and approved by Governor Lausche on July 18, 1945.

This motion was seconded by Senator Huffman and upon roll call was unanimously approved.

The Vice President and Business Manager made the following report:

The College of Agriculture, through Dean Rummell and Mr. Bazler, Farm Manager, has made the strong recommendation that we purchase the following two tracts of land:

First Tract: 9.725 acres, more or less, owned by Norma Engler located on West Dodridge Street and adjacent to the Amaranth Cemetery Association.....\$20,000.00

Second Tract: 35 acres, more or less, owned by Mar-netha Slyh.....\$30,000.00

3 acres of this land are located immediately east of the First Tract, described above, on West Dodridge Street.

32 acres of this land are located immediately north of the 12 acres and extends from the Olentangy River west to the Union Cemetery property.

It is our understanding that this land has been held for considerably more than the price at which it is being presently offered to us but that the owners are willing to sell at the prices suggested. Signed contracts by the sellers have been delivered to us and are in effect to and including May 15, 1953. In view of the fact that a considerable amount of the acreage of the College of Agriculture is being used for building purposes and it is quite likely that it will be necessary to use additional acreage for similar purposes in the next biennium, it seems wise to replace some of the acreage thus lost.

Upon motion of Senator Huffman, seconded by General Dargusch, the purchase of the above land was approved and the Vice President and Business Manager was directed to sign the acceptance of the offer to sell such land and to perform all other acts necessary to consummate the transfer of the title of said land to the University.

It has become necessary to supplement the services of the University Architect, particularly with respect to the design and supervision of construction of the building which will house Chemical Abstracts. Upon the recommendation of the University Architect and the approval of the University Cabinet, it was recommended that Potter, Tyler, Martin and Roth of Cincinnati, Ohio, be employed as architects for the Chemical Abstracts project at a net fee of 6 per cent of the total cost of the structure for which said services are rendered. It is estimated that the cost of the Chemical Abstracts Building will be \$500,000.

Mr. Ketner moved that the above recommendation be approved. This motion was seconded by General Dargusch and the roll call resulted as follows:

Dargusch, Ketner, Huffman and Black—Aye
Chairman Gorman did not vote.

The Vice President and Business Manager informed the Board that the State Director of Finance had notified the University that the allocation for the University in the Additions and Betterments bill for 1953-1955 would be \$4,317,500. The Vice President and Business

ness Manager presented a memorandum indicating what previous actions of the Board had been with respect to new building plans and what the necessities of the campus seemed to be building-wise.

After discussion, and upon motion of General Dargusch, seconded by Mr. Black, the following distribution of the allocated amount was made:

G-1	Lands	\$ 17,500.00
G-2	Buildings	
	Veterinary Medicine Basic Science Unit.	1,500,000.00
	Agriculture	
	First Section of Class Room,	
	Administration Building	1,250,000.00

	First Section of Class Room Building...	750,000.00
	Medicine	
	Class Room Facilities.....	500,000.00
	Rehabilitation of Present Buildings.....	300,000.00
	Total Additions and Betterments.....	\$4,317,500.00

Vice President Stradley now presented the following proposed resolution for the consideration of the Board of Trustees:

WHEREAS, the advisability of admitting a limited number of students to the College of Veterinary Medicine, from states bordering Ohio where there are no veterinary colleges, has been officially recognized by the Board of Trustees, of The Ohio State University, and

WHEREAS, the University of West Virginia, by authority of the State Legislature has expressed a desire to enter into an agreement with The Ohio State University, whereby they share the cost of such training by contributing at the rate of \$1,000 per year for each student enrolled in the College of Veterinary Medicine, and

WHEREAS, this idea is in line with the present trend of Regional Education which is already established in several areas of training, including veterinary medicine, by similar agreements between states, therefore be it

RESOLVED, that the Board of Trustees of The Ohio State University, authorize the President to enter into a contract with the University of West Virginia whereby the College of Veterinary Medicine will admit a certain number of students to each entering class, under the following conditions:

1. For the present the number admitted to each class should be limited to four qualified applicants.
2. The final decision as to those admitted must be retained by the Entrance Board of The Ohio State University.
3. The State of West Virginia will contribute to The Ohio State University \$1,000 annually for each student during the period of his enrollment.
4. Students admitted under the above agreement will be required to pay the usual fees paid by residents of the state, but *will be exempt* from the payment of a non-resident fee.
5. In the event that such contract is discontinued by the State

of West Virginia, it is expected that the payment of the \$1,000 annual fee shall be continued for each student enrolled who entered while the contract was in effect, until the completion of his course for the degree in veterinary medicine.

Upon motion of General Dargusch, seconded by Senator Huffman, the Board by unanimous vote approved the above resolution as presented by Vice President Stradley.

The Board of Trustees expresses its sorrow at the death of John Ferguson Cunningham, Dean Emeritus of the College of Agriculture, on April 28, 1953. Born of Scotch descent, son of a Presbyterian minister in Iowa, he was educated in Ohio schools and received his two degrees from the Ohio State University, where he was instructor in horticulture.

His first notable contributions to the state came through his professional journalistic experience, including 23 years as editor of The Ohio Farmer. Week after week he entered personally into the homes of three-fourths of the farmers of the state through his editorial columns. His ideals were always high; his counsel was practical because it was based on his own personal farm and community experience, and his natural humor made him a legion of friends wherever he went. His farm magazine experience broadened to include ownership and editorship of publications in Wisconsin and Florida. His associates in the field of agricultural journalism elevated him to the highest honor in their profession by presidency of the American Association of Agricultural Editors.

He served his Alma Mater in distinguished service before becoming Dean of its College of Agriculture. As a student he helped to organize Alpha Zeta, national honorary agricultural fraternity, and also "The Agricultural Student," first student magazine in any agricultural college. He served on professional and scientific societies, was a member of the Board of Trustees eight years, and on every occasion was an enthusiastic alumnus of the University.

Then in 1932 he came to the University as Dean of the College of Agriculture, which position he held for 15 years until his retirement. He guided the College in a critical period—first through depression years, then through World War II—saw it emerge as first in enrollment in agriculture and home economics among agricultural colleges in this country. He was instrumental in organizing most of the soil conservation districts of the state.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of under-

standing in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Boyd H. Bode, Professor Emeritus of Education. With his passing at the age of 79 years, the Ohio State University lost one who had made his mark as one of the great teachers, and one of the great minds of America. It lost, too, a man of great simplicity, one whose warm human qualities won him friends on this and many another campus.

Professor Bode was born in Illinois on October 4, 1873. He received a bachelor's degree from Penn College in 1896, another from the University of Michigan in 1897, and the degree of Doctor of Philosophy from Cornell University in 1900. His first teaching was done in philosophy at the University of Wisconsin, from 1900 to 1909. He then went to the Philosophy Department at the University of Illinois, where he remained until he joined the faculty of the College of Education at the Ohio State University in September, 1921. He came to us as a distinguished man and retired as one in 1944.

The University of Michigan conferred an honorary degree upon Dr. Bode in 1932, as did Ohio State in 1948. Following his retirement Professor Bode continued his contribution to educational thought and practice. In his later years he taught in Cairo, Egypt, in British Columbia, and at the University of Illinois, Tennessee and Florida. This last institution conferred the Doctor of Laws degree upon him in January, 1953.

The greatness of his spirit was made fully evident in the last years of his life when, for almost four years, he was bedfast. His mind was not confined, however, and during this period he continued his brilliant writing, he corresponded with colleagues the country over, and each week permitted himself to be moved to his living room, where from a davenport, he conducted a graduate class. His influence, which may truly be called an Ohio influence, may be felt today throughout the state of Florida.

Professor Bode's writings were numerous and always, after coming to Ohio State, they were turned to the knotty questions that face those who would have education serve well the heritage of free men. It was ever his contention that a democracy must have its own distinctive education. In 1947 Professor Bode was presented the William Heard Kilpatrick medal for distinguished work in the field of philosophy of education by Teachers College, Columbia University.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of James R. Withrow, Professor Emeritus of Chemical Engineering, on March 20, 1953.

Born in Philadelphia, he attended the University of

Pennsylvania where he did both his undergraduate and graduate work. He received his Ph.D. degree in 1905. He then spent a year at the University of Illinois where he began as assistant in general chemistry and then became an assistant instructor in industrial and analytical chemistry under Dr. Parr. In 1906 he came to Ohio State University as Assistant Professor to head the Division of Industrial Chemistry, Applied Electrochemistry and Chemical Engineering in the Chemistry Department. The first degrees in chemical engineering were conferred in 1906. In 1907 Dr. Withrow was promoted to Associate Professor and in 1912 to Professor. In October 1924 he became Chairman of the Chemical Engineering Department.

It was during the first 20 years of Dr. Withrow's teaching that chemical engineering evolved and emerged as a profession and he was one who made major contributions to that evolution. He was the first chairman of the Chemical Engineering Education Committee of the American Institute of Chemical Engineers. Ohio State's Department of Chemical Engineering was among the first ten schools to be formally accredited by the American Institute of Chemical Engineers. Dr. Withrow promoted the process development type of practice in industrial chemistry, as distinguished from what has been called the "wash tub" type. His organization of the week long annual inspection trips which soon will cover a span of 50 years will always be a monument to him.

In society organization matters Dr. Withrow was quite active. Incomplete records indicate that he was a member of over 50 national and international technical and non-technical societies. His reputation as an engineer, scientist, educator and speaker was recognized both nationally and internationally. He was chosen to be one of the presiding officers of the Second International Congress of Chemical Engineers, London, England, in 1936. In 1937 he delivered 24 addresses before many sections of the American Chemical Society covering 15 mid-western and western states from Illinois to California. The next year he made a similar circuit in a group of 10 eastern states. He was active also as a consultant to many industrial concerns and government agencies. Dr. Withrow performed many public services to the State of Ohio which brought credit to the University. During World War I he did intensive work as Consulting Chemical Engineer to Chemical Warfare Service.

Dr. Withrow's death has meant a real loss to his many friends in the College of Engineering, to his some 1500 chemical engineering alumni, and to his many friends in the chemical industry. In 1950 his former students in chemical engineering and industrial chemistry presented him with a scroll in grateful acknowledgement of his devoted teaching, his guidance and his continued interest in their welfare which he had generously sustained through the years.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Vice President and Business Manager presented the following statement and recommendation:

The old portion of the greenhouse behind the Horticulture and Forestry Building is badly in need of repair. Although the Director of Physical Plant has contacted several greenhouse companies in an attempt to get a fixed price for the work, none would venture a firm bid since the amount of repair cannot be determined until the structure is torn apart. The General Maintenance & Engineering Company has quoted a price of \$3.72 on an hourly basis, the maximum expenditure not to exceed \$6,000. The University Cabinet therefore recommends that the Board of Trustees approve this repair project and authorize a request to the Board of Control for permission to do a portion of this repair by force account. The project is payable from F-1 Building Repairs, 1953-54.

Upon motion of Mr. Kettering, seconded by Mr. Ketner, the above project was approved and the requested authority granted.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

Request

283—transfer of \$18,850 from Rotary A (Athletic Department Funds) to F-1-h Repairs to Stadium, H.B. 671, to provide funds for contract in connection with Patching and Repairing Areas Underneath a Portion of C Deck (Sections 5, 7, 9, 11-20) of the Stadium.

285—purchase of land from Norma Engler and Marnetha Slyh in the total amount of \$50,000 and released G-1 Lands, H.B. 672.

286—(a) one extra in the amount of \$1,494.00 to Haig M. Boyajohn & Associates, Incorporated, and two extras in the amounts of \$1,357.00 and \$2,470.00 to Electrical Contractors, Incorporated, all in connection with the Medical Research Laboratory.

(b) transfer of \$4,350.51 from Rotary A (Rotary 13727, University Hospital) to G-2-E Medical Research Laboratory, H.B. 671, to provide funds for these extras.

* * * * *

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Interior Painting of Campbell Hall, Industrial Engineering Building and Natatorium	\$34,000	F-1 Building Repairs, H.B. 671
Repairs to Roofs on Twelve Buildings on Campus	17,000	F-1-d Roofing H.B. 671

Upon motion of General Dargusch, seconded by Senator Huffman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board

of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager recommended the following transfer:

\$981.62 from Rotary A (Rotary 13727, University Hospital) to G-2-E Medical Research Laboratory, H.B. 671, to provide funds for extras to contracts.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommended transfer was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

As of the close of the fiscal year ended June 30, 1953, there remains a balance of \$68,370.00 in the Ohio Union Building Fee account. It is recommended that this amount be transferred from Rotary 12747 Ohio Union Building Fee to Rotary 12261 General University Fund and that it be applied as a credit against the balance remaining unpaid for the Ohio Union Building and Equipment.

Upon motion of Senator Huffman, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

In accordance with the authority granted by the Board of Trustees in its action of September 2, 1953, the University administration has been negotiating with the Civil Aeronautics Administration for the establishment of a program of research in Aviation Medicine at the Ohio State University. There is presented, herewith, the proposed Lease for the use of Building 27 in the Veteran's Village, 500 square feet of space on the fifth floor in the southeast tower of the Stadium, and a plot of improved ground at Don Scott Airport on which to locate two government-owned pressure chambers.

The Civil Aeronautics Administration proposes to pay the University \$8,500.00 for the first year's occupancy, of which \$6,750 was determined as the maximum cost in preparing facilities for the use of the Civil Aeronautics Administration. The balance of \$1,750.00 was determined to be the maximum cost per year for maintenance and utility services. Subsequent leases will be at the rate of \$1,750.00.

This is a modest start in the program of research in Aviation Medicine and it is recommended that the President be given authority to sign the Lease for and on behalf of the University.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

The Board of Trustees by its action on October 2, 1950 and March 12, 1951, authorized the University Administration to negotiate with the Retirement Systems for a loan with which to construct Women's Dormitory. The proposed agreement follows:

AGREEMENT TO PURCHASE DORMITORY REVENUE BONDS

This agreement entered into this 8th day of June, 1953, between the Board of Trustees of Ohio State University, Columbus, Ohio, hereinafter called the Trustees, and the STATE TEACHERS RETIREMENT SYSTEM OF OHIO, the PUBLIC EMPLOYEES RETIREMENT SYSTEM OF OHIO, and the SCHOOL EMPLOYEES RETIREMENT SYSTEM OF OHIO, hereinafter called the Systems.

1. In consideration of the mutual agreements to be fully described in the resolutions of the Board of Trustees of the Ohio State University, said Trustees agree to sell to said Systems $3\frac{1}{4}$ per cent Women's Dormitory Revenue Bonds in the aggregate amount of \$2,000,000.00 dated October 1, 1953, and maturing in accordance with the attached redemption and interest schedule. Said bonds shall be callable on any interest payment date at 103.25 and the redemption and interest schedule will thereby be adjusted accordingly.
2. The Systems agree to purchase such bonds at a price of par and accrued interest, with the distribution among them to be determined by said Systems.
3. The Trustees agree to deliver all bonds for payment by September 30, 1953.
4. It is understood by the Trustees and the Systems that this agreement is subject to such details of the contract as are to be included in the resolutions to be adopted by the Board of Trustees, and that in the event of inability to mutually agree upon such details, this contract shall be nullified and of no effect.

Totals		\$2,000,000	\$438,587.50

It will be noted that the total amount of the loan is \$2,000,000 and that the redemption schedule calls for level payments of approximately \$100,000 every six months.

Since this is an agreement to purchase dormitory revenue bonds, the Retirement Systems will, at the date of issuance of the bonds, ask that the Board of Trustees adopt a formal resolution which will provide for a pledge of revenues and other necessary elements of the contract.

Upon motion of General Dargusch, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

The George A. Washburne Memorial Fund was established on December 9, 1949, by gifts through the Development Fund from friends of the late Professor George A. Washburne of the Department of History, to be invested in accordance with Section 4861-10 G.C., the income to be used to purchase books in modern European History. The gift provides that if such purpose prove impracticable in the opinion of the Board of Trustees, then the income from this fund shall be expended according to the discretion of said Trustees.

We are in receipt of the following letter from Mr. Harold J. Grimm, Professor of History:

"Since the committee which established the George A. Washburne

Memorial Fund could not obtain money for a suitable, engraved bookplate from the Main Library or any other source, I am respectfully requesting the Board of Trustees of The Ohio State University to grant us the permission to use no more than \$200.00 of the money now in the fund for the purpose of buying such a bookplate. I believe that it would be advisable to acquire the bookplates before buying the books, for these will not be put onto special shelves as a separate collection, but will circulate with the other books in the Main Library."

It is recommended that the Board of Trustees authorize the creation of a Washburne engraved bookplate for the Washburne collection as provided in Professor Grimm's request.

Upon motion of Mr. Kettering, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

A suggestion has been made that an inboard motor boat be purchased for auxiliary use at the Stone Laboratory on Gibraltar Island. The Purchasing Department asked for quotations on one Lyman Islander Motor Boat with 60 HP engine, windshield, spray hood, full length cover, extra steerer, and anchor, and received a low bid of \$2,280.00 after allowance of \$141.00 for a 15-foot Lyman with inboard motor, 1940, now located in the boat house on Gibraltar Island. The new boat has a delivery date of June 29, 1953.

It is recommended by the University Cabinet that this boat be purchased from the low bidder, Worthy R. Brown & Son, Incorporated, Lakeside, Ohio.

Upon motion of General Dargusch, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager reported that in accordance with the Board actions of May 12, 1952, and September 12, 1952, further studies have been made of the matter of insurance on income-producing buildings.

As a result of this study, a binder for \$4,204,000.00 has been placed on Baker Hall, Mack-Canfield Halls, Refectory, Oxley Hall, Neil Hall and Tunnel with an effective date of May 19, 1953, and is on a 90 per cent co-insurance basis.

A comparison of the insurance values in effect prior to the date of the binder is shown in the following statement:

	<i>Old Schedule</i>		<i>New Schedule</i>	
	<i>Building</i>	<i>Contents</i>	<i>Building</i>	<i>Contents</i>

The Vice President and Business Manager reported that Amended House Bill 726 had passed the Senate and been signed by the Governor. This act is to go into effect October 2, 1953, and will provide authority for the University to construct and operate buildings for athletic purposes, student activity centers, faculty centers, dining halls, bookstores, auditoriums and contract research facilities and issue revenue bonds therefor. This bill will give the University needed flexibility in its financing of self-liquidating projects and makes possible the construction of the Field House group, an event the start of which is scheduled for this Fall.

The Board of Trustees expresses its sorrow at the death of Henry D. Taylor, retired Director of Ticket Sales, on May 4, 1953. A native of Sarahsville, Ohio, he received his early education in Columbus public schools. At The Ohio State University he was a member of Varsity O, having engaged in basketball and baseball. He received his B.A. degree from Ohio State in 1909.

After several years at the Buckeye Building and Loan Company he came to Ohio State in 1922 as Alumni Recorder. In 1928 he was made Director of Ticket Sales. He held this position until his retirement in 1947.

Mr. Taylor was devoted to his work and endeared himself to thousands of University patrons. He was known for his diplomacy under difficult circumstances. His tact and personality played a large part in the good public relations enjoyed by the varsity athletics.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Franklin C. Wagenhals, Professor Emeritus of Neurology and Psychiatry, on March 15, 1953.

Dr. Wagenhals received his B.A. from The Ohio State University in 1907 and his M.D. from Johns Hopkins University in 1913. He was one of that small group of Professor Francis LeRoy Landacre's early students among whom were Roy McClure, Houghton, Beer, Wittemeyer, C. W. McClure, Irish, Forman, and Warren. Like the others the interest in neurology which Dr. Landacre aroused in him stayed with him for the rest of his life as a determinant factor in his career. While he maintained a broad interest in the field of medicine, Dr. Wagenhals was never so happy as when he was discussing a problem involving the pathways of the central nervous system.

Dr. Wagenhals' diligence and skill as a teacher will be

remembered by every class from 1913 to 1951. During the "transition years" when the College of Medicine was being moved to the campus of the University and being integrated into it, Dr. Wagenhals' reliability and willingness to do the tasks assigned him on schedule was one of the bulwarks upon which the administration depended.

Dr. Wagenhals' skill as a practitioner of his specialty in medicine was attested to by his election to the American Psychiatric Association and his certification on the basis of attainments by the American Board of Psychiatry and Neurology. For the same reason he was welcomed on the staff of every hospital in the city.

As a result of other interests he became a past governor of The Sons of the Colonial Wars and was active in the Sons of the American Revolution. His interest in community development led him to accept the chairmanship of the Board of the Wagnalls Memorial at Lithopolis, Ohio.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board now adjourned to meet at the call of the Chairman.

Attest:

(Signed) CARL E. STEEB,
Secretary

(Signed) ROBERT N. GORMAN,
Chairman
